SETUP INSTRUCTIONS

Follow these steps to assemble your playset:

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Assemble Base:** Connect the brown base pieces together. Ensure they snap securely into place.
3. **Attach Launch Ramp:** Secure the red launch ramp section to the designated area on the brown base.
4. **Install Fire Elements:** Place the yellow flame pieces onto the red structure above the launch ramp.
5. **Position Monster Truck Tire:** Attach the large black monster truck tire to the blue support structure. This structure then connects to the main playset base.
6. **Prepare Crushable Car:** Place the crushable car in the grandstands area for added destruction during play.

OPERATING INSTRUCTIONS

Experience the thrill of the 5-Alarm Fire Crash Challenge:

1. **Position the Monster Truck:** Place the HW 5-Alarm monster truck onto the launch ramp at the starting position.
2. **Prepare for Launch:** Pull back the launcher mechanism until it locks into place.
3. **Launch the Truck:** Release the launcher to send the monster truck catapulting forward.
4. **Hit the Smash Spot:** Aim for the designated smash spot to knock out the pretend flames.
5. **Trigger Destruction:** The playset's base moves and shakes, providing sensory feedback. Successfully hitting the target can also send the crushable car (or other Hot Wheels cars, sold separately) flying from the grandstands.

MAINTENANCE

To ensure the longevity and optimal performance of your playset:

- **Cleaning:** Wipe down the playset and vehicles with a soft, damp cloth. Avoid harsh chemicals or

abrasive cleaners.

- **Storage:** Store the playset in a cool, dry place away from direct sunlight when not in use.
- **Inspection:** Periodically check for any loose or damaged parts. Discontinue use if any significant damage is found.

TROUBLESHOOTING

If you encounter issues with your playset, consider the following:

- **Truck Not Launching Effectively:**
 - Ensure the launcher mechanism is pulled back completely until it clicks into place before releasing.
 - Verify that the monster truck is correctly positioned on the launch ramp, aligned with the track.
 - Check for any obstructions on the track or around the launcher that might impede the truck's movement.
- **Flames or Tire Not Triggering:**
 - Confirm that the monster truck is hitting the designated smash spot with sufficient force.
 - Ensure all playset components are securely connected as per the setup instructions.
