Evajoy 12ft x 30in Round

EVAJOY 12ft x 30in Round Metal Frame Above Ground Swimming Pool

Model: 12ft x 30in Round | Brand: Evajoy

1. INTRODUCTION

This manual provides essential instructions for the safe and efficient setup, operation, and maintenance of your EVAJOY 12ft x 30in Round Metal Frame Above Ground Swimming Pool. Please read all instructions carefully before assembly and use. Retain this manual for future reference.

Important Safety Information

- Always supervise children in and around the pool.
- Ensure the pool is set up on a level, stable surface.
- Do not dive or jump into the pool.
- Keep the pool area clear of debris and obstacles.
- Follow all local regulations regarding pool safety and fencing.

2. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

- Pool Liner (Heavy-Duty PVC)
- Metal Frame Components (Galvanized Steel Pipes, Connectors)
- 3-Layer PVC Support Bands
- Filter Pump (Included Components: Filter Pump)
- Instruction Manual

3. SETUP AND ASSEMBLY

The EVAJOY 12ft x 30in Round Metal Frame Pool is designed for fast and easy 3-step setup. Follow these steps for proper assembly:

1. **Prepare the Ground:** Select a flat, level area in your backyard, garden, or lawn. Clear the area of any sharp objects, debris, or uneven surfaces. A ground cloth (not included) is recommended to protect the pool liner.
2. **Lay the Pool Liner:** Carefully unroll and spread the heavy-duty PVC pool liner on the prepared ground. Ensure the drain plug is positioned correctly for future draining.
3. **Assemble the Frame:** Connect the galvanized steel frame components according to the diagrams provided in the separate assembly guide. Ensure all connections are secure. The 3-layer PVC support bands reinforce the frame and keep the legs firmly in place.
4. **Connect the Filter Pump:** Attach the included filter pump to the designated ports on the pool liner. Ensure all hoses and connections are tight to prevent leaks.
5. **Fill with Water:** Begin filling the pool with water. As the water level rises, the pool liner will settle into its final shape. Smooth out any wrinkles on the bottom of the pool.

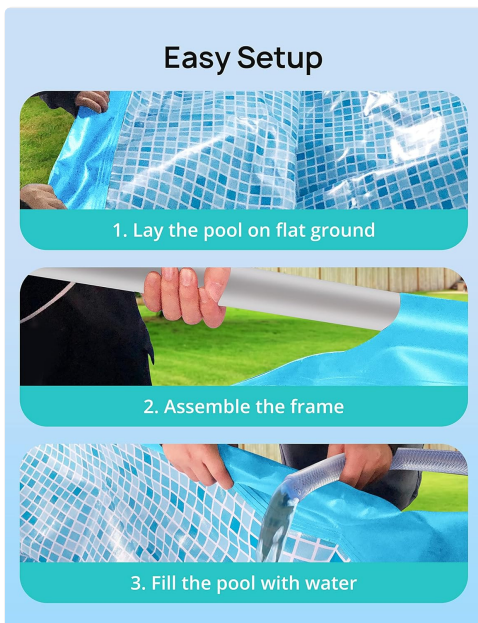

Image: Easy 3-step pool setup. This image illustrates the three main steps for setting up the pool: laying the liner on flat ground, assembling the metal frame, and filling the pool with water.

Image: Secure Frame Connection. This image shows a close-up of the secure connection points for the metal frame, highlighting the robust design that ensures stability.

Image: Enhanced Wall Support. This image details the 3-layer PVC support bands that wrap around the pool, providing additional stability and reinforcing the pool walls.

4. OPERATING INSTRUCTIONS

Once assembled and filled, your EVAJOY pool is ready for use. Remember to always prioritize safety.

- **Water Level:** Maintain the water level between the minimum and maximum fill lines indicated on the pool liner.
- **Filter Pump Operation:** Operate the filter pump daily for several hours to ensure proper water circulation and filtration. Refer to the filter pump's separate manual for specific operating instructions.
- **Water Treatment:** Use appropriate pool chemicals to maintain water quality and prevent algae growth. Test water regularly and adjust chemical levels as needed.
- **Entry and Exit:** Use a sturdy ladder (if applicable and not included with this model) for safe entry and exit.

30in round pool in a backyard setting, demonstrating its family-size capacity.

Image: Pool Capacity. This image highlights the pool's capacity of 1718 gallons, with children and adults enjoying the water, emphasizing the spacious and leak-proof design.

5. MAINTENANCE

Regular maintenance is crucial for extending the lifespan of your pool and ensuring a clean swimming environment.

- **Cleaning:** Regularly skim the surface for leaves and debris. Use a pool vacuum or brush to clean the bottom and sides of the liner.
- **Filter Cartridge:** Clean or replace the filter cartridge in your pump as recommended by the pump manufacturer to maintain efficient filtration.
- **Winterization/Storage:** For long-term storage or during colder months, completely drain the pool, clean the liner thoroughly, and allow it to dry. Disassemble the frame and store all components in a dry, protected area to prevent damage and prolong product life.
- **Liner Inspection:** Periodically inspect the PVC liner for any signs of wear, punctures, or tears. Address minor damages promptly with a repair kit (not included).

Image: Engineered to Last. This image provides a detailed view of the 3-layer reinforced heavy-duty PVC liner, highlighting its construction for increased durability and resistance to rips and punctures.

6. TROUBLESHOOTING

Refer to this section for common issues and their solutions.

Problem	Possible Cause	Solution
Water Leakage	Puncture in liner, loose pump connections, faulty drain plug.	Inspect liner for damage and repair with a patch kit. Tighten all pump and hose connections. Ensure drain plug is securely closed.
Cloudy Water	Insufficient filtration, improper chemical balance, high debris load.	Run filter pump longer. Test and adjust water chemistry (pH, chlorine). Clean or replace filter cartridge.

Problem	Possible Cause	Solution
Pump Not Working	Power issue, clogged impeller, airlock.	Check power supply and connections. Refer to pump manual for specific troubleshooting steps for clogs or airlocks.
Frame Instability	Uneven ground, loose frame connections.	Ensure pool is on a perfectly level surface. Recheck all frame connections and ensure they are fully engaged.

7. SPECIFICATIONS

Feature	Detail
Brand	Evajoy
Model	12ft x 30in Round
Capacity	1718 Gallons
Product Dimensions (L x W x H)	144"L x 144"W x 33"H
Shape	Round
Color	Blue
Material Type	Polyvinyl Chloride (PVC)
Item Weight	53 Pounds
Included Components	Filter Pump
UPC	719710511392
ASIN	B09VT8ZHLG

8. WARRANTY AND SUPPORT

Your EVAJOY pool comes with a limited warranty. Please refer to the product packaging or the manufacturer's official website for specific warranty terms and conditions. Typically, a 30-day return policy applies from the date of purchase.

Customer Support

For technical assistance, missing parts, or warranty claims, please contact Evajoy customer support through their official website or the contact information provided with your purchase. When contacting support, please have your product model and purchase date available.
