1. SAFETY INFORMATION

WARNING: Keep away from children. Do not immerse in water. Always unplug the appliance after use and before cleaning. Do not use near water or in a bathroom. If the appliance falls into water, unplug it immediately. Do not reach into the water. Ensure hands are dry when plugging in or unplugging the appliance.

This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.

2. PRODUCT OVERVIEW

The Revamp Progloss Volume & Wave Ceramic Heated Brush is a versatile 3-in-1 styling tool designed to create volume at the roots, along with stunning curls and waves. It features a 1.25-inch ceramic barrel infused with Progloss super smooth oils (keratin, argan, and coconut) to promote shine, hydration, and frizz-free results. The innovative retractable bristles allow for easy removal from hair without tangling, making styling effortless.

PROGLOSS™ SUPER SMOOTH OILS

Keratin, Argan and Coconut
infused ceramic barrel

Key Features:

- **3-in-1 Multifunctional Design:** Creates volume, curls, and waves.
- **Progloss Super Smooth Oils:** Ceramic barrel infused with keratin, argan, and coconut oils for enhanced shine and frizz control.
- **Retractable Bristles:** 1.25-inch innovative release system for tangle-free styling and easy hair removal.
- **Advanced Heat Control:** 5 heat levels (300°F - 410°F) with MCH heat technology for quick heat-up and recovery.
- **Safety Features:** Auto-shut off after 60 minutes of inactivity.
- **Convenience:** 9-foot professional rotating swivel cord.

3. SETUP

1. **Unpack:** Carefully remove the heated brush and all accessories from the packaging.
2. **Inspect:** Check the appliance for any signs of damage. Do not use if damaged.
3. **Connect Power:** Plug the product into a standard 120 VAC outlet.
4. **Prepare Hair:** Before use, ensure your hair is clean, completely dry, and tangle-free. For added protection, consider applying a heat protectant spray.

5. **Section Hair:** Clip up your hair into manageable sections, ready for styling.

4. OPERATING INSTRUCTIONS

Powering On and Temperature Selection:

1. **Power On:** Press the power button to turn on the brush. The default temperature is 300°F.
2. **Select Temperature:** The brush offers 5 heat settings, ranging from 300°F to 410°F. Use the temperature control buttons to select your desired heat level.
 - For fine, delicate, or colored hair, use lower heat settings.
 - For thick or coarse hair, use higher heat settings.
 - It is recommended to start with the lowest setting and gradually increase the temperature until the desired styling result is achieved.

Image: Close-up of the brush handle showing the temperature display and control buttons.

Styling Your Hair:

1. **Section Hair:** Take a small section of hair, approximately 1-2 inches wide.
2. **Wrap Hair:** Starting from the ends, wrap the hair section around the heated barrel, ensuring the hair is evenly distributed. Hold for a few seconds (5-10 seconds depending on hair type and desired curl intensity).

3. **Retract Bristles:** To release the curl, press the innovative release system button to retract the bristles. This allows the brush to slide out of the hair smoothly without snagging or pulling.
4. **Release Curl:** Gently unwind the hair from the barrel or let it slide off.
5. **Repeat:** Continue with the remaining sections of hair.
6. **Cool Down:** Allow curls to cool completely before brushing or styling further to set the style.

5. MAINTENANCE

- **Cleaning:** Ensure the appliance is unplugged and completely cool before cleaning. Wipe the barrel and handle with a soft, damp cloth. Do not use abrasive cleaners or immerse the appliance in water.
- **Storage:** Store the appliance in a cool, dry place, away from direct sunlight and moisture. Ensure the cord is not wrapped tightly around the appliance, as this can cause damage over time.
- **Heat-Proof Glove:** Use the provided heat-proof glove for added protection during styling.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Appliance does not turn on.	Not properly plugged in; power outlet issue.	Ensure the plug is fully inserted into a working 120 VAC outlet. Check the circuit breaker.
Hair is not curling effectively.	Temperature too low; hair not dry; sections too large; insufficient holding time.	Increase the temperature setting. Ensure hair is completely dry. Use smaller hair sections. Hold hair on the barrel for a longer duration (e.g., 10-15 seconds).
Hair gets tangled in bristles.	Bristles not retracted before removing; hair not properly detangled.	Always press the release button to retract bristles before sliding the brush out of your hair. Ensure hair is tangle-free before styling.
Appliance automatically shuts off.	Auto-shut off feature activated.	This is a safety feature. The appliance will automatically turn off after 60 minutes of inactivity. Simply turn it back on if you wish to continue styling.

7. SPECIFICATIONS

- **Model Number:** BR-1350
- **Product Dimensions:** 13 x 2 x 2 inches
- **Weight:** 2.25 Pounds
- **UPC:** 031262104939
- **Brand:** REVAMP
- **Color:** Black
- **Material:** Ceramic
- **Power Source:** Corded Electric
- **Special Features:** Ionic Technology, Lightweight, Retractable Bristles, Progloss Oils Infusion
- **Temperature Range:** 300°F - 410°F (5 settings)
- **Auto-Off:** 60 minutes
