Olakids Lamborghini SIAN

OLAKIDS Kids 12V Licensed Lamborghini SIAN Ride On Car User Manual

Model: Lamborghini SIAN (Red)

Brand: Olakids

Introduction

This manual provides essential information for the safe operation, assembly, maintenance, and troubleshooting of your OLAKIDS Kids 12V Licensed Lamborghini SIAN Ride On Car. Please read this manual thoroughly before initial use and retain it for future reference. Adult supervision is required at all times during the operation of this product.

Important Safety Warnings

Failure to follow these safety instructions may result in serious injury or death.

- **Adult Supervision Required:** This product must be assembled and operated under direct adult supervision.
- **Age and Weight Limits:** Suitable for children aged 37 to 95 months (approximately 3 to 8 years old). Maximum weight capacity is 55 lbs (25 kg). Do not exceed these limits.
- **Use Safety Belt:** Always ensure the child is securely fastened with the provided safety belt before operation.
- **Safe Operating Environment:** Use on flat, dry surfaces. Avoid slopes, uneven terrain, public roads, near swimming pools, or other bodies of water.
- **No Passengers:** This vehicle is designed for one rider only.
- **Soft Start Function:** The vehicle is equipped with a soft start function to prevent sudden acceleration, ensuring a smoother and safer ride for the child.
- **Compliance:** This product complies with US CPSIA and ASTM requirements, and is made from safe materials free from BPA, PVC, Phthalates, Lead, Latex, and Formaldehyde.

What's in the Box

Upon unpacking, please verify that all components are present and undamaged:

- 1 x Ride On Car (main body)
- 1 x 2.4GHz Parental Remote Control
- 1 x Charger
- Wheels (4)
- Steering Wheel
- Seat
- Assembly Hardware (screws, washers, etc.)
- Instruction Manual (this document)

Assembly Instructions

Assembly of the OLAKIDS Lamborghini SIAN requires adult assembly. Please follow the detailed steps provided in the separate assembly guide included with your product. Ensure all connections are secure and all parts are correctly installed before first use.

1. Attach the wheels to the axles, ensuring they are securely fastened with the provided caps/nuts.
2. Connect the steering wheel to the steering column, ensuring all electrical connections (if any) are properly seated.
3. Install the seat, making sure it clicks into place or is screwed down firmly.
4. Connect the battery terminals. Refer to the battery compartment for specific instructions.
5. Perform a full charge before the first use.

Charging the Battery

The vehicle is powered by a 12V battery. Proper charging and battery care are crucial for longevity and performance.

