GROHE Start Edge Single-Lever Kitchen Mixer Tap

MODEL: 30529001

1. Product Overview

The GROHE Start Edge single-lever kitchen mixer tap is designed to provide both aesthetic appeal and high performance in your kitchen. Featuring a high C-shaped spout and a 360° swivel range, it offers practical functionality for various kitchen tasks. The tap incorporates GROHE LongLife ceramic cartridge for precise control and GROHE Zero separated inner waterways to ensure lead- and nickel-free drinking water. Its GROHE StarLight chrome finish ensures lasting brilliance and easy cleaning.

Key Features:

- **High C-Spout:** Facilitates easy filling of large pots and pans.
- **360° Swivel Range:** Provides maximum flexibility and ease of use, especially for double sinks.
- **GROHE LongLife Ceramic Cartridge:** Ensures durable and precise control over water flow and temperature.
- **GROHE Zero Inner Waterways:** Guarantees drinking water is free from lead and nickel.
- **GROHE StarLight Chrome Finish:** Offers a dazzling, scratch-resistant, and easy-to-clean surface.
- **Easy Installation System:** Designed for quick and trouble-free fitting with flexible connection hoses.

2. Setup and Installation

The GROHE Start Edge kitchen mixer tap features an Easy Installation System for straightforward setup. It is designed for single-hole deck mounting. Ensure you have the necessary tools and follow local plumbing codes during installation.

Installation Requirements:

- **Mounting Type:** Deck Mount, Single Hole.
- **Minimum Recommended Pressure:** 1.0 bar.
- **Connection Hoses:** Flexible connection hoses are included for convenience.
- **Hole Count:** 1.

