

HEYVALUE MBZ186

HEYVALUE Baby Sound Machine with Night Light (Model MBZ186) - Instruction Manual

Model: MBZ186 | Brand: HEYVALUE

1. PRODUCT OVERVIEW

The HEYVALUE Baby Sound Machine with Night Light is designed to create a comfortable and relaxing environment for babies to fall asleep and maintain good sleep quality. This versatile device features a wide range of soothing sounds, customizable night light options, and smart control capabilities.

Key features include:

- 34 high-fidelity soothing sounds.
- Hundreds of colored lights with 100-level color gradients and brightness.
- Wi-Fi remote control via a dedicated app.
- Customization options for sound, light, brightness, and volume.
- 30/60/90 minutes auto-off timer.
- Child lock function.
- Alexa compatibility for voice control.
- Up to 12 hours of usage on a full charge.

2. SAFETY INFORMATION

Warning: Please do not disassemble the product. Keep away from water and fire. Do not wipe or wash with corrosive detergents. Ensure the product is placed on a stable surface. Keep out of reach of infants and young children to prevent choking hazards from small parts or entanglement with cords. Use only the provided charging cable.

3. SETUP & INSTALLATION

3.1 Unboxing

Carefully remove the sound machine and its accessories from the packaging. The box typically contains the sound machine unit, a USB charging cable, and this user manual.

Your browser does not support the video tag.

3.3 App Connection (Wi-Fi)

To utilize remote control features, download the "Smart Life" app from your smartphone's app store (available on App Store and Google Play). Ensure your phone's Bluetooth is on and connected to a 2.4G Wi-Fi network (5G Wi-Fi is not compatible). Open the app and select "Add Device" to pair with your sound machine. Follow the in-app instructions for pairing.

Your browser does not support the video tag.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

Locate the power switch on the bottom of the device. Slide it to the "ON" position to power on the sound machine. Slide it to "OFF" to power it off.

4.2 Changing Sounds and Lights

The device features touch-sensitive controls on the top surface and physical buttons on the front. Tap the top surface to cycle through preset sound and light combinations (favorites). Use the forward/backward buttons on the front to switch between individual sounds. Use the light button to turn the night light on/off and cycle through colors.

Your browser does not support the video tag.

Video: A quick demonstration of changing light colors and sounds by tapping the top of the device.

4.3 Volume Adjustment

Use the "VOL+" and "VOL-" buttons on the front of the device to adjust the sound volume. The app also provides a volume control slider.

4.4 Child Lock

To activate the child lock, long-press the play/pause button for 3 seconds. The indicator lights will flash to confirm activation. To deactivate, long-press the play/pause button for 3 seconds again.

6. MAINTENANCE & CARE

- Clean the device with a soft, dry cloth.
- Do not use abrasive cleaners or solvents.
- Keep the device dry and away from moisture.
- Store in a cool, dry place when not in use for extended periods.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not turning on	Low battery or power switch is off.	Charge the device fully. Ensure the power switch on the bottom is in the "ON" position.
Cannot connect to Wi-Fi/App	Incorrect Wi-Fi band (5G not supported), incorrect password, or device not in pairing mode.	Ensure you are connected to a 2.4G Wi-Fi network. Verify Wi-Fi password. Reset the device to pairing mode (refer to app instructions).
Sound quality is poor or inconsistent	Volume settings, sound selection, or device placement.	Adjust volume levels. Try different sound options. Ensure the device is placed on a stable surface away from obstructions.

Problem	Possible Cause	Solution
Night light not working	Light function is off or brightness is too low.	Press the light button to turn it on. Adjust brightness via the app or physical controls.
