

BACKWIN B870

BACKWIN Wired Earbuds User Manual

Model: B870

INTRODUCTION

This manual provides detailed instructions for the use, setup, and maintenance of your BACKWIN Wired Earbuds, Model B870. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

The BACKWIN Wired Earbuds, featuring a 3.5mm jack and in-line controls, are designed for a wide range of audio devices.

PACKAGE CONTENTS

Verify that all items are present in the package:

- BACKWIN Wired Earbuds (Model B870)
- Ear Cushions (3 pairs: Small, Medium, Large)
- Protective Case
- Instruction Manual (this document)

SETUP

1. Selecting the Right Ear Tips

Proper ear tip selection is crucial for comfort, sound quality, and noise isolation. Experiment with the included Small (S), Medium (M), and Large (L) ear tips to find the best fit for your ears.

- Gently pull off the pre-installed ear tips.
- Select a pair of ear tips that feel comfortable and create a good seal in your ear canal.
- Press the new ear tips firmly onto the earbud nozzles until they are securely attached.

2. Connecting to Your Device

The BACKWIN Wired Earbuds feature a standard 3.5mm audio jack for broad compatibility.

1. Locate the 3.5mm audio jack on your smartphone, tablet, laptop, desktop PC, MP3 player, or game console.
2. Insert the earbud's 3.5mm plug firmly into the device's audio jack until it clicks into place.
3. Ensure the connection is secure to prevent audio interruptions.

- **Volume Up (+):** Press to increase volume.
- **Volume Down (-):** Press to decrease volume.
- **Multi-function Button (Center):**
 - **Press once:** Play/Pause audio; Answer/End call.
 - **Double press:** Next track.
 - **Triple press:** Previous track.
- **Built-in Microphone:** Located on the remote, allows for hands-free calling. Position the microphone near your mouth for clear communication.

FEATURES AND TECHNOLOGY

Four-Speaker Sound System

Each earbud is equipped with two speakers: a moving coil speaker for powerful bass and an iron ring speaker for clear highs and noise reduction. This dual-driver design delivers a balanced and immersive audio

experience.

HiFi Stereo Sound

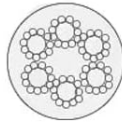

Deep Bass, Soft Medium, and Crisp Highs

Anatomy of the earbud's internal structure, highlighting the dynamic coil for bass and moving iron for treble, contributing to HiFi stereo sound.

