Alcube® HYGGI House Bed 80x160 cm with Drawer

Model: A100647 | Brand: Alcube

1. INTRODUCTION

Thank you for choosing the Alcube® HYGGI House Bed. This versatile children's bed is designed to provide a safe and comfortable sleeping environment for your child. Crafted from robust solid pine wood, it features a practical integrated drawer for storage and a flexible fall protection barrier. This manual provides essential information for assembly, safe use, and maintenance of your new bed.

2. SAFETY INFORMATION

- **Fall Protection Barrier:** The bed includes a fall protection barrier that can be mounted on either side or left off, depending on your preference and your child's needs. Ensure it is securely fastened if used.
- **Weight Limit:** The maximum recommended weight for this bed is 120 kg. This allows for family snuggles on the bed.
- **Rounded Edges:** The bed features rounded edges to minimize the risk of injury.
- **Saliva-Resistant Paint:** The paint used on the bed is saliva-resistant, ensuring safety for children.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight and secure. Loose connections can compromise the bed's stability and safety.
- **Ventilation:** Ensure adequate ventilation around the bed, especially if placed against a wall, to prevent moisture buildup.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged:

- 1 x Bed Frame
- 1 x Rolled Slatted Frame
- 1 x Storage Drawer
- All necessary assembly hardware (screws, connectors, etc.)
- Assembly Instructions Manual

If any parts are missing or damaged, please contact Alcube customer support immediately.

4. SETUP AND ASSEMBLY

Assembly of the Alcube HYGGI House Bed requires careful attention to detail. While generally straightforward, some users have noted that the included instructions may require close interpretation. We recommend having a second person assist with assembly for ease and safety.

Required Tools (Not Included):

- Screwdriver (appropriate type for included screws)
- Allen wrench (if hex screws are used)
- Rubber mallet (optional, for gentle tapping of components)

Assembly Steps:

1. **Unpack and Organize:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify each part according to the assembly diagram.
2. **Assemble Bed Frame:** Follow the step-by-step instructions in the provided manual to assemble the main bed frame. Pay close attention to the orientation of each piece.
3. **Install Slatted Frame:** Once the bed frame is stable, unroll and place the slatted frame onto the designated supports. Ensure it is evenly distributed.
4. **Attach Fall Protection Barrier:** If desired, attach the fall protection barrier to either side of the bed as per the instructions. Ensure it is firmly secured.
5. **Assemble and Insert Drawer:** Assemble the storage drawer according to its specific instructions. Once assembled, slide it into the designated space under the bed. The drawer features smooth-gliding wheels for easy movement.
6. **Final Checks:** Before use, double-check all screws and connections to ensure they are tight and the bed is stable.

5. OPERATING INSTRUCTIONS

The Alcube HYGGI House Bed is designed for intuitive use, providing a comfortable and functional space for your child.

Using the Bed:

- **Sleeping Area:** Place a mattress of compatible size (80x160 cm) on the slatted frame. The bed is designed to support a child's weight and can also accommodate an adult for bedtime stories or snuggles, up to 120 kg.
- **Fall Protection:** If the fall protection barrier is installed, ensure it is positioned correctly to prevent accidental falls, especially for younger children.

Using the Storage Drawer:

- **Accessing the Drawer:** The integrated drawer slides smoothly on wheels. Simply pull the front panel to

open and push to close.

- **Storage Capacity:** The drawer (dimensions 158x82x18 cm) offers ample space for bedding, clothes, toys, or other items, helping to keep the room tidy.
- **Mobility:** The drawer is not fixed to the bed frame, allowing for flexible positioning or removal if needed.

6. MAINTENANCE

Proper care and maintenance will ensure the longevity and continued safety of your Alcube HYGGI House Bed.

- **Cleaning:** For general cleaning, wipe the bed frame with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the painted finish.
- **Spills:** In case of spills, wipe them immediately with a dry cloth to prevent staining or damage to the wood.
- **Hardware Check:** Periodically (e.g., every 3-6 months) inspect all screws, bolts, and connections. Tighten any loose hardware to maintain the bed's structural integrity and prevent creaking.
- **Wood Care:** As the bed is made of solid pine wood, avoid exposing it to extreme temperature changes or prolonged direct sunlight, which can cause warping or fading.
- **Drawer Maintenance:** Keep the drawer tracks clean and free of debris to ensure smooth operation of

the wheels.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your Alcube HYGGI House Bed.

Common Issues and Solutions:

- **Bed feels unstable or wobbly:**

Solution: This is often due to loose screws. Re-check all assembly points and tighten any loose hardware. Ensure all components are correctly aligned as per the assembly manual.

- **Drawer does not slide smoothly or comes off track:**

Solution: Check the wheels on the drawer for any obstructions (e.g., dust, small toys). Ensure the floor surface is even. The drawer is not fixed, so it can be repositioned.

- **Difficulty with assembly instructions:**

Solution: While the manual is provided, some users find it challenging. Review the diagrams carefully. If you are stuck, try searching for online assembly guides or videos for similar house beds, or contact Alcube customer support for clarification.

- **Minor cosmetic imperfections (e.g., paint, wood finish):**

Solution: Due to the natural material and manufacturing process, minor variations may occur. If the imperfection significantly impacts the bed's appearance or integrity, contact customer support.

- **Unpleasant odor from the bed:**

Solution: New furniture can sometimes have a slight odor from the paint or wood. Ensure the room is well-ventilated for a few days after assembly. The paint used is water-based and low-odor.

If you encounter an issue not listed here or if the suggested solutions do not resolve the problem, please contact Alcube customer support.
