Philips Hue 572800

Philips Hue 75W A19 White and Color Ambiance LED Smart Bulb Instruction Manual

Model: 572800

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Philips Hue 75W A19 White and Color Ambiance LED Smart Bulbs. These bulbs offer both warm-to-cool white light and millions of colors, controllable via the Philips Hue app, voice assistants, or a Philips Hue Bridge.

2. WHAT'S IN THE BOX

The package contains the following items:

- Four (4) Philips Hue White and Color Ambiance smart 75W-equivalent A19 color-changing light bulbs.

Feature	Specification
Control Method	App (Bluetooth or Hue Bridge)
Indoor/Outdoor Usage	Indoor
Material	Copper
Product Dimensions	2.4"W x 4.3"H
Certification	Energy Star Certified, CRI 80

4. SETUP

Follow these steps to set up your Philips Hue smart bulbs:

- 1. Install Your Lighting:** Screw the Philips Hue A19 smart bulbs into your desired light fixtures. Ensure the power to the fixture is turned off before installation.
- 2. Connect to Philips Hue Bridge (Recommended for Full Features) or Bluetooth:**
 - **With Hue Bridge:** If you have a Philips Hue Bridge (sold separately), connect it to your Wi-Fi router using the provided Ethernet cable and power adapter. The Bridge unlocks full features like automations, control from anywhere, and integration with Matter.
 - **With Bluetooth:** For basic control in a single room, you can connect directly via Bluetooth without a Bridge.
- 3. Download the Philips Hue App:** Download the official Philips Hue app from the App Store (iOS) or Google Play Store (Android) on your smartphone or tablet.
- 4. Pair the Bulbs:** Open the Philips Hue app and follow the on-screen instructions to discover and pair your new bulbs. If using a Bridge, ensure the Bridge is connected and powered on. If using Bluetooth, ensure Bluetooth is enabled on your device and you are within range of the bulbs.

5. OPERATING INSTRUCTIONS

Once your Philips Hue bulbs are set up, you can control them using various methods:

5.1. Philips Hue App Control

The Philips Hue app is the primary interface for managing your lights. Through the app, you can:

- **Turn On/Off and Dim:** Adjust brightness levels from 1% to 100%.
- **Change Colors:** Select from millions of colors and shades of white (warm to cool).
- **Create Scenes:** Save your favorite light settings (color, brightness) as custom scenes for quick access.
- **Set Routines and Automations:** Schedule lights to turn on/off, change color, or dim at specific times or based on events (requires Hue Bridge).
- **Sync with Media:** Synchronize your lights with movies, games, and music for immersive experiences (requires Hue Bridge).

5.2. Voice Control

The bulbs are compatible with popular voice assistants. After linking your Philips Hue account in the respective assistant's app, you can use simple voice commands:

- **Alexa:** "Alexa, turn on the living room lights."
- **Google Assistant:** "Hey Google, set the kitchen lights to blue."
- **Apple HomeKit:** "Hey Siri, dim the bedroom lights to 50%."

Easy control with your voice

Works with Amazon Alexa and the Google Assistant

Simple to set up and use with Alexa

5.3. Control Options: Bridge vs. Bluetooth

The functionality of your Philips Hue bulbs varies depending on whether they are connected via Bluetooth or a Philips Hue Bridge:

Feature	With Hue Bridge	With Bluetooth Only
Coverage	Full home and outdoor	One room

Feature	With Hue Bridge	With Bluetooth Only
Easy Ambiance Creation (App/Voice)	Yes	Yes
Add Smart Switches & Motion Sensors	Yes	No
Set Routines, Timers & Automations	Yes	No
Sync Lights with Movies, Games & Music	Yes	No
Away From Home Control	Yes	No

Start with Hue Bridge or Bluetooth

Full home and outdoor

Range

One room

Easy ambient creation with app or voice

*Philips Hue Bridge sold separately

Add smart switches and motion sensors

Set routines, timers and automations

Sync your lights with movies, games and music

Away from home control

6. MAINTENANCE

Philips Hue LED bulbs are designed for long-lasting performance and require minimal maintenance.

- **Cleaning:** Ensure the bulb is off and cool before cleaning. Wipe the bulb with a soft, dry cloth. Do not use liquid or abrasive cleaners.
- **Replacement:** These LED bulbs have a long lifespan. When replacement is necessary, ensure the power is off before unscrewing the old bulb and installing a new one. Dispose of old bulbs according to local electronic waste regulations.

7. TROUBLESHOOTING

If you encounter issues with your Philips Hue bulbs, consider the following:

- **Bulb Not Responding:**
 - Ensure the light switch is in the ON position.
 - Check if the bulb is securely screwed into the fixture.
 - Verify that the bulb is within Bluetooth range of your device or the Hue Bridge.
 - Restart the Philips Hue app.
 - If using a Hue Bridge, ensure it is powered on and connected to your router.
- **Connectivity Issues:**
 - For Bluetooth connection, ensure your device's Bluetooth is enabled and you are close to the bulb.
 - For Hue Bridge connection, check the Bridge's network connection and power. Try restarting the Bridge and your router.
 - If adding new bulbs, ensure they are powered on and follow the pairing process in the app.
- **Inconsistent Color/Brightness:**
 - Ensure the bulb's firmware is up to date via the Philips Hue app.
 - Recalibrate the bulb within the app if options are available.

8. SAFETY INFORMATION

Please read and follow these safety guidelines:

- Do not use in fully enclosed luminaires.
- Not suitable for use with standard dimmers. Only dim via the Philips Hue app or compatible Hue accessories.
- Risk of electric shock. Do not open or modify the bulb.
- Ensure power is off before installing or removing the bulb.
- This device is not intended for emergency exits.
- Keep away from water and damp environments.

9. WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the official Philips Hue website or contact their customer service. Details regarding product warranty periods and service options are typically available on the manufacturer's support pages. You can visit the Philips Hue Store for more information: [Philips Hue Store](#)
