YIZEELFAR Starry UFO

YIZEELFAR Floating Pool Speaker User Manual

Model: Starry UFO

PRODUCT OVERVIEW

The YIZEELFAR Starry UFO Floating Pool Speaker is designed to enhance your aquatic and outdoor experiences with high-quality sound and vibrant LED lighting. This speaker is IPX7 waterproof, allowing it to float safely on water surfaces in pools, hot tubs, and showers. It features a 10W speaker for loud, 360-degree surround sound and offers 6 different colorful LED lighting modes to create an engaging atmosphere. Equipped with Bluetooth 5.3 for stable wireless connections and a built-in microphone for hands-free calling, it is a versatile audio solution for various indoor and outdoor settings.

WHAT'S IN THE BOX

- One (1) YIZEELFAR Floating Pool Speaker
- One (1) Charging Cable

SETUP

Charging the Speaker

Before first use, fully charge the speaker. Connect the provided charging cable to the USB port on the speaker and the other end to a compatible USB power adapter (not included). The charging indicator light will illuminate. A full charge takes approximately 5 hours. Once fully charged, the indicator light will change or turn off.

Initial Bluetooth Pairing

To pair your speaker with a Bluetooth-enabled device:

1. Ensure the speaker is fully charged and powered off.
2. Press and hold the Power button () on the speaker until you hear an audible prompt and the Bluetooth indicator light begins to flash, indicating it is in pairing mode.
3. On your device (smartphone, tablet, laptop), navigate to the Bluetooth settings and enable Bluetooth.
4. Search for available devices and select "YIZEELFAR Starry UFO" from the list.

5. Once connected, you will hear a confirmation sound, and the Bluetooth indicator light on the speaker will become solid.

The speaker will automatically attempt to reconnect to the last paired device when powered on, if that device is within range and has Bluetooth enabled.

Colorful RGB LED Lights

6 illumination patterns

MAINTENANCE

Cleaning

To clean the speaker, wipe it with a soft, damp cloth. Do not use abrasive cleaners or solvents, as these may damage the surface or internal components. Ensure the charging port cover is securely closed before exposing the

speaker to water.

Storage

When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures. Ensure the speaker is clean and dry before storage.

Battery Care

To prolong battery life, avoid fully discharging the speaker frequently. Recharge the battery when the low battery indicator is active. If storing for a long time, charge the battery to about 50% every few months.

TROUBLESHOOTING

Problem	Solution
Speaker not turning on	Ensure the speaker is fully charged. Connect it to a power source and allow it to charge for at least 30 minutes before attempting to power on again.
Cannot pair via Bluetooth	<ul style="list-style-type: none">• Ensure the speaker is in pairing mode (Bluetooth indicator flashing).• Make sure Bluetooth is enabled on your device.• Move your device closer to the speaker (within 33 feet or 10 meters).• Forget "YIZEELFAR Starry UFO" from your device's Bluetooth list and try pairing again.• Restart both the speaker and your device.
Sound distortion or low volume	<ul style="list-style-type: none">• Adjust the volume on both the speaker and your connected device.• Ensure the speaker is not submerged beyond its IPX7 rating (up to 3.3 feet for 30 minutes).• Check for obstructions between the speaker and your device.
Lights not working or stuck	<ul style="list-style-type: none">• Press the Light button () to cycle through modes or turn them on.• Ensure the speaker has sufficient battery charge.
