4. SETUP

Follow these steps to set up your portable Blu-ray DVD player:

1. **Charging the Battery:** Before first use, fully charge the player using the provided AC adaptor. Connect the AC

adaptor to the DC IN 12V port on the player and plug it into a wall outlet. The charging indicator light will show the charging status.

2. **Power On/Off:** Locate the Power ON/OFF switch on the side of the player. Slide it to the 'ON' position to power on the device.
3. **Inserting a Disc:** Gently open the disc cover. Place your Blu-ray or DVD disc onto the spindle with the label side facing up. Press down gently until it clicks into place. Close the disc cover firmly.
4. **Connecting to Power in Car:** Use the provided car charger to power the player in your vehicle. Plug the car charger into the DC IN 12V port and the other end into your car's cigarette lighter socket.

5. OPERATING INSTRUCTIONS

Learn how to operate your WONNIE Portable Blu-ray DVD Player:

5.1 Basic Playback

- After inserting a disc and powering on, the player will automatically detect the disc and begin playback.
- Use the control buttons on the player or the remote control to navigate menus, play, pause, stop, fast forward, and rewind.

5.2 Using USB/SD/MMC

- Insert a USB drive into the USB port or an SD/MMC card into the SD/MMC slot.
- Press the 'MEDIA' button on the player or remote to switch to USB or SD/MMC mode.
- Navigate through your files using the directional buttons and press 'OK' to select and play.

5.3 HDMI Output

- Connect one end of an HDMI cable (not included) to the HDMI OUT port on the player and the other end to your TV or projector's HDMI input.
- Select the corresponding HDMI input on your TV or projector to display the player's content.

Video: A demonstration of the WONNIE Portable Blu-ray DVD Player in use, highlighting its screen quality and ease of operation.

6. MAINTENANCE

To ensure the longevity and optimal performance of your player, follow these maintenance guidelines:

- **Cleaning the Screen:** Use a soft, lint-free cloth to gently wipe the screen. For stubborn smudges, slightly dampen the cloth with water or a screen-cleaning solution. Avoid harsh chemicals.
- **Cleaning the Disc Lens:** If discs are not reading properly, use a specialized disc lens cleaner. Do not attempt to clean the lens manually with cotton swabs or other objects.
- **General Cleaning:** Wipe the exterior of the player with a soft, dry cloth. Avoid getting liquids into the ports or openings.
- **Storage:** When not in use for extended periods, store the player in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge it regularly, even if not in use.

7. TROUBLESHOOTING

If you encounter issues with your WONNIE Portable Blu-ray DVD Player, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Player does not power on.	Low battery; Power switch off; AC adaptor not connected properly.	Charge the battery; Slide power switch to ON; Check AC adaptor connection.
No disc playback.	Disc inserted incorrectly; Disc is dirty or scratched; Incorrect region code (for Blu-ray).	Reinsert disc correctly; Clean or replace disc; Ensure Blu-ray disc is Region A/1.
No sound.	Volume too low; Mute function active; External speakers/headphones not connected properly.	Increase volume; Deactivate mute; Check connections of external audio devices.
No picture on external display (HDMI).	HDMI cable not connected; Incorrect input selected on TV/projector.	Connect HDMI cable securely; Select correct HDMI input on TV/projector.
USB/SD card not recognized.	Card/drive not formatted to FAT32; Unsupported file format; Card/drive capacity too large.	Ensure FAT32 format; Check file formats; Max capacity 32GB.

If the problem persists after trying these solutions, please contact customer support.
