# **saschedross AC Adapter Instruction Manual**

For Bosch Athlet 25.2V Lithium Power Vacuum Cleaners

Model: DYF-S-A030500

## **INTRODUCTION**

This manual provides essential instructions for the safe and effective use of your saschedross AC Adapter. This adapter is specifically designed to be compatible with various Bosch Athlet 25.2V Lithium Power vacuum cleaner models. Please read this manual thoroughly before use and retain it for future reference.

Compatible Bosch Athlet Vacuum Cleaner Models include:

- BCH625KTGB/02, BCH6256N1
- BBH6P25K, BCH6L2561
- BBH625M1, BCH65PET
- BBH625W60, BBH6PZOO, BCH625LTD, BCH65RT25K, BCH6L2561 RuntimePlus
- BCH65RT25A Zoo'o, BBH6256P1, BCH6ZOOO

## **SAFETY INSTRUCTIONS**

- Ensure the adapter is used with compatible devices only. Refer to the "Specifications" section for compatibility details.

- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to severe impact.
- Do not attempt to open, modify, or repair the adapter. Refer servicing to qualified personnel.
- Unplug the adapter from the power outlet when not in use or during electrical storms.
- Keep out of reach of children.
- Ensure proper ventilation around the adapter during operation to prevent overheating.

## PACKAGE CONTENTS

---

Verify that your package contains the following items:

- 2 x saschedross AC Adapter

## SETUP

---

1. **Verify Compatibility:** Before connecting, ensure your Bosch Athlet vacuum cleaner requires a 30V DC 0.5A power input and has a compatible proprietary connector.
2. **Connect to Vacuum:** Insert the DC output plug of the AC adapter firmly into the charging port of your Bosch Athlet vacuum cleaner.
3. **Connect to Power Outlet:** Plug the AC adapter into a standard 100-240VAC 50/60Hz wall power outlet.
4. **Initiate Charging:** The vacuum cleaner should indicate that it is charging, typically via an LED indicator on the vacuum itself.

*Image: The compact saschedross AC Adapter being easily stored in a pocket, highlighting its portability for travel.*

## OPERATING INSTRUCTIONS

---

Once connected, the adapter will supply power to charge your Bosch Athlet vacuum cleaner. The charging process is typically managed by the vacuum cleaner's internal battery management system.

- Allow sufficient time for the vacuum cleaner's battery to fully charge. Refer to your vacuum cleaner's manual for specific charging times.
- The adapter is designed for continuous charging, but it is recommended to unplug it once the vacuum's battery is fully charged to conserve energy.
- The adapter features Over Voltage Protection (OVP), Over Current Protection (OCP), and Short Circuit Protection (SCP) to ensure safe operation.

## MAINTENANCE

---

- Keep the adapter clean and free from dust. Use a dry, soft cloth for cleaning.

- Store the adapter in a cool, dry place when not in use.
- Avoid wrapping the cable too tightly around the adapter to prevent damage to the cable or connectors.
- Regularly inspect the adapter and cable for any signs of damage. Discontinue use if damage is observed.

## TROUBLESHOOTING

If you encounter issues with your AC adapter, please refer to the following common solutions:

- **Vacuum not charging:**
  - Ensure the adapter is securely plugged into both the wall outlet and the vacuum cleaner.
  - Check if the wall outlet is functional by plugging in another device.
  - Verify that the adapter is compatible with your specific Bosch Athlet vacuum model.
  - Inspect the adapter cable and connector for any visible damage.
- **Adapter feels warm:**

It is normal for the adapter to feel slightly warm during operation. If it becomes excessively hot, unplug it immediately and contact support. Ensure it is used in a well-ventilated area.

## SPECIFICATIONS

Model Numbers	DYF-S-A030500, YLS0241A-E300050, 12006118, VCAS010V25
Input Voltage	100-240VAC, 50/60Hz
Output Voltage	30V DC
Output Current	0.5A (500mA)
Wattage	30 Watts
Protection Features	OVP (Over Voltage Protection), OCP (Over Current Protection), SCP (Short Circuit Protection)
Connector Type	Proprietary
Cable Length	Approximately 6.5 ft (2 meters)
Dimensions (approx.)	2.7 in (H) x 1.2 in (W) x 1.6 in (D) (excluding prongs)
Manufacturer	Shenzhen Waweis Technology Co., Ltd
