Ontheone DH-JH01

Ontheone DH-JH01 HEPA Replacement Filter User Manual

Model: DH-JH01 | Brand: Ontheone

1. INTRODUCTION

This manual provides essential information for the proper use and maintenance of your Ontheone DH-JH01 HEPA Replacement Filter. Designed for various air purifiers, this 3-in-1 filtration system is crucial for maintaining clean and healthy indoor air quality by effectively capturing airborne particles.

2. COMPATIBILITY

The DH-JH01 replacement filters are compatible with a range of air cleaner purifiers, including but not limited to:

- AROEVE Air Cleaner Purifiers (MK01, MK06, MG01JH)
- Kloudi DH-JH01 Air Cleaner Purifier
- Intelabe EP1080 Air Cleaner Purifier
- POMORON Air Cleaner Purifier
- Elechomes EPI081 Air Cleaner Purifier

COMPATIBLE WITH

- AROEVE
- Kloudi DH-JH01
- Intelabe EPI080/EP1080
- Elechomes EPI081/EP1081
- POMORON

3. PRODUCT FEATURES: 3-IN-1 FILTRATION SYSTEM

The Ontheone DH-JH01 filter utilizes a comprehensive 3-in-1 filtration system to ensure thorough air purification:

1. **Pre-filter:** Captures larger airborne particles such as dust, hairs, and pet fur, extending the life of subsequent filters.
2. **True HEPA Filter:** Designed to capture 99.97% of airborne particles as small as 0.3 microns, including pollen, pet dander, mold spores, and dust mites.
3. **Blue Filter Cloth:** Provides an additional layer of filtration, further blocking large particles and contributing to overall air cleanliness.

3-IN-1 360°MULTI-LAYER DEFFENSE

4. INSTALLATION

Replacing the DH-JH01 HEPA filter is a straightforward process that requires no special tools. Follow these steps for proper installation:

1. Ensure your air purifier is turned off and unplugged from the power outlet.
2. Locate the filter compartment on your air purifier. This is typically at the bottom or back of the unit.
3. Open the filter compartment cover. This may involve twisting, unlatching, or removing a panel.
4. Carefully remove the old, used filter. Dispose of it according to local regulations.
5. Unpack the new Ontheone DH-JH01 replacement filter from its protective packaging.
6. Insert the new filter into the compartment, ensuring it is seated correctly and securely.
7. Close the filter compartment cover.
8. Plug your air purifier back into the power outlet and turn it on.

5. MAINTENANCE

For optimal performance and air quality, it is recommended to replace your Ontheone DH-JH01 HEPA filter every **4-6 months** or after approximately **2000 hours** of use. Actual replacement frequency may vary depending on usage intensity and environmental air quality (e.g., presence of pets, smoke, or high dust levels).

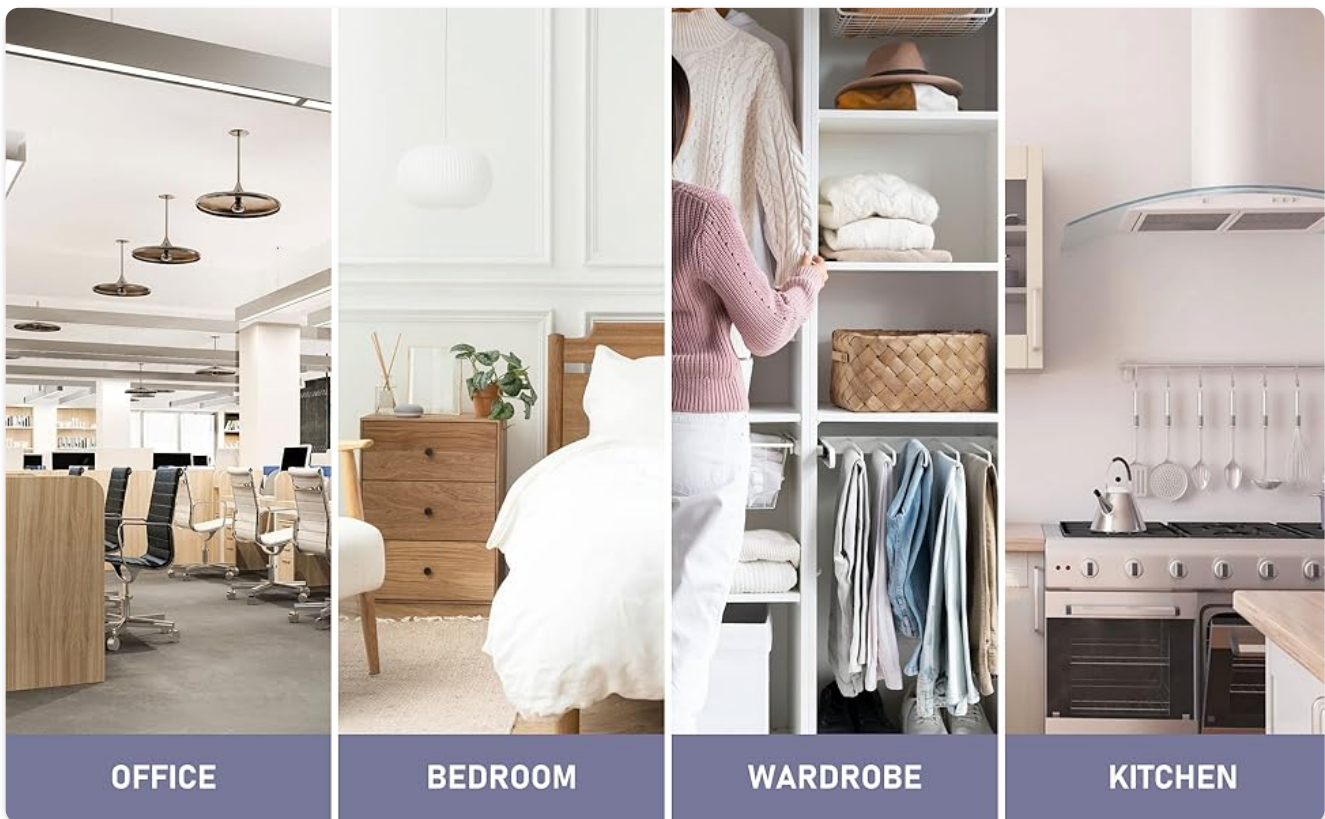

Image: The air purifier and its filter are suitable for various indoor environments, from offices to bedrooms and kitchens.

6. TROUBLESHOOTING: RESET THE FILTER INDICATOR LIGHT

After replacing the filter, some air purifiers may display a red indicator light, signaling that the filter needs to be reset. If your air purifier has a red light indicating filter replacement, try the following steps:

- **Method 1 (Common for many models):** Press and hold the power button for 3-5 seconds. The light should blink and then return to blue (or its normal operating color).
- **Method 2 (If Method 1 does not work):** Press and hold the UV/light button (if available on your model) for 3-5 seconds. This action may also cause the light to blink and return to its normal state.

Refer to your specific air purifier's user manual for detailed instructions on resetting the filter indicator light, as procedures may vary by model.

7. SPECIFICATIONS

Attribute	Detail
Brand Name	Ontheone
Model Info	DH-JH01
Item Weight	12.4 ounces
Product Dimensions	5.15 x 5.15 x 3.7 inches
Country of Origin	China
Part Number	EP1080

Attribute	Detail
Color	White
Material Type	Carbon Fiber
MERV Rating	16
Number of Items	2
Unit Count	2.0 Count
