Evajoy Inflatable Swimming Pool with Canopy User Manual

Brand: Evajoy | Model: AMZEJ-HF042B01

INTRODUCTION

The Evajoy Large Inflatable Swimming Pool with Canopy offers a spacious and enjoyable aquatic experience for families. Designed for quick setup and easy maintenance, this pool provides a refreshing escape during warm weather, complete with a detachable canopy for sun protection. Its durable PVC material and stable three-chamber design ensure lasting fun.

Figure 1: Evajoy Large Inflatable Swimming Pool with Canopy.

SAFETY INFORMATION

- Always supervise children when they are in or near the pool.
- Do not over-inflate the pool. Refer to inflation guidelines.
- Ensure the pool is placed on a flat, level surface free of sharp objects.
- Empty the pool completely after each use to prevent accidental drowning.
- Keep the pool away from heat sources and open flames.
- Do not dive or jump into the pool.
- The canopy provides sun protection but does not eliminate the need for sunscreen.

PARTS LIST

Part	Description	Quantity
Inflatable Pool	Main pool structure with multiple air chambers.	1

Part	Description	Quantity
Canopy	Detachable sun shade for UV protection.	1
Canopy Poles	Support poles for the canopy.	2
Repair Patch Kit	For minor punctures.	1

SETUP INSTRUCTIONS

1. **Choose a Location:** Select a flat, level, and clear area in your backyard or garden. Ensure there are no sharp objects, rocks, or debris that could puncture the pool.

Garden Pool For Kids & Adults

Enough space for the entire family to have fun during summer

Detachable Canopy
Design Patent

Figure 2: The pool dimensions are 150"L x 70"W x 20"H, requiring ample space.

2. **Unfold the Pool:** Carefully unroll and unfold the inflatable pool in your chosen location.
3. **Inflate the Chambers:** The pool features three separate air chambers for stability. Use an electric air pump (not included) for quick inflation.
 - Open the small valve on each chamber.
 - Fully pump air into each chamber until it is firm to the touch but not over-inflated.
 - Securely cap the valve after inflation.

Inflates & Deflates Fast

1 Open the small valve.

2 Fully pump air, then cap the valve.

3 Note: keep the valve closed.

4 Open the large valve to deflate fast.

Figure 3: Inflation and deflation steps for the pool valves.

Figure 4: Close-up view of the inflation valve during pumping.

4. **Attach the Canopy:** Assemble the canopy poles and insert them into the designated slots on the pool. Secure the canopy to the pool using the provided ties or fasteners. The canopy provides shade and UV protection.

Shelter From The Sun & Rain

The detachable canopy protects against the weather

Figure 5: The detachable canopy offers UPF 50+ sun protection.

5. **Fill with Water:** Begin filling the pool with water using a garden hose. Do not fill above the indicated fill line to prevent overflow and maintain structural integrity. The pool has a capacity of 1161 liters.

OPERATING INSTRUCTIONS

Once set up, the Evajoy Inflatable Swimming Pool is ready for use. It provides ample space for multiple users to enjoy. The pool can be used for swimming, splashing, or as a ball pit.

- Ensure all users, especially children, are supervised while in the pool.
- Avoid sharp objects or rough play that could damage the pool material.
- The pool is designed for recreational use. Do not use for diving or jumping.

Figure 6: The spacious pool is suitable for both water play and use as a ball pit.

- **Cleaning:** Regularly clean the pool with mild soap and water. Rinse thoroughly. Do not use harsh chemicals or abrasive cleaners.
- **Draining:** To drain the pool, open the large drainage valves located at the bottom. This allows for quick and easy water removal.

Inflates & Deflates Fast

1 Open the small valve.

2 Fully pump air, then cap the valve.

3 Note: keep the valve closed.

4 Open the large valve to deflate fast.

Figure 7: The pool features double drainage outlets for efficient water removal.

- **Drying:** Ensure the pool is completely dry before folding and storing to prevent mildew and damage.
- **Storage:** Deflate the pool and canopy, fold them neatly, and store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Repairing Punctures:** In case of a minor puncture, use the included repair patch kit. Clean the area around the puncture, apply the patch firmly, and allow it to cure according to the patch kit instructions.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Pool is losing air.	Valve not properly sealed, small puncture, or extreme temperature changes.	Check all valves are securely closed. Inspect for punctures and use the repair kit if found. Air pressure can fluctuate with temperature; re-inflate if necessary.
Pool sides are not stable.	Under-inflated chambers or uneven ground.	Ensure all three air chambers are fully inflated. Relocate the pool to a completely flat and level surface.
Canopy is not staying upright.	Poles not properly assembled or secured.	Verify that canopy poles are fully inserted and secured into their designated slots and ties.

SPECIFICATIONS

Brand: Evajoy

Model Number: AMZEJ-HF042B01

Product Dimensions: 150"L x 70"W x 20"H

Material: Polyvinyl Chloride (PVC)

Capacity: 1161 Liters

Age Range (Description): Kid (suitable for ages 3+)

Occupancy: 7 person

Special Feature: Inflatable, Detachable Canopy

Color: Blue

Item Weight: 25.5 pounds