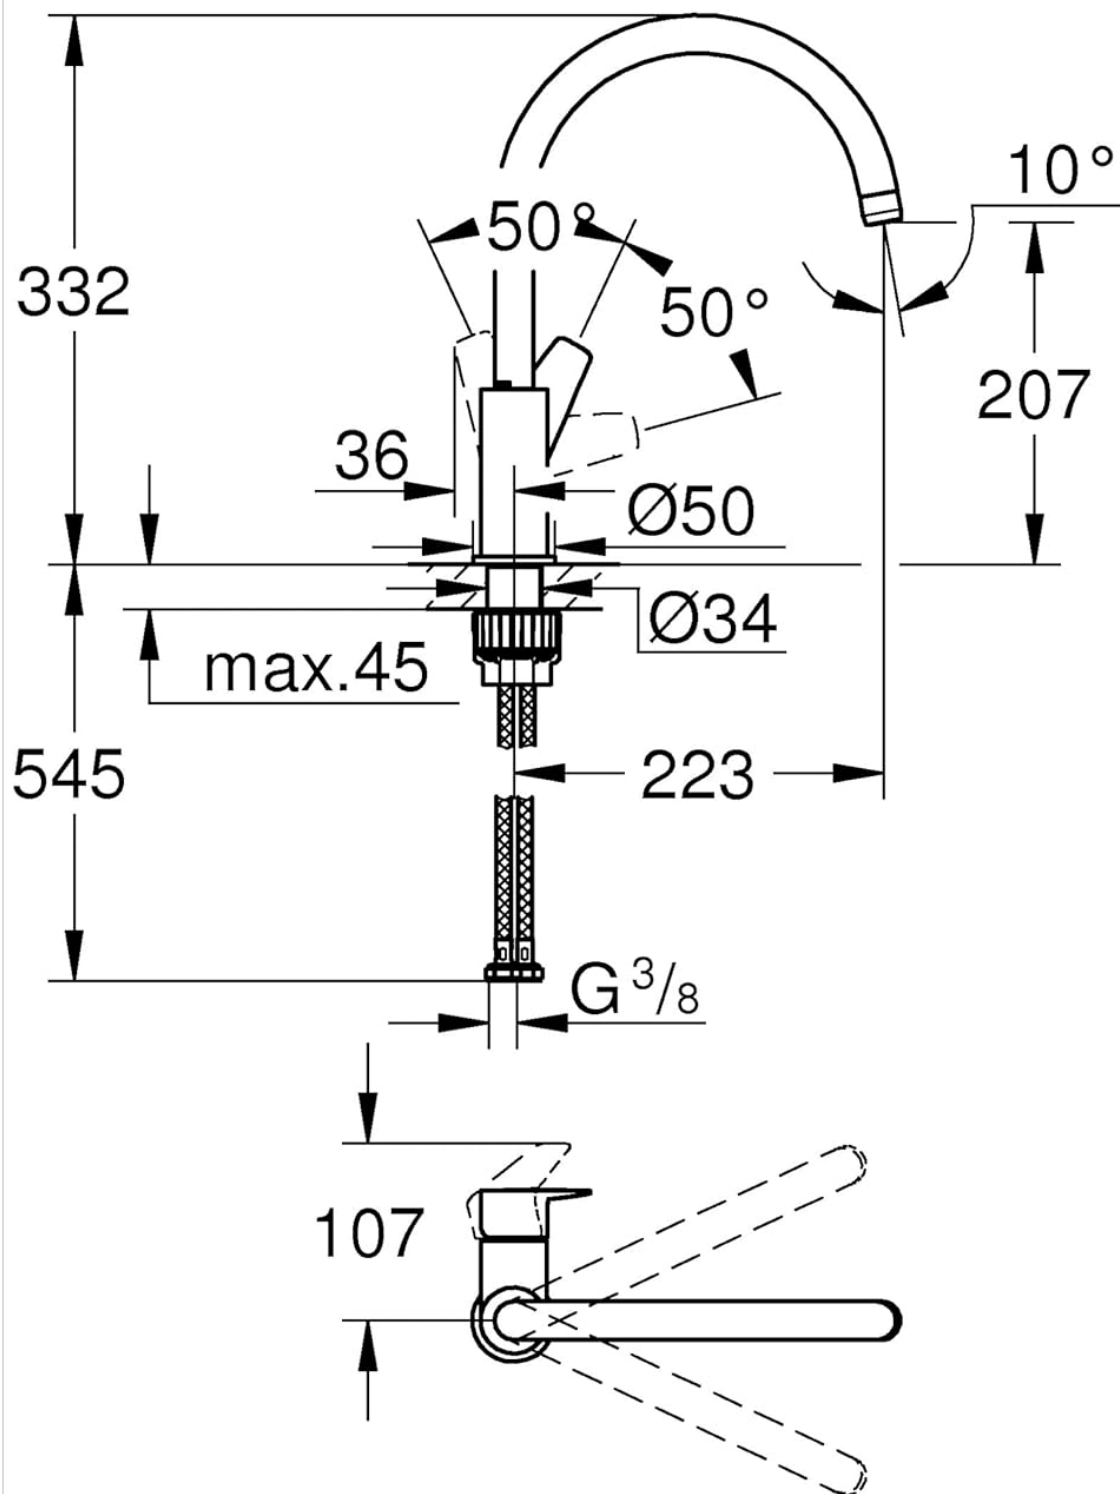

Image: Technical drawing illustrating the dimensions and installation specifications of the GROHE Start Edge Kitchen Mixer Tap. Key measurements include spout height (207mm), overall height (332mm), and mounting hole diameter (Ø34mm).

Installation Steps (General Guidance):

1. Turn off the main water supply before beginning installation.
2. Mount the tap body onto the sink or countertop using the provided fixing set.

3. Connect the flexible hot and cold water supply hoses to the corresponding water lines. Ensure connections are secure and watertight.
4. Verify all connections are tight and free of leaks before restoring water supply.
5. Slowly turn on the main water supply and check for any leaks.

3. Operating Instructions

The GROHE Start Edge kitchen mixer tap features a single lever for intuitive control of water flow and temperature.

