- **Cleaning:** Use a soft, dry cloth to clean the earphone. Do not use abrasive cleaners or immerse the device in water.
- **Storage:** Store the earphone in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the earphone frequently. Charge it regularly, even if not in use for extended periods.
- **Avoid Damage:** Do not drop, disassemble, or modify the earphone. This can void the warranty and cause damage.

8. TROUBLESHOOTING

Problem	Possible Solution
Earphone does not power on.	Ensure the earphone is charged. Connect it to a power source and try again after a few minutes.
Cannot pair with device.	Make sure Bluetooth is enabled on your device and the earphone is in pairing mode (flashing red and blue). Ensure the earphone is within 10 meters of your device. Try restarting both devices.
No sound during music playback or calls.	Check the volume levels on both the earphone and your connected device. Ensure the earphone is properly connected via Bluetooth.
Translation function not working.	Verify that the "Peiko" app is installed, open, and the earphone is connected within the app. Check your internet connection, as translation often requires online processing. Ensure correct source and target languages are selected.
Poor audio quality.	Ensure the earphone is within range of your device and there are no obstructions. Check for interference from other wireless devices. Clean the earphone's speaker mesh if necessary.
