

## ARREGUI SEG013

# ARREGUI Keeper-E SEG013 Smart Key Safe User Manual

Your guide to secure and smart key management.

## 1. INTRODUCTION

The ARREGUI Keeper-E SEG013 is an intelligent key safe designed for secure storage of property keys, car keys, cards, and other small valuables. It is ideal for managing access to tourist apartments, accommodations, sports facilities, vehicle rentals, construction sites, and more, by facilitating remote management. This manual provides comprehensive instructions for the installation, operation, and maintenance of your Keeper-E key safe.

## 2. SAFETY WARNINGS

### Important Safety Information:

- This product is intended for outdoor use, but must be protected from direct rain and sunlight.
- Do not exceed the maximum recommended load capacity of the safe.
- Ensure proper installation to prevent accidental detachment or damage.
- Keep out of reach of children to prevent unauthorized access.
- Use only specified battery types (4 x AAA 1.5V).

## 3. SETUP

### 3.1 Package Contents

Before starting, ensure all components are present:

- ARREGUI Keeper-E SEG013 Key Safe
- Mounting hardware (screws included)
- 4 x AAA 1.5V batteries
- User Manual (this document)

### 3.2 Battery Installation

The Keeper-E operates on 4 AAA 1.5V batteries. These are included with your purchase.

1. Locate the battery compartment, typically on the inside of the safe door or rear panel.
2. Open the compartment cover.
3. Insert the 4 AAA batteries, ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

### **3.3 Wall Mounting**

The Keeper-E is designed for easy wall installation and comes with a rubber PTA back shell to prevent friction when fixed to the wall. It has 4 pre-drilled holes on the rear for secure mounting.

1. Choose a suitable location for installation, ensuring it is protected from direct rain and sunlight.
2. Mark the drilling points on the wall using the safe's rear holes as a template.
3. Drill holes at the marked points.
4. Insert appropriate wall anchors (if necessary, depending on wall material).
5. Align the safe with the drilled holes and secure it to the wall using the provided screws. Ensure it is firmly attached.

### 3.4 Mobile Application Setup

The ARREGUI Keeper-E is managed via the ARREGUI mobile application, available on Google Play (Android) and the App Store (Apple).

1. Download the "ARREGUI" app from your device's app store.
2. Open the app and create an administrator account.
3. Follow the in-app instructions to pair your Keeper-E safe with your mobile device via Bluetooth. Ensure Bluetooth is enabled on your phone and the safe is powered on.
4. Once paired, you can name your Keeper-E for easy identification, especially if managing multiple units.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Opening the Safe

The Keeper-E offers two primary methods for opening:

- **Via Keypad:** Enter a valid access code on the front touch keypad. The safe will unlock, allowing you to open the door.
- **Via Mobile Application (Bluetooth):** When in close proximity to the safe, open the ARREGUI app and press the unlock button. The safe will open via Bluetooth connection.

### 4.2 Managing Access Codes and Users

The ARREGUI app provides extensive management capabilities:

- **Temporary Opening Codes:** Create an unlimited number of temporary codes with specific date ranges. These codes can be shared via messaging apps.
- **Regular Users:** Add and manage up to 5 regular users. Assign opening permissions based on specific days of the week and time slots. This is useful for cleaning staff, maintenance, etc.
- **Usage History:** Consult the history of usage and openings directly from the app. This provides a log of who accessed the safe and when.
- **Managing Multiple Keeper-E Units:** From a single administrator account, you can manage an unlimited number of Keeper-E safes, assigning a unique name or alias to each.
- **Duress Code:** Define a duress code (only when in proximity via Bluetooth) for emergency situations.

### 4.3 Closing the Safe

To close the safe, simply push the door firmly until it latches. Ensure it is fully closed to maintain security and prevent the device from blocking (as noted in some user feedback, if the door is not fully closed, the device may require a battery reset).

## 5. MAINTENANCE

---

### 5.1 Battery Replacement

When the batteries are low, the safe may indicate this via a light or an app notification. Replace all 4 AAA 1.5V batteries simultaneously to ensure optimal performance. Refer to section 3.2 for battery installation steps.

### 5.2 Cleaning

Clean the exterior of the safe with a soft, damp cloth. Do not use abrasive cleaners or solvents, as these can damage the finish or the electronic components.

### 5.3 Environmental Protection

Although designed for outdoor use, protect the safe from direct exposure to heavy rain, snow, and prolonged direct sunlight to extend its lifespan and ensure proper functioning of the electronic components.

## 6. TROUBLESHOOTING

If you encounter issues with your ARREGUI Keeper-E, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Safe does not open with code.	Incorrect code entered; low batteries; keypad malfunction.	Verify the code. Replace batteries. Try opening via app (if possible).
App connection issues (Bluetooth).	Bluetooth off; safe out of range; app glitch; low batteries.	Ensure Bluetooth is on. Move closer to the safe. Restart the app. Replace batteries.
Safe is "blocked" or unresponsive.	Door not fully closed previously; internal error.	Remove batteries, wait 30 seconds, reinsert. Ensure door closes completely after each use.
Temporary codes not working.	Expired code; incorrect time/date settings on safe/app; network issue.	Check code validity period in app. Ensure safe and phone have correct time. Re-generate code.

If the problem persists after attempting these solutions, please contact ARREGUI customer support for further assistance. Provide your model number (SEG013) and a detailed description of the issue.

## 7. SPECIFICATIONS

- Brand:** ARREGUI
- Model Number:** SEG013
- Color:** Silver
- Product Dimensions (L x W x H):** 5.5 x 8 x 12 cm (2.17 x 3.15 x 4.72 inches)
- Item Weight:** 1.35 Kilograms (2.98 pounds)
- Material:** Alloy Steel
- Special Features:** Bluetooth and Cloud Connectivity, Smart Home Integration, Remote Management via Mobile App
- Mounting Type:** Wall Mount
- Power Source:** 4 x AAA 1.5V Batteries (included)
- Door Style:** Front Touch Keypad
- Recommended Use:** Keys

## 8. WARRANTY AND SUPPORT

Information regarding specific warranty terms and conditions for the ARREGUI Keeper-E SEG013 may be provided

with your purchase documentation or on the official ARREGUI website. Please retain your proof of purchase for warranty claims.

For technical support, inquiries, or assistance with your product, please visit the official ARREGUI website or contact their customer service department. Contact details are typically found on the manufacturer's website or in the product packaging.