Using the Single Lever:

- **Water Flow:** Lift the lever upwards to increase water flow. Push it downwards to decrease or stop the flow.
- **Temperature Control:** Move the lever to the left for hot water and to the right for cold water. The ceramic cartridge allows for precise adjustment.

360° Swivel Spout:

The high C-spout can be rotated 360 degrees, providing full flexibility to direct water flow wherever needed in your sink area. This is particularly useful for washing large items or when using a double sink.

4. Maintenance

Proper care and maintenance will ensure the longevity and optimal performance of your GROHE Start Edge kitchen mixer tap.

Cleaning the Chrome Finish:

- The GROHE StarLight chrome finish is designed to be durable and easy to clean.
- Use only a soft cloth and mild soap or a non-abrasive cleaner specifically designed for chrome finishes.
- Avoid abrasive sponges, scouring pads, or cleaners containing alcohol, acids, or ammonia, as these can damage the finish.
- Rinse thoroughly with clean water after cleaning and dry with a soft cloth to prevent water spots.

Cartridge Care:

The GROHE LongLife ceramic cartridge is designed for long-term, reliable operation. No specific user maintenance is typically required for the cartridge itself. If you experience issues with water flow or

temperature control, refer to the troubleshooting section.

5. Troubleshooting

If you encounter any issues with your GROHE Start Edge kitchen mixer tap, please review the following common troubleshooting tips:

- **Low Water Flow:** Check if the main water supply is fully open. Inspect the aerator at the spout for any debris or mineral buildup and clean if necessary.
- **Leaks from Connections:** Ensure all water supply connections are securely tightened. If leaks persist, turn off the water supply and re-check the seals and connections.
- **Temperature Control Issues:** Verify that both hot and cold water supplies are active. If the issue persists, the ceramic cartridge may require professional inspection or replacement.
- **Stiff Lever Operation:** Over time, mineral deposits can affect lever movement. Gentle cleaning around the base of the lever may help. Avoid forcing the lever.

For persistent problems or issues not covered here, please contact GROHE customer support or a qualified plumber.

6. Specifications

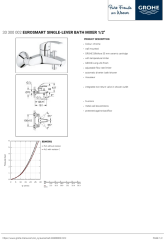

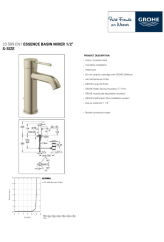

Specification	Detail
Brand	GROHE
Model Name	Start Edge
Part Number	30529001
Mounting Type	Deck Mount
Hole Count	1
Number of Handles	1 (Single-Lever)
Finish Type	Chrome
Material	Stainless Steel (Body), Ceramic (Handle)
Spout Design	High Arc C-Spout
Spout Height	207 Millimeters
Item Weight	1.44 Kilograms (3.17 pounds)
Product Dimensions	8.78 x 1.97 x 13.07 inches
Special Features	Easy to Install, Lead Free
Recommended Uses	Kitchen

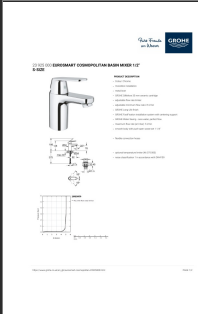

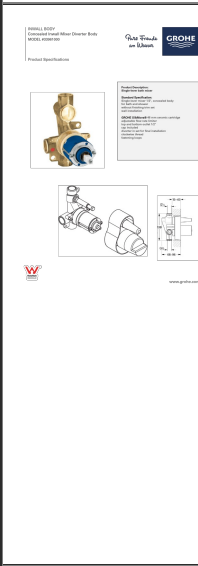

7. Warranty and Customer Support

GROHE products are manufactured to the highest standards and undergo rigorous quality checks. Specific warranty terms and conditions may vary by region and retailer. Please retain your proof of purchase for any warranty claims.
