# Casaria XXL Synthetic Rattan Garden Lounge Set - Instruction Manual

Model: 883000

## 1. INTRODUCTION

This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your Casaria XXL Synthetic Rattan Garden Lounge Set. Please read these instructions carefully before use and retain them for future reference.

### Product Features:

- **Luxury Design:** The exclusive 26-piece 'Merlion' polyrattan lounge set from CASARIA, including 2

stools, features a modern design for outdoor relaxation.

- **High Comfort:** The 280x210 cm corner lounge set, with a seat height of 47 cm, provides ample space for up to 8 people. It includes extra-wide armrests and backrests, along with 15 cm thick back cushions and 7 cm high seat cushions for maximum seating comfort.
- **Weather Resistant:** The weather-resistant and easy-care synthetic rattan is stain and UV resistant. The galvanized, powder-coated steel frame with robust feet on the individual elements ensures stability.
- **Storage Surface:** The table features additional storage space directly under the 5 mm thick safety glass tabletop. The robust tabletop is secured against slipping by suction cups on the frame.
- **Removable and Washable Cushions:** The water-repellent coating on the cushions prevents liquid penetration, allowing for easy wiping. Covers can be removed via zipper and machine washed at 30 °C.

## 2. SETUP AND ASSEMBLY

---

This product requires assembly. Please follow the instructions below carefully to ensure proper setup and stability of your garden lounge set.

### 2.1 Unpacking and Component Check

Carefully unpack all components from the packaging. Verify that all parts listed in the component list are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

## 2.2 Assembly Steps

1. **Prepare the Area:** Choose a flat, stable surface for assembly. Ensure sufficient space to move around the components.
2. **Assemble Individual Modules:** Each sofa module and stool typically consists of a base frame and backrests/side panels. Follow the specific instructions provided in your product's detailed assembly guide to connect these parts using the supplied hardware.
3. **Connect Modules:** Once individual modules are assembled, arrange them in your desired configuration. Use the provided connection clips to secure the modules together, preventing them from shifting during use.

## 3. OPERATING INSTRUCTIONS

---

Your Casaria Garden Lounge Set is designed for comfortable outdoor seating and relaxation. Follow these guidelines for optimal use.

### 3.1 General Use

- Ensure the lounge set is placed on a stable, level surface to prevent tipping.
- The set is designed to accommodate up to 8 people. Avoid exceeding the weight capacity of individual modules or the entire set.
- The glass tabletop is suitable for placing drinks, books, and other light items. Avoid placing excessively heavy or hot objects directly on the glass without protection.

### 3.2 Cushion Care

- The cushions feature a water-repellent coating. In case of spills, wipe liquids immediately with a clean, dry cloth.
- For prolonged periods of non-use or during heavy rain, it is recommended to store cushions indoors or in a waterproof storage box to extend their lifespan.

## 4. MAINTENANCE AND CARE

---

Proper maintenance will ensure the longevity and appearance of your Casaria Garden Lounge Set.

### 4.1 Cleaning the Rattan and Frame

- The synthetic rattan is easy to clean. Wipe down the rattan and steel frame with a soft cloth dampened

with mild soap and water.

- Avoid using harsh chemicals, abrasive cleaners, or stiff brushes, as these can damage the material.
- Rinse thoroughly with clean water and dry with a soft cloth to prevent water spots.

## 4.2 Cleaning the Cushions

- Cushion covers are removable via a zipper. They can be machine washed at 30 °C.
- Allow cushion covers to air dry completely before reattaching them to the cushions. Do not tumble dry.

## 4.3 Glass Tabletop Care

- Clean the glass tabletop with a standard glass cleaner and a soft, lint-free cloth.
- Avoid dragging rough or heavy objects across the glass surface to prevent scratches.

## 5. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your garden lounge set.

### 5.1 Instability or Wobbling

- **Check Assembly:** Ensure all screws and fasteners are tightened securely. Refer to the assembly

instructions to confirm all parts are correctly installed.

- **Level Surface:** Verify that the lounge set is placed on a flat and even surface. Uneven ground can cause wobbling.
- **Connection Clips:** Ensure all module connection clips are properly engaged to keep the sections together and stable.

## 5.2 Cushion Discoloration or Wear

- While cushions are UV resistant, prolonged exposure to direct sunlight can cause gradual fading. Store cushions when not in use to minimize exposure.
- Regular cleaning as per maintenance instructions can help prevent dirt buildup that might contribute to wear.

## 5.3 Glass Tabletop Slipping

- Ensure the suction cups designed to hold the glass tabletop in place are clean and properly adhered to both the glass and the table frame.
- Avoid lifting the table by the glass top alone.