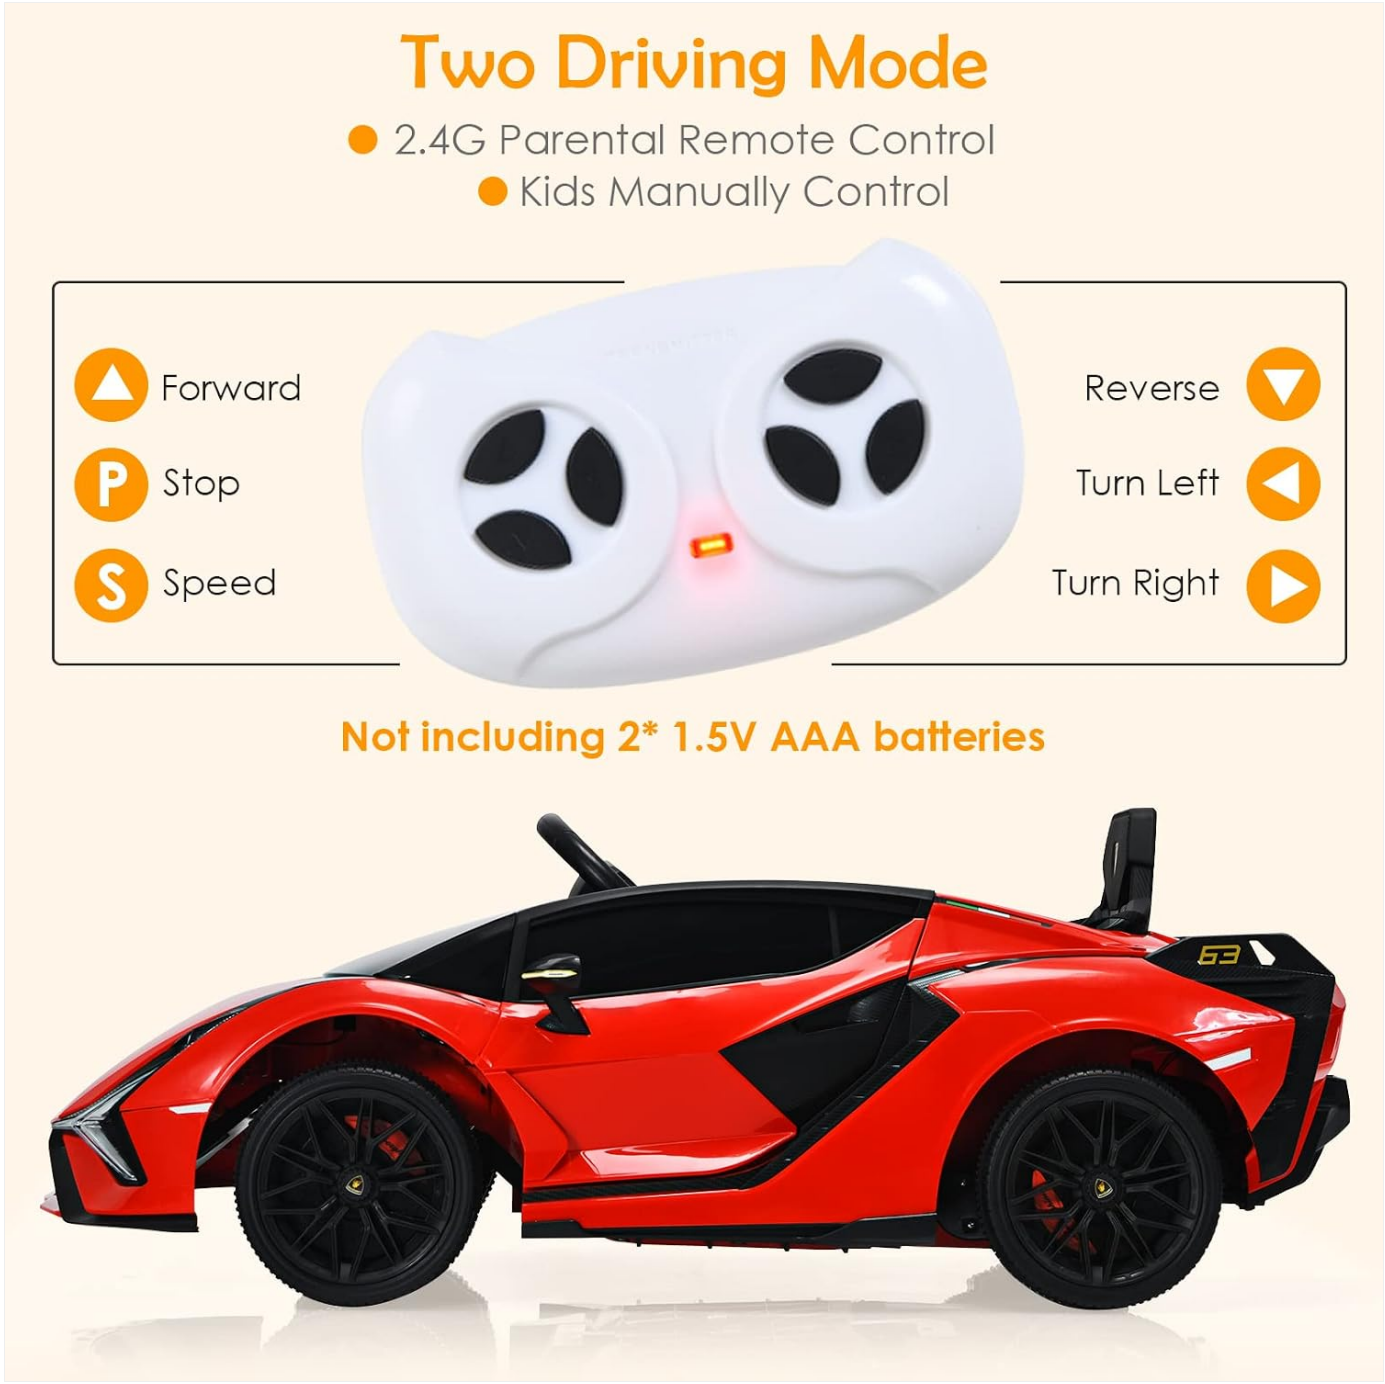

- **Initial Charge:** Charge the battery for 8-12 hours before the first use. Do not overcharge for more than 18 hours.
- **Regular Charging:** A normal charge cycle is 8-12 hours.
- **Charging Port:** Locate the charging port on the vehicle (typically near the dashboard or under the seat).
- **Connect Charger:** Plug the charger into a standard wall outlet, then connect the charger plug to the vehicle's charging port.
- **Indicator Light:** The charger may have an indicator light to show charging status (e.g., red for charging, green for fully charged).
- **Battery Care:** To prolong battery life, charge the battery after each use and at least once a month during periods of non-use. Do not allow the battery to fully discharge.

