OPPO CPH2333

OPPO A96 User Manual

Model: CPH2333

INTRODUCTION

Welcome to the user manual for your new OPPO A96 smartphone. This guide provides comprehensive instructions on setting up, operating, maintaining, and troubleshooting your device. Please read this manual carefully to ensure optimal performance and longevity of your smartphone.

SETUP

Unboxing and Initial Setup

Upon opening the box, ensure all components are present:

- OPPO A96 Smartphone
- SIM Tray Ejector
- Power Adapter
- USB Cable (Type-C)
- Quick Start Guide
- Safety Guide

Inserting SIM Card and Charging

1. Locate the SIM card tray on the side of the phone. Use the provided SIM tray ejector tool to open the tray.
2. Carefully place your Nano-SIM card(s) and/or microSD card into the designated slots on the tray. Ensure the gold contacts are facing down.
3. Gently push the tray back into the phone until it clicks into place.
4. Connect the USB cable to the phone's charging port and the power adapter. Plug the adapter into a power outlet to charge the device. It is recommended to fully charge the phone before first use.

OPERATING YOUR OPPO A96

Power On/Off and Restart

- **Power On:** Press and hold the Power button (located on the right side) until the OPPO logo appears.
- **Power Off:** Press and hold the Power button and Volume Up button simultaneously. A power menu will appear. Tap 'Power off'.
- **Restart:** From the power menu, tap 'Restart'.

Basic Navigation

The OPPO A96 features a 90Hz Color-Rich Punch-Hole Display for smooth interaction. Navigate using touch gestures:

- **Tap:** Select an item or open an app.
- **Swipe:** Scroll through screens or lists.

- **Pinch:** Zoom in or out on photos and web pages.
- **Long Press:** Access contextual menus or move icons.

Camera Usage

The OPPO A96 is equipped with a 50MP + 2MP rear camera and a 16MP front camera for high-quality photos and videos. Open the Camera app from your home screen or app drawer.

- **Switch Modes:** Swipe left or right on the screen to switch between Photo, Video, Portrait, Night, and other modes.
- **Zoom:** Pinch in or out on the screen, or tap the zoom icons.
- **Focus:** Tap on the screen to set the focus point.
- **Capture:** Tap the Shutter button to take a photo or start/stop recording a video.

MAINTENANCE AND CARE

Proper maintenance ensures the longevity and optimal performance of your OPPO A96.

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive materials or harsh chemicals.
- **Software Updates:** Regularly check for and install system updates to ensure your device has the latest features, security patches, and performance improvements.
- **Battery Care:** The OPPO A96 features a 5000 mAh battery with 33W SUPERVOOC™ Charging. To prolong battery life, avoid extreme temperatures and do not let the battery drain completely too often. Use only original or certified chargers and cables.
- **Storage Management:** Periodically clear unnecessary files, cache, and uninstall unused apps to free up the 128 GB internal storage and maintain smooth operation. The device supports expandable storage up to 256 GB.
- **Physical Protection:** Consider using a protective case and screen protector to guard against drops and scratches.

TROUBLESHOOTING

This section addresses common issues you might encounter with your OPPO A96.

Problem	Possible Solution
Phone does not turn on	Ensure the battery is charged. Connect to charger for at least 10 minutes. If still unresponsive, perform a forced restart by holding Power button and Volume Up button for 10-15 seconds.
Apps are crashing or freezing	Clear the app's cache and data (Settings > Apps > [App Name] > Storage). Update the app to the latest version. If the issue persists, uninstall and reinstall the app.
Poor battery life	Reduce screen brightness, disable unnecessary background apps, turn off Wi-Fi/Bluetooth when not in use, and limit location services. Check battery usage in Settings to identify power-hungry apps.
Cannot connect to Wi-Fi/Bluetooth	Toggle Wi-Fi/Bluetooth off and on. Restart your phone and the router/Bluetooth device. Forget the network/device and reconnect.
Fingerprint sensor not working	Ensure your finger is clean and dry. Re-register your fingerprints in Settings > Fingerprint, Face & Passcode. Ensure the sensor area is clean.
