Asnxcju Pendant-2Pack

Asnxcju Matte Black Pendant Light Instruction Manual

Model: Pendant-2Pack

1. INTRODUCTION

Thank you for choosing the Asnxcju Matte Black Pendant Light. This manual provides essential information for the safe and proper installation, operation, and maintenance of your new lighting fixture. Please read these instructions thoroughly before beginning installation and retain them for future reference.

2. PRODUCT FEATURES

- **Industrial Farmhouse Style:** Designed with a matte black finish to complement industrial and farmhouse aesthetics.
- **Adjustable Height:** Features adjustable black ropes (Max Length: 39.3 inches) allowing customization of hanging height for optimal lighting and desired appearance. The cord can be fed back into the dome cover or cut to length.
- **Durable Construction:** Constructed from solid metal material for long-lasting use.
- **E26 Bulb Compatibility:** Works with any incandescent or LED bulbs with a standard E26 base (BULB NOT INCLUDED, Max 60W).

- **Dimmable Functionality:** Fully dimmable when used with a compatible dimmable bulb and dimmer switch.
- **Versatile Application:** Suitable for various indoor spaces including dining rooms, kitchen islands, sinks, farmhouses, barns, laundry rooms, cafes, basements, bars, living rooms, restaurants, bedrooms, and reading rooms.

5. SAFETY INFORMATION

- Always turn off the main power supply at the circuit breaker before installing, cleaning, or replacing the bulb.
- Consult a qualified electrician if you are unsure about the installation process or electrical wiring.

- Do not exceed the maximum wattage specified (60W).
- Ensure all electrical connections are secure and properly insulated.
- This fixture is designed for indoor use only. Do not expose to moisture or outdoor elements.

6. INSTALLATION INSTRUCTIONS

Installation is straightforward. All necessary mounting hardware is included. Follow these steps carefully:

1. **Prepare for Installation:** Turn off power at the main circuit breaker. Clear the work area and gather your tools (screwdriver, wire strippers, electrical tape, ladder).
2. **Mount the Bracket:** Attach the hardwire mounted bracket to your ceiling junction box using the provided screws. Ensure it is securely fastened.
3. **Adjust Cord Length:** Determine the desired hanging height for your pendant light. The black rope is adjustable. Feed the excess cord back into the dome cover or carefully cut it to the required length.
4. **Wire Connections:** Connect the fixture's wires to your household electrical wires. Typically, connect the black wire from the fixture to the black (live) wire from the ceiling, the white wire from the fixture to the white (neutral) wire from the ceiling, and the ground wire to the ground wire. Secure connections with wire nuts and electrical tape.
5. **Attach Ceiling Canopy:** Carefully push the ceiling canopy up to the ceiling, covering the junction box and wiring. Secure it in place with the provided screws.
6. **Install Bulb:** Screw an E26 base bulb (Max 60W, not included) into the E26 base socket of the pendant light.
7. **Restore Power:** Turn the main power supply back on at the circuit breaker. Test your new pendant light.

Image 6.2: A detailed view of the E26 base socket where the light bulb is installed.

Image 6.3: An illustration showing the compatibility of the US Standard E26 socket with various bulb types (bulbs not included).

7. OPERATING INSTRUCTIONS

Once properly installed, operating your Asnxcju Pendant Light is simple:

- **Power On/Off:** Use your wall switch to turn the light fixture on or off.
- **Dimming (Optional):** If you have installed a dimmable E26 bulb and a compatible dimmer switch, you can adjust the light intensity using the dimmer control.

8. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your pendant light:

- **Cleaning:** Ensure the power is off before cleaning. Wipe the fixture with a soft, dry cloth. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish.
- **Bulb Replacement:** Turn off the power at the circuit breaker before replacing a bulb. Allow the old bulb to cool completely before removing it. Screw in a new E26 base bulb (Max 60W).
- **Inspection:** Periodically check the wiring and connections for any signs of wear or damage. If any issues are found, consult a qualified electrician.

9. TROUBLESHOOTING

If you encounter any issues with your pendant light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on	No power to the fixture, loose wiring, faulty bulb, faulty switch.	Check circuit breaker. Ensure all wire connections are secure. Replace the bulb. Test the wall switch.
Light flickers	Loose bulb, incompatible dimmer switch/bulb, unstable power supply.	Tighten the bulb. Ensure dimmer and bulb are compatible. Consult an electrician for power supply issues.
Light is too dim/bright	Incorrect bulb wattage, no dimmer installed or incompatible dimmer.	Replace with a bulb of appropriate wattage. Install a compatible dimmer switch and dimmable bulb if dimming is desired.

10. CUSTOMER SUPPORT

If you have any questions or require assistance with your Asnxcju pendant light fixtures after receiving the item, please contact us. We are committed to providing a satisfactory solution within 24 hours.
