P PURLOVE Double Shared Twin Size House Platform Bed

P PURLOVE Double Shared Twin Size House Platform Bed with Two Drawers

Instruction Manual

1. Introduction

Thank you for purchasing the P PURLOVE Double Shared Twin Size House Platform Bed with Two Drawers. This manual provides detailed instructions for assembly, usage, maintenance, and troubleshooting to ensure safe and proper operation of your new bed. Please read this manual thoroughly before assembly and retain it for future reference.

2. Important Safety Information

- Ensure that the total weight on each bed, including the user and mattress, does not exceed 250 lbs. Exceeding this weight limit may compromise the structural integrity of the bed and lead to injury.
- Assemble the bed frame with the provided 14 slats for each bed to ensure proper support and stability. Do not use fewer slats or substitute with other materials.
- Keep all assembly hardware out of reach of children.
- Periodically check all connections and tighten hardware as needed to maintain stability.
- Do not allow children to play on or around the bed without supervision.
- Use only mattresses that fit the bed frame dimensions to prevent gaps that could pose a entrapment hazard. Recommended mattress thickness is 8-10 inches.

3. Package Contents

Before beginning assembly, please verify that all parts listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

- Bed Frame Components (Headboards, Footboards, Side Rails, Roof Panels, House Panels)
- Wooden Slats (14 for each twin bed, total 28)
- Drawer Components (Front, Back, Sides, Bottoms, Wheels)
- Assembly Hardware (Screws, bolts, nuts, washers, Allen wrench)
- Instruction Manual

