2. INITIAL SETUP

Azzaro The Most Wanted Parfum is ready for immediate use upon unboxing. No assembly or complex setup is required.

1. Carefully remove the fragrance bottle from its packaging.
2. Ensure the cap is securely in place before handling.
3. Inspect the bottle for any signs of damage during transit. If damaged, contact customer support.

3. OPERATING INSTRUCTIONS

To achieve the optimal fragrance experience and longevity, follow these application guidelines:

- **Preparation:** Ensure skin is clean and dry. For best results, apply after showering.
- **Application Points:** Spray cologne onto pulse points. These areas generate heat, which helps to diffuse the fragrance throughout the day. Recommended pulse points include:
 - Wrists
 - Neck
 - Torso
 - Chest
- **Spraying Technique:** Hold the bottle approximately 6-8 inches (15-20 cm) away from your skin. Apply 2-3 sprays. Avoid rubbing the fragrance into your skin, as this can break down the scent molecules and reduce longevity.
- **Usage Frequency:** Use day or night, depending on desired intensity and occasion. The fragrance is particularly suited for evening wear due to its intense and seductive profile.

The fragrance features an ultra-addictive Toffee Accord, sensual Bourbon Vanilla, and Incandescent Woods Accord, creating a magnetic signature.

4. CARE AND MAINTENANCE

Proper storage and care will help preserve the quality and longevity of your fragrance:

- **Storage:** Store the bottle in a cool, dry place away from direct sunlight and extreme temperatures. Heat and light can degrade the fragrance over time.
- **Cap Security:** Always ensure the cap is tightly closed after each use to prevent evaporation and maintain scent integrity.
- **Cleaning:** If the bottle becomes dusty, gently wipe it with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.

5. TROUBLESHOOTING

Issue	Possible Cause	Solution
Fragrance not lasting long.	Incorrect application points, dry skin, or environmental factors.	Apply to pulse points (wrists, neck, chest). Moisturize skin before application. Consider reapplication if needed for extended wear.
Scent seems weaker over time.	Improper storage (exposure to heat/light), or product nearing end of shelf life.	Store in a cool, dark place. Ensure cap is sealed. Fragrances typically have a shelf life of 3-5 years after opening.
Sprayer not working.	Blockage in the nozzle or airlock.	Gently wipe the nozzle with a damp cloth. Pump the sprayer a few times to clear any airlock. If issue persists, contact customer support.