Anti-Tangle Cable Design

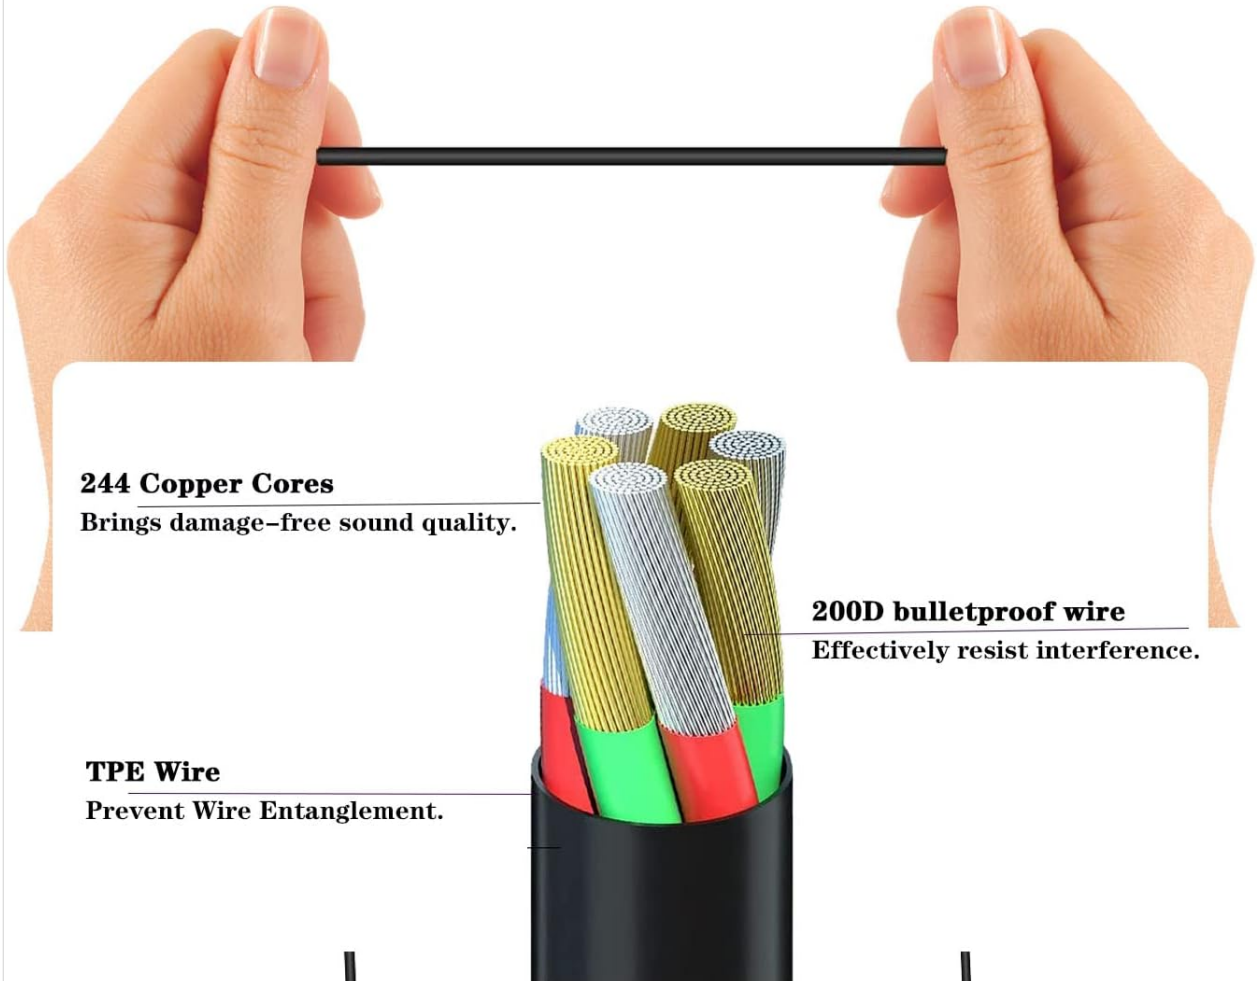

The earbud cable is constructed from soft and elastic aerospace TPE hollow material, reinforced with copper wire and fiber. This design provides excellent durability, abrasion resistance, and significantly reduces tangling, ensuring a smooth user experience, especially during gaming with 0 latency.

TPE Noise Reduction Coillpsum

TPE spiral coil

← 50% stronger pulling force than ordinary round wirelpsum. →

244 Copper Cores

Brings damage-free sound quality.

200D bulletproof wire

Effectively resist interference.

TPE Wire

Prevent Wire Entanglement.

Detailed cross-section of the TPE noise reduction cable, showing its robust construction with 244 copper cores and 200D bulletproof wire for durability and tangle prevention.

IP67 Dustproof and Waterproof Rating

The earbuds are rated IP67, offering protection against dust ingress and immersion in water up to 1 meter for 30 minutes. This makes them suitable for use during workouts or in light rain, but they are not intended for swimming or prolonged submersion.

MAINTENANCE AND CARE

- **Cleaning:** Regularly clean the ear tips with a soft, damp cloth. For the earbud nozzles, gently wipe away any earwax or debris using a dry cotton swab. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earbuds in the provided protective case to prevent tangling and damage.

- **Water Exposure:** While IP67 rated, avoid unnecessary exposure to water. If they get wet, dry them thoroughly before storing or using again. Do not charge or connect to a device if the jack is wet.
- **Cable Care:** Avoid sharp bends or excessive pulling on the cable to maintain its integrity.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound or low volume	<ul style="list-style-type: none">• Earbuds not fully plugged in.• Device volume too low or muted.• Incorrect audio output selected on device.• Dirty earbud nozzle or ear tips.	<ul style="list-style-type: none">• Ensure the 3.5mm jack is fully inserted.• Increase volume on both the device and the in-line remote. Check if device is muted.• Verify your device's audio settings are outputting to the correct jack.• Clean the earbud nozzles and ear tips.
Sound distortion or crackling	<ul style="list-style-type: none">• Loose connection.• Damaged cable or jack.• Audio source issue.	<ul style="list-style-type: none">• Re-insert the 3.5mm jack firmly.• Try the earbuds with another device to rule out a product defect.• Test with a different audio file or application.
Microphone not working	<ul style="list-style-type: none">• Device microphone settings.• Application permissions.	<ul style="list-style-type: none">• Check your device's audio input settings to ensure the external microphone is selected.• Grant microphone permissions to the application you are using.

SPECIFICATIONS

Model Name	B870
Connectivity Technology	Wired (3.5mm Jack)
Speaker Configuration	Four-speaker system (Moving Coil + Iron Ring per earbud)
Cable Material	Aerospace TPE hollow material with copper wire and fiber

Water Resistance Rating	IP67 (Dustproof and Waterproof)
Control Type	In-line Volume Control, Multi-function Button
Microphone	Built-in
Ear Placement	In Ear
Noise Control	Sound Isolation
Item Weight	1.13 ounces

WARRANTY AND SUPPORT

The BACKWIN Wired Earbuds (Model B870) come with a **2-year warranty** from the date of purchase. This warranty covers manufacturing defects and workmanship under normal use.

The warranty does not cover:
