HOMCOM 835-516WT

HOMCOM Sideboard Buffet Cabinet

MODEL: 835-516WT

1. Product Overview

The HOMCOM Sideboard Buffet Cabinet is a versatile storage solution designed for various rooms such as dining rooms, kitchens, or living areas. It features a clean white finish, sliding glass doors, and an adjustable interior shelf to accommodate items of different sizes. This cabinet can be used as a display cabinet, coffee bar cabinet, or general storage unit.

2. Safety Information

- Always assemble the cabinet according to the provided instructions.
- Keep the cabinet away from heat sources and open flames.
- Be cautious when using the sliding doors to prevent pinch injuries, especially when children are present.
- An anti-tip kit is not included. If stacking units, ensure proper securing to prevent tipping.

3. Package Contents

Please refer to the included packing list for a complete and detailed list of all components and hardware.

4. Assembly Instructions

Assembly of this product is required. For detailed, step-by-step instructions, please refer to the separate assembly guide included in your product packaging. Ensure all parts are present and undamaged before beginning assembly.

Key assembly features include:

- **Adjustable Shelf:** The interior shelf can be adjusted to 3 fixed levels to suit your storage needs.
- **Sliding Glass Doors:** The cabinet features framed glass doors that slide smoothly for easy access.
- **Stackable Design:** This unit is designed to be stackable on top of another identical unit or placed side-by-side to fit various room layouts. Please note that an anti-tip kit is not included for stacking configurations.

5. Operating Instructions

5.1. Using the Sliding Doors

The cabinet features two sliding glass doors. To open or close, gently push the door panel horizontally along its track. The doors can be positioned to cover either the left or right compartments, allowing flexible access to your stored items.

5.2. Adjusting the Interior Shelf

The interior shelf can be adjusted to three different height levels. To adjust, carefully remove the shelf, reposition the shelf supports to the desired height, and then place the shelf back onto the supports,

ensuring it is securely seated.

5.3. Stacking and Arrangement

The cabinet is designed for flexible placement. It can be used as a standalone unit, stacked vertically with another identical unit, or placed side-by-side to create a longer storage solution. When stacking, ensure the units are stable and consider securing them to a wall for added safety, as an anti-tip kit is not provided.

6. Maintenance and Care

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish or glass.
- **Glass Care:** Use a standard glass cleaner for the tempered glass doors. Apply cleaner to a cloth first, then wipe the glass to avoid overspray on wood surfaces.
- **Spills:** Promptly clean any spills to prevent moisture damage to the engineered wood.
- **Inspection:** Periodically check all hardware and connections to ensure they remain tight. Retighten if necessary.

7. Troubleshooting

- **Doors not sliding smoothly:** Check the tracks for any obstructions or debris. Ensure the doors are

properly seated in both the top and bottom tracks.

- **Cabinet feels unstable:** Verify that all assembly screws and fasteners are securely tightened. Ensure the cabinet is placed on a level surface. If stacking, consider securing the units to a wall.
- **Missing parts:** If any parts are missing upon unboxing, refer to the packing list and contact customer support for assistance.

8. Specifications
