## 5. CARE AND MAINTENANCE

---

Proper care will help maintain the appearance and extend the life of your Vente-unique SEFRO Buffet Cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaner specifically designed for furniture. Dry immediately with a clean cloth.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or polishes containing silicone, as these can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or water damage.
- **Heat and Moisture:** Avoid placing hot items directly on the surface. Use coasters or protective pads. Keep the cabinet away from direct sunlight, heat sources, and excessive moisture.
- **Regular Checks:** Periodically check all screws and fittings and tighten them if necessary to ensure stability.

## 6. TROUBLESHOOTING

---

Here are solutions to common issues you might encounter:

- **Wobbly Cabinet:** Ensure the cabinet is placed on a level surface. Check and tighten all assembly screws. If necessary, use furniture glides or shims under the feet to stabilize.
- **Doors Not Aligning:** Adjust the hinges. Most furniture hinges have screws that allow for vertical, horizontal, and depth adjustments. Refer to the hinge manufacturer's instructions if specific adjustments are needed.
- **Scratches or Minor Damage:** For minor scratches on lacquered surfaces, touch-up pens or furniture repair kits can be used. Consult a professional for significant damage.
- **Stains on Concrete-Effect Surface:** For concrete-effect finishes, use a damp cloth with a mild detergent. Avoid abrasive scrubbing.
