SETUP

Package Contents

Verify that all items are present in the package:

- UrbanX KB030 Bluetooth Keyboard
- Welcome Guide
- Rechargeable Li-On batteries (pre-installed)

## Powering On and Charging

The keyboard is equipped with built-in rechargeable Li-On batteries. Before first use, it is recommended to fully charge the keyboard.

1. Locate the charging port on the keyboard (usually on the side or top edge).
2. Connect the provided charging cable to the keyboard and a USB power source (e.g., computer USB port, USB wall adapter).
3. The charging indicator light will illuminate. Once fully charged, the light may change color or turn off.
4. To power on the keyboard, slide the ON/OFF switch to the "ON" position.

## Bluetooth Pairing

Follow these steps to connect your UrbanX Bluetooth Keyboard to your device:

1. Ensure the keyboard is powered on.
2. Press the "Connect" button on the keyboard (often located near the ON/OFF switch). The Bluetooth indicator light will start blinking, indicating it is in pairing mode.
3. On your device (tablet, smartphone, PC), go to the Bluetooth settings.
4. Enable Bluetooth and search for available devices.
5. Select "UrbanX Keyboard" or a similar name from the list of found devices.
6. Your device may display a pairing code. Type this code on the UrbanX keyboard and press Enter.
7. Once paired, the Bluetooth indicator light on the keyboard will stop blinking and remain solid or turn off, depending on the model.

The keyboard supports Bluetooth 5.2 and is backward compatible with older Bluetooth versions.

## OPERATION

---

### Compatibility

The UrbanX Bluetooth Keyboard is broadly compatible with major operating systems:

- **iOS:** iPad 10.2-inch (8th Gen, 7th Gen), iPad Air (4th Gen, Air 2, Air), iPad Pro (12.9, 11, 10.5, 9.7), iPad Mini (5, 4, 3, 2, 1), iPhone (SE 2020, 11 Pro Max, 11 Pro, 11, Xs Max, Xs, X, 8, 8 Plus, 7, 7 Plus, 6S, 6S Plus, 5S, 4S).
- **Android:** Various Android tablets (e.g., Samsung Galaxy Tab, Google Nexus) and smartphones.
- **Windows:** PCs or Laptops with Windows XP/Vista/7/8/10. Note: Hotkeys may not function 100% on Windows.
- **Mac OS:** Compatible with Mac OS devices.

# Supports 3 Operating Systems

IOS / Android / Windows

## Keyboard Layout and Hotkeys

The keyboard features a US QWERTY layout with 78 keys, including 13 dedicated iPad hotkeys. These hotkeys provide quick access to functions such as volume control, media playback, and brightness adjustment.

The keys are designed with an X-structure, providing comfortable and quiet keystrokes with equal pressure distribution, differing from clicky keyboards.

## Comfortable Keystrokes

X structure, exert equal pressure and lower keystrokes in comparison with the clickety keyboard.

Image: A close-up view of the keyboard keys, highlighting the X-structure mechanism for improved typing comfort.

### Power Saving Mode

To conserve battery life, the keyboard will automatically enter power-saving mode after 10 minutes of inactivity. To wake the keyboard, press any key and wait for 2-3 seconds for it to reconnect to your device.

### MAINTENANCE

#### Cleaning

To clean your keyboard, gently wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the keyboard's finish or internal components.

#### Battery Care

The keyboard's rechargeable Li-On batteries offer long battery life, up to 4 months based on 2 hours of non-stop use per day. For optimal battery health, avoid fully discharging the keyboard frequently and store it in a cool, dry place when not in use for extended periods.

### TROUBLESHOOTING

## Keyboard Not Connecting via Bluetooth

- Ensure the keyboard is powered on and fully charged.
- Make sure the keyboard is in pairing mode (Bluetooth indicator blinking).
- Check that Bluetooth is enabled on your device.
- Remove any previously paired "UrbanX Keyboard" entries from your device's Bluetooth list and attempt to pair again.
- Ensure the keyboard is within the operating range of 10 meters (33 feet) from your device.
- Restart both the keyboard and your device.

## Keys Not Responding

- Check if the keyboard is connected to your device.
- If the keyboard was inactive, press any key and wait 2-3 seconds for it to wake from power-saving mode.
- Ensure the keyboard has sufficient battery charge.
- Try reconnecting the keyboard by turning it off and on, then re-pairing if necessary.

## Hotkeys Not Working on Windows

As noted in the compatibility section, some hotkeys may not function 100% when used with Windows operating systems. This is a known limitation and not a defect.

## SPECIFICATIONS

---

Image: The keyboard shown with its physical dimensions (24.7cm / 9.72in length, 15cm / 6in width, 0.5cm / 0.2in thickness) and weight (6.402 ounces).

Feature	Detail
Model Name	Slim Rechargeable Bluetooth Keyboard
Item Model Number	UX030
Bluetooth Edition	Bluetooth 3.0 (supports latest Bluetooth 5.2)
Dimensions	285 x 120 x 6 mm (11.2 x 4.7 x 0.2 inches)