Operating Instructions

Your Lamborghini SIAN ride-on car offers two control modes for versatile play.

Driving Modes

- **Kids Manually Control:** Children can operate the car using the foot pedal for acceleration and the steering wheel for direction.
- **2.4GHz Parental Remote Control:** Parents can override manual control and operate the car using the included remote. This is ideal for younger children or for guiding the vehicle.

The parental remote control allows for safe guidance and control of the vehicle.

Basic Controls and Features

- **Start Button:** Press to power on the vehicle.
- **Forward/Backward Button:** Select driving direction.
- **High/Low Speed:** Adjust the speed setting for different skill levels or environments.
- **Foot Pedal:** Press to accelerate in manual mode.
- **Steering Wheel:** Turn left or right to steer the vehicle.
- **LED Lights:** The car features realistic LED headlights and taillights.
- **Horn:** Press the button on the steering wheel to activate the horn.
- **Multimedia System:** Enjoy music and stories via USB, TF card slot, MP3 plug-ins, radio, and Bluetooth connectivity.

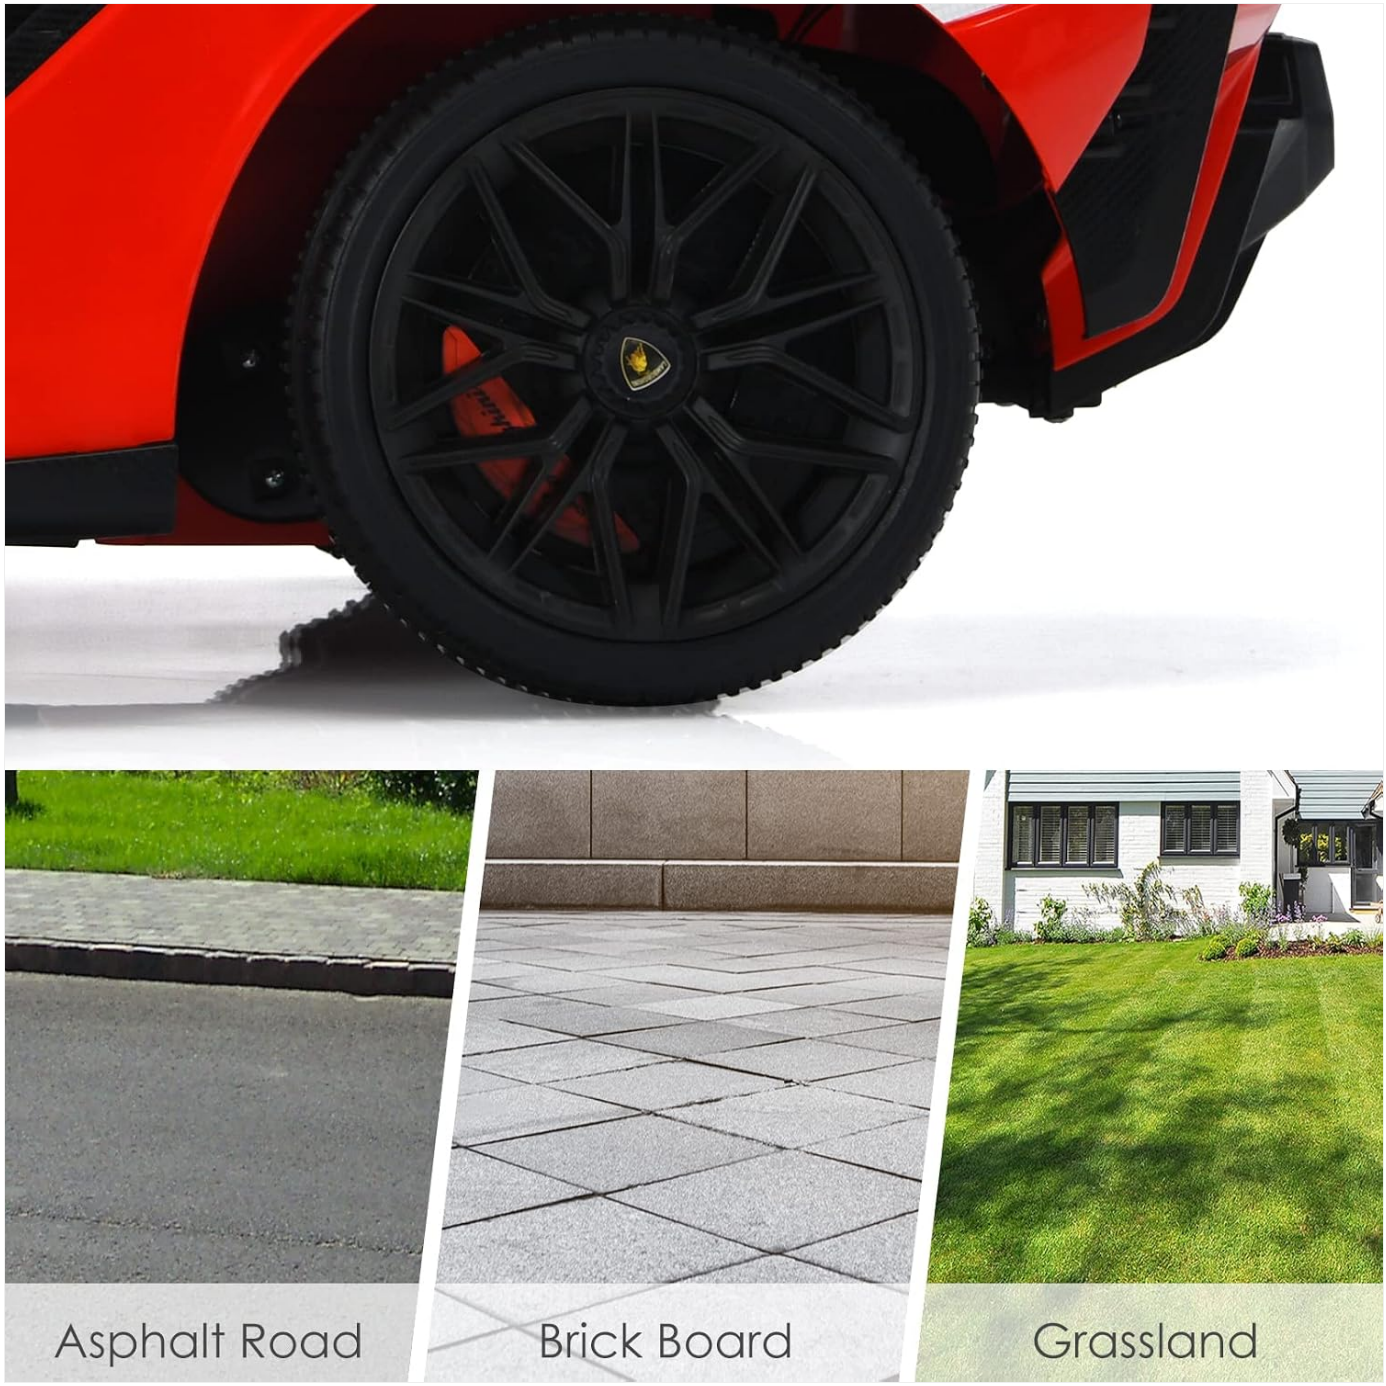

The dashboard features a multimedia system for an enjoyable driving experience.

Safety and Comfort Features

- **4-Wheel Spring Suspension:** Ensures a smooth ride over various surfaces.
- **Lockable Doors:** Hydraulic powered doors swing open and can be securely locked.
- **Seat Safety Belt:** Provides maximum safety for the rider.

A child enjoying the ride-on car, demonstrating its use.

The car is designed for use on various surfaces including asphalt, brick, and grass.

Maintenance

Regular maintenance will help ensure the longevity and safe operation of your ride-on car.

