FILIEKEU B09VGPLPZR

FILIEKEU Smart Watch User Manual

Model: B09VGPLPZR

1. PRODUCT OVERVIEW

The FILIEKEU Smart Watch is a versatile activity tracker designed for both Android and iOS users. It features a 1.3-inch full touch screen, Bluetooth call functionality, and comprehensive health monitoring capabilities. This manual provides detailed instructions for setup, operation, and maintenance.

Image 1: FILIEKEU Smart Watch with a silver stainless steel band, showcasing its sleek design.

2. SETUP AND INITIAL USE

2.1 Unboxing and Charging

Upon opening the package, ensure all components are present: the smart watch, charging cable, and any additional straps. Before first use, fully charge the device. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a compatible power source.

2.2 App Installation and Pairing

1. **Download the Companion App:** Search for the recommended companion app (usually mentioned in a

quick start guide or on the watch screen) on your smartphone's app store (Google Play Store for Android or Apple App Store for iOS).

2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Open the App:** Launch the installed app and follow the on-screen instructions to create an account or log in.
4. **Pair the Device:** Within the app, navigate to the 'Device' or 'Add Device' section. Select your FILIEKEU Smart Watch from the list of available Bluetooth devices. Confirm the pairing on both your phone and the watch if prompted.

3. OPERATING THE SMART WATCH

3.1 Basic Navigation

The watch features a 1.3-inch full touch screen. Swipe left, right, up, or down to navigate through menus and features. Press the side buttons for specific functions, such as returning to the home screen or accessing quick settings.

3.2 Bluetooth Calls and Voice Chat

Once paired with your smartphone, the watch allows you to make and receive calls directly from your wrist. You can dial numbers, answer incoming calls, or hang up without needing to access your phone.

Make a Phone Call Anytime Built-In Speaker And Microphone

You can connect to the mobile phone via Bluetooth instead of inserting the SIM card into the smart watch, and then use it as a mobile phone answer/make a phone call directly from your watch, anytime, anywhere.

Image 2: Visual guide demonstrating the Bluetooth call feature, showing an incoming call on the watch and the option to answer or hang up.

3.3 Notifications

The smart watch will vibrate and display alerts for incoming calls, SMS texts, and various social media messages (e.g., Facebook, WeChat, WhatsApp, Skype, Line, Instagram, Twitter) when connected to your phone. Ensure app permissions are granted for notifications.

Message Reminder

You can view SMS messages, Facebook, Skype, Wechat, Whatsapp messages from the smart watch after you connect it with your smart phone, lets you no longer miss any important affairs(Support English, German, French, Italian, Spanish)

3.6 Other Features

The FILIEKEU Smart Watch includes several additional convenient features:

- **Stopwatch:** For timing activities.
- **Remote Camera Control:** Control your smartphone's camera remotely.
- **Sedentary Reminder:** Alerts you to move after periods of inactivity.
- **Music Control:** Control music playback on your smartphone (play, pause, next, previous).
- **Weather Forecast:** Provides real-time weather updates when connected to your phone.
- **Alarm:** Set alarms directly from the watch.

IP67 WATERPROOF

Rain

Wash

4. MAINTENANCE

4.1 Water Resistance (IP67)

The watch is IP67 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1 meter for 30 minutes. It is suitable for daily use, such as washing hands or light rain. However, it is **not recommended** for hot showers, saunas, or diving, as steam and high water pressure can compromise the seal.

4.2 Cleaning and Care

Regularly clean your watch and strap to prevent skin irritation and maintain functionality. Use a soft, dry cloth to wipe the screen and body. For the strap, follow specific cleaning instructions based on its material (e.g., mild soap and water for silicone, specialized cleaner for stainless steel).

4.3 Battery Care

To prolong battery life, avoid extreme temperatures. Charge the watch regularly, but avoid overcharging for

extended periods. If the watch will not be used for a long time, charge it to about 50% and store it in a cool, dry place.

5. TROUBLESHOOTING

5.1 Connectivity Issues

- **Watch not pairing:** Ensure Bluetooth is on, the app is open, and the watch is within range. Try restarting both the watch and your phone.
- **Notifications not working:** Check app permissions on your phone for the companion app. Ensure notifications are enabled within the watch's settings and the app.

5.2 Health Data Inaccuracy

If you suspect health data is inaccurate, ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch. Remember, these readings are for reference and not medical-grade.

5.3 Screen Responsiveness

If the touch screen is unresponsive, try restarting the watch. Ensure the screen is clean and dry. If the issue persists, contact customer support.

5.4 Battery Draining Quickly

Frequent use of features like Bluetooth calls, continuous heart rate monitoring, and high screen brightness can consume battery faster. Adjust settings to optimize battery life. Ensure the watch is fully charged using the provided cable.