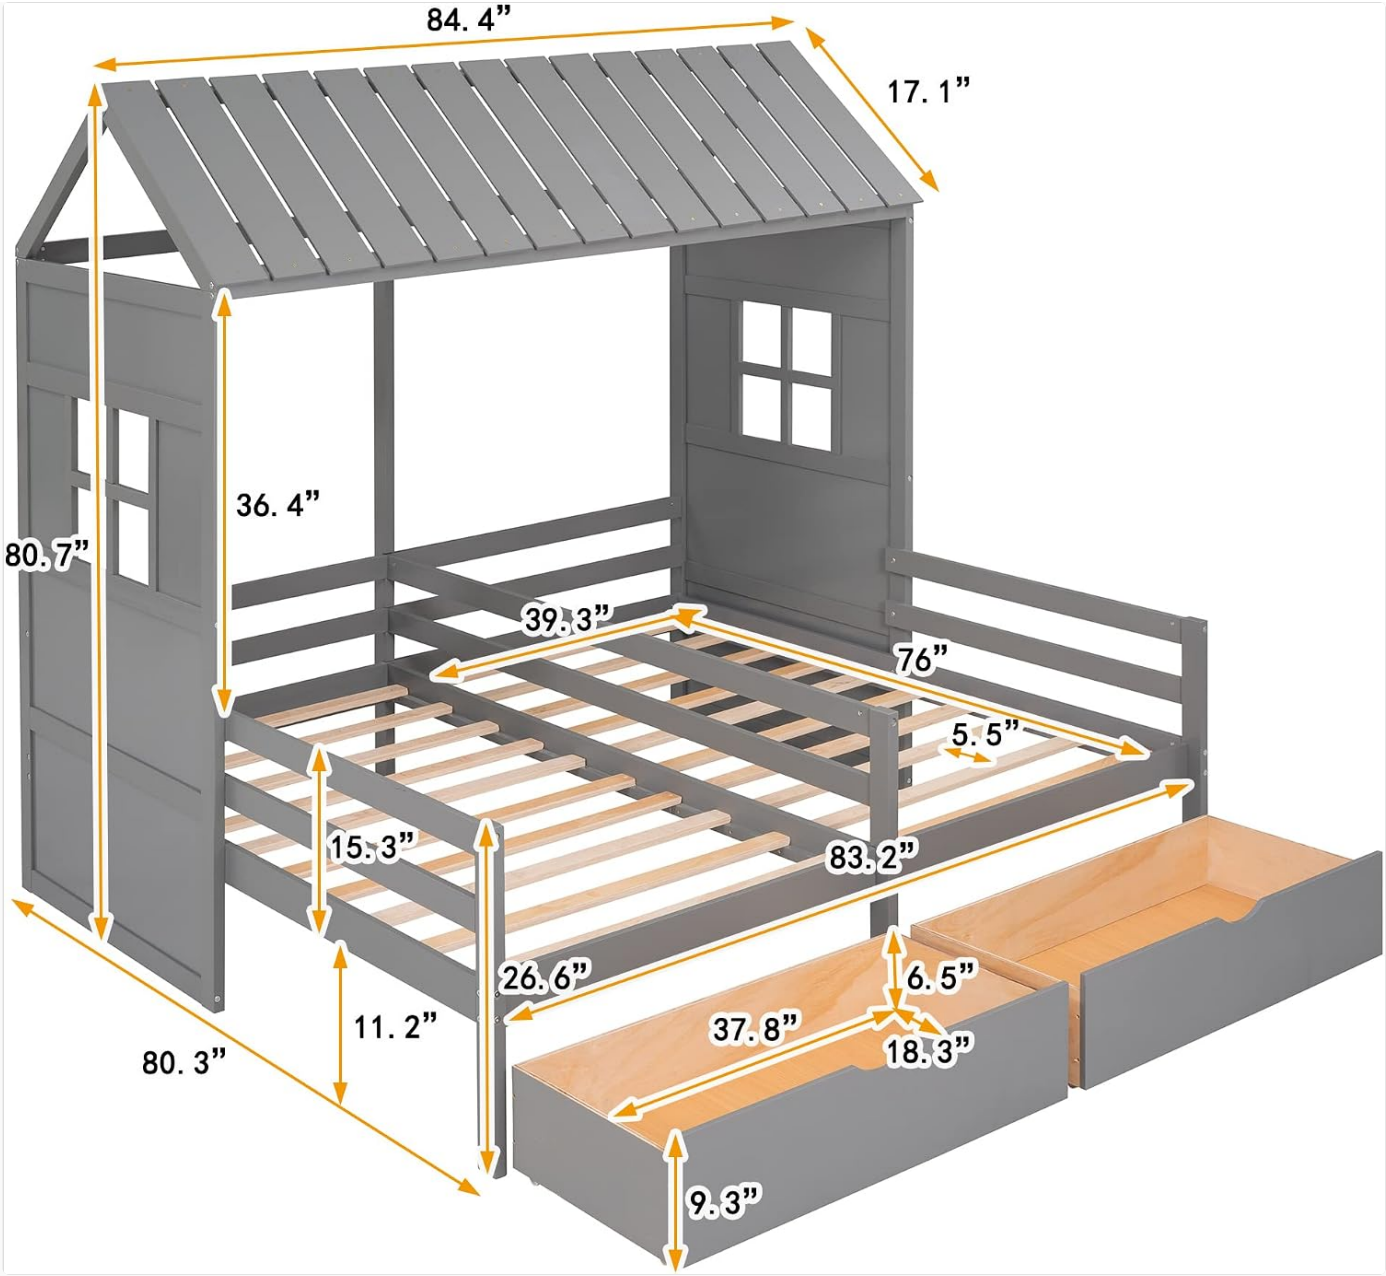

Figure 3.1: Exploded view of bed components with overall dimensions. This image illustrates the various parts of the bed frame and their approximate measurements, including the two twin bed sections, the house structure, and the under-bed drawers.

4. Assembly Instructions

Assembly requires two adults. Please follow the steps carefully. An Allen wrench is included; a Phillips head screwdriver may also be needed (not included).

Step 4.1: Prepare the Area and Unpack

Clear a spacious area for assembly. Unpack all components and lay them out on a soft, clean surface to prevent scratches. Identify each part using the provided parts list (if available in packaging) and Figure 3.1.