- **Cleaning:** Wipe the vehicle with a soft, damp cloth. Do not use abrasive cleaners or solvents. Avoid direct water spray.
- **Battery Care:** As mentioned in the charging section, keep the battery charged. Disconnect the battery if storing for extended periods.
- **Lubrication:** Periodically check and lubricate moving parts like axles and steering components if necessary.
- **Storage:** Store the vehicle in a dry, cool place away from direct sunlight and moisture. If storing for a long time, ensure the battery is fully charged and disconnect it.
- **Inspection:** Regularly inspect the vehicle for loose screws, damaged wires, or worn parts. Replace any damaged parts immediately.

The car features small wheels at the rear for easy portability and movement when not in use.

Troubleshooting

If you encounter issues with your ride-on car, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Vehicle does not move	Battery low or disconnected; Loose wire connection; Overload protection activated; Motor issue.	Charge the battery; Check all wire connections; Reduce weight; Contact customer support if motor is faulty.
Remote control not working/connecting	Remote batteries dead; Remote not paired; Interference.	Replace remote batteries (2*1.5V AAA, not included); Refer to remote pairing instructions in the full manual; Move to an area with less interference.

Problem	Possible Cause	Solution
Lights or sounds not working	Loose wire connection; Component failure.	Check connections to lights/speakers; Contact customer support.
Slow speed or short run time	Battery not fully charged; Old battery; Overloaded vehicle; Driving on rough terrain.	Ensure full charge; Consider battery replacement if old; Reduce weight; Drive on smoother surfaces.

If the problem persists after attempting these solutions, please contact Olakids customer support for further assistance.
