### AceMining holder001

# AceMining 5 Racks and 4 Hooks Mop and Broom Holder Wall Mount

MODEL: HOLDER001 | BRAND: ACEMINING

## Introduction

This manual provides detailed instructions for the installation, operation, and maintenance of your AceMining 5 Racks and 4 Hooks Mop and Broom Holder. Designed for efficient organization, this durable stainless steel rack helps declutter your home, kitchen, garden, laundry room, or garage.

The AceMining Mop and Broom Holder features five gripping slots for long-handled tools and four additional hooks for smaller items, all mounted on a stainless steel bar.

## Product Features

- Strongest Hold & Non-slip Design:** Made of rustproof 304 stainless steel, more durable than plastic materials. Holds items up to 30 lbs when secured with screws (or 8 lbs if secured with self-adhesive). Features anti-skid silicone and double rubber gripped slots for a stronger hold.
- Organizing & Saving Space:** Organizes brooms, mops, rakes, garden tools, and more, efficiently utilizing wall space. Provides additional hanging space for miscellaneous items.
- Easy Installation:** Two installation methods: self-adhesive for smooth surfaces and screw drilling for rough surfaces. Screw drilling is recommended for weighty or outdoor hanging.
- Wide Applications:** Suitable for kitchens, bathrooms, garages, laundry rooms, broom closets, washing storage, and even

outdoors for garden tools.

# Product Features

**Easy to hang and take**

**Strong and sturdy**

**Rustproof**

**Prevent sliding**

This image highlights key features: tools are easy to hang and remove, the holder is strong and sturdy, it is rustproof due to SUS304 stainless steel, and the non-slip rollers prevent items from sliding.

## Included Components

- Mop Holder
- Double-sided Tape
- Mounting Screws

# Order Out of Chaos

This visual comparison demonstrates the effectiveness of the AceMining holder in transforming a cluttered space into an organized one, neatly storing cleaning tools.

## Installation Instructions

Your AceMining Mop and Broom Holder offers two convenient installation methods: self-adhesive for smooth surfaces and screw drilling for rough or heavy-duty applications. For optimal security and to hold heavier items (up to 30 lbs), screw drilling is recommended. Self-adhesive is suitable for items up to 8 lbs.

# Two Easy Ways to Install

IF INSTALLING ON THE **LIME WALL** OR HANGING **HEAVY TOOL**, WE RECOMMEND **USING SCREWS** HOLDING to 30 LBS/13.6 KG, BECAUSE USING DOUBLE-SIDED TAPE MAY TEAR SOME PAINT OFF AND CAN'T HANDLE OVER 8 LBS/3.6 KG.

## Wall mounted

Choose the suitable position for garage hooks.

Drill a hole with a 6mm drill bit.

Insert the screw anchors into the holes

Place and screws on the wall.

## Self adhesive

Wipe the installation wall and keep it dry.

Apply double-sided tape on the back of the bottom.

Remove the protective film from the adhesive, install it on the wall, and press the bottom plate firmly.

Wait for 48 hours before you can store.

## Order

This image provides clear visual steps for both installation methods. For screw-mounted installation, mark positions, drill holes, insert anchors, and secure the holder. For self-adhesive, wipe the surface, apply double-sided tape, press firmly, and wait 48 hours before use.

### Method 1: Screw Drilling (Recommended for heavy items/rough surfaces)

1. Choose a suitable position on the wall for the broom holder.
2. Mark the drill points through the holder's screw holes.
3. Drill holes with a 6mm drill bit.
4. Insert the screw anchors into the drilled holes.
5. Place the holder on the wall, align the holes, and tighten the screws securely.

### Method 2: Self-Adhesive (For smooth surfaces, maximum 8 lbs)

1. Wipe the installation wall surface clean and ensure it is dry.
2. Apply the double-sided tape to the back of the holder.
3. Remove the protective film from the adhesive.
4. Install the holder on the wall and press the bottom plate firmly for 30 seconds.
5. Wait for 48 hours before hanging any items to ensure maximum adhesion.

## Installation Demonstration Videos:

This video showcases the wall-mountable design of the broom and mop holder, illustrating how it effectively organizes various cleaning tools and maximizes space.

## Operating Instructions

To use the AceMining Mop and Broom Holder, simply push the handle of your broom, mop, or other long-handled tool into one of the gripping slots. The anti-skid silicone and double rubber grips will automatically adjust to the handle's size and securely hold it in place. To remove, simply pull the handle upwards.

This demonstration highlights the sleek design and versatile functionality of the broom holder, showcasing its ability to organize various tools efficiently.

## Maintenance

Due to its rustproof 304 stainless steel construction, your AceMining Mop and Broom Holder requires minimal maintenance. Simply wipe the surface with a damp cloth to remove dust or dirt. Avoid using abrasive cleaners that could scratch the finish.

## Troubleshooting

### Issue: Items are slipping or falling from the holder.

**Solution:** If you used the self-adhesive installation method, ensure the surface was thoroughly cleaned and dry before application. Also, verify that you waited the recommended 48 hours before hanging items. For heavier tools or if slippage persists, it is strongly recommended to use the screw drilling installation method, as it provides a more secure hold for up to 30 lbs.

## Specifications

Attribute	Detail
Brand	AceMining
Model Number	holder001
Material	Stainless Steel (304)
Color	5 Racks & 4 Hooks