Step 4.2: Assemble the Individual Twin Bed Frames

1. Attach the side rails to the headboard and footboard panels for the first twin bed using the provided bolts and nuts. Ensure all connections are secure but do not fully tighten until the frame is complete.
2. Repeat the process for the second twin bed frame.

Step 4.3: Connect the Twin Bed Frames and Install House Structure

1. Position the two assembled twin bed frames side-by-side.
2. Attach the central support beams and house panels (side walls with windows) to connect the two twin frames, forming the shared structure.
3. Install the roof panels onto the top of the house structure. Ensure all connections are aligned and secure.
4. Once the main structure is complete, fully tighten all bolts and screws.

Step 4.4: Install Bed Slats

1. Place the 14 wooden slats evenly across the support rails of each twin bed frame.
2. Secure each slat to the frame using the provided screws. This step is crucial for mattress support and bed stability.

Step 4.5: Assemble and Install Drawers

1. Assemble the two drawers by attaching the front, back, and side panels to the drawer bottom.
2. Install the wheels onto the bottom of each drawer.
3. Slide the assembled drawers under the bed frame.

Figure 4.1: The bed frame with the two under-bed drawers partially extended. This image shows the integrated storage solution and the overall structure of the bed before mattresses are placed.

5. Usage and Operation

5.1 Using the Bed

Once fully assembled, place two twin-size mattresses (8-10 inches thick recommended) onto the wooden slats. The low-profile design ensures easy access for children. The house-shaped frame provides a unique and engaging sleeping environment.

5.2 Operating the Drawers

The two under-bed drawers are designed for convenient storage. Simply pull the integrated handle cutout on the drawer front to open, and push to close. Ensure no obstructions are present when opening or closing the drawers.

Figure 5.1: The fully assembled P PURLOVE Double Shared Twin Size House Platform Bed with mattresses and bedding, ready for use. This image demonstrates the bed's appearance in a room setting.

6. Maintenance and Care

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Hardware Check:** Periodically (every 3-6 months) inspect all bolts, screws, and connections. Tighten any loose hardware to ensure the bed remains stable and safe.
- **Drawer Care:** Keep the drawer tracks free of dust and debris to ensure smooth operation.
- **Weight Distribution:** Ensure weight is distributed evenly across the bed to prevent undue stress on the frame and slats.

7. Troubleshooting

7.1 Squeaking Noises

If the bed makes squeaking noises, check all assembly hardware. Loose bolts are a common cause of squeaking. Tighten all connections securely. Ensure slats are properly seated and screwed into place.

7.2 Drawers Not Sliding Smoothly

Check for any obstructions in the drawer's path or under the bed. Ensure the wheels are clean and free of debris. Verify that the drawers were assembled correctly and are not misaligned.

7.3 Instability or Wobbling

If the bed feels unstable, re-check all connections and ensure they are fully tightened. Verify that the bed is placed on a flat, level surface. Uneven flooring can cause wobbling.

8. Product Specifications

Feature	Specification
Brand	P PURLOVE
Model	Double Shared Twin Size House Platform Bed
Size	Twin (each bed)
Product Dimensions (Overall)	81.7"L x 81.8"W x 80.2"H
Material	Wood (Pine Wood and MDF)
Color	Grey
Finish Type	Natural Wood Finish
Special Feature	Two Under-bed Drawers
Compatible Mattress Size	Twin (8"-10" thickness recommended)
Weight Capacity (Each Bed)	250 lbs
Assembly Required	Yes
UPC	195358440889

9. Warranty and Support

P PURLOVE stands behind the quality of its products. While specific warranty details are not provided in this manual, please retain your proof of purchase. For any questions, missing parts, or concerns regarding your P PURLOVE Double Shared Twin Size House Platform Bed, please contact the retailer or manufacturer's customer support directly. They will be able to provide assistance and information regarding warranty claims.
