Mondaine MON-A660.30360.60SBF

Mondaine Classic 40mm Watch Instruction Manual

Model: MON-A660.30360.60SBF

1. Introduction

This manual provides essential information for the proper setup, operation, and maintenance of your Mondaine Classic 40mm Watch (Model: MON-A660.30360.60SBF). Please read these instructions carefully before using your watch to ensure optimal performance and longevity.

2. Product Overview

The Mondaine Classic 40mm Watch features an iconic Swiss design, inspired by the Swiss Federal Railways station clock. It includes a 40mm brushed stainless steel case, a minimalist forest green dial with bold white markers, and the signature red second hand. The watch is powered by a reliable Swiss Ronda 513 RL quartz movement and comes with a sustainable forest green textile strap made from recycled PET bottles.

3. Setup and Initial Use

1. **Unpacking:** Carefully remove the watch from its packaging. Inspect for any visible damage.
2. **Wearing the Watch:** Fasten the watch around your wrist. Pull the strap through the buckle and adjust it to your desired tightness for comfort and security.
3. **Setting the Time:**

- Locate the crown on the right side of the watch case (typically at the 3 o'clock position).
- Gently pull the crown out to the first position.
- Turn the crown clockwise or counter-clockwise to set the hour and minute hands to the correct time.
- Once the time is set, push the crown back in completely to secure the setting and start the watch movement.

4. Operating the Watch

Your Mondaine Classic 40mm Watch is designed for straightforward timekeeping. It features a precise Swiss quartz movement.

- **Timekeeping:** The watch continuously displays the current time (hours, minutes, and seconds).
- **Second Hand:** The distinctive red second hand moves smoothly, characteristic of Mondaine watches.

5. Maintenance and Care

To maintain the appearance and functionality of your Mondaine watch, follow these care guidelines:

- **Cleaning:** Wipe the watch case and crystal with a soft, dry cloth. For the textile strap, a damp cloth with mild soap can be used, but ensure it is thoroughly dried afterward. Avoid harsh chemicals.
- **Water Resistance:** The watch is water-resistant up to 30 meters (100 feet). This means it is suitable for everyday use and can withstand splashes or brief immersion in water. However, it is **not suitable for swimming, diving, or showering**. Always ensure the crown is fully pushed in to maintain water resistance.
- **Temperature:** Avoid exposing your watch to extreme temperatures (hot or cold) or sudden temperature changes, as this can affect the movement and battery life.
- **Magnetic Fields:** Keep the watch away from strong magnetic fields, which can interfere with the quartz movement's accuracy.
- **Battery Replacement:** The Swiss Ronda 513 RL quartz movement has a battery life of up to 60 months. When the battery needs replacement, it is recommended to have it done by an authorized Mondaine service center to ensure proper sealing and maintain water resistance.

6. Troubleshooting

If you encounter issues with your watch, consider the following common solutions:

- **Watch Not Running:**
  - Check if the crown is fully pushed in. If it is pulled out, the watch will not run.
  - The battery may be depleted. Refer to the 'Battery Replacement' section under Maintenance.
- **Incorrect Time:**
  - Reset the time as described in the 'Setting the Time' section.
  - If the time continues to be inaccurate, the watch may require professional inspection.

For issues not resolved by these steps, please contact Mondaine customer support or an authorized service center.

7. Specifications

Brand	Mondaine

Model Number	MON-A660.30360.60SBF
Movement	Swiss Ronda 513 RL Quartz
Case Diameter	40 millimeters
Case Material	Brushed Stainless Steel
Crystal	Hardened Mineral Crystal
Water Resistance	30 meters (100 feet)
Strap Material	Recycled PET bottles textile with cork lining
Clasp Type	Buckle
Item Weight	8.04 ounces
Product Dimensions	0.79 x 0.79 x 0.3 inches
