SETUP AND ASSEMBLY

Follow these steps to assemble your Playmobil Wedding Starter Pack:

1. **Assemble the Trellis:** Connect the trellis pieces to form the arch. Place the decorative flowers and the large white flower at the top as shown in the illustrations. Ensure it stands securely on its bases.
2. **Prepare the Figures:** Place the bride and groom figures under the assembled trellis. Position the photographer figure with the camera on its tripod nearby, ready to capture the moment.
3. **Decorate the Convertible Car:** Attach the included flowers to the car using the suction cups. These can be placed on the hood or other smooth surfaces of the car.
4. **Attach Wedding Cans:** Secure the decorative cans to the rear of the convertible car. These are designed to trail behind the car as it moves.

OPERATING INSTRUCTIONS

The Playmobil Starter Pack Wedding set is designed for imaginative play. Here are some ways to interact with the set:

- **Figure Interaction:** The figures can be posed and placed in various positions. The bride and groom

figures can sit inside the convertible car.

- **Convertible Car:** The car is free-rolling and can be pushed along surfaces. The removable stickers allow for redecoration. The attached cans will rattle as the car moves, simulating a wedding procession.
