ASALL 36W LED Music Ceiling Light User Manual

Model: ASALL005-40

INTRODUCTION

Thank you for purchasing the ASALL 36W LED Music Ceiling Light. This versatile lighting fixture combines energy-efficient LED illumination with a high-quality Bluetooth speaker, offering a dynamic lighting and audio experience. It features RGB rainbow colors, dimmable brightness, and convenient control via remote or a dedicated application. This manual provides detailed instructions for installation, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your product.

SAFETY INFORMATION

Please read all safety instructions carefully before installation and operation. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- Ensure power is disconnected at the circuit breaker before installation or maintenance.
- Installation should be performed by a qualified electrician if you are unsure.
- Do not expose the light fixture to water or excessive humidity.
- Use only the specified voltage (110 Volts AC).
- Keep the remote control and light away from high temperatures.

PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- ASALL 36W LED Music Ceiling Light
- Remote Control
- Mounting Hardware (screws, anchors)
- User Manual (this document)

SETUP AND INSTALLATION

Follow these steps for proper installation of your ceiling light:

1. **Preparation:** Turn off power at the main circuit breaker before starting any electrical work.
2. **Mounting Bracket Installation:** Attach the mounting bracket to the ceiling junction box using the provided screws. Ensure it is securely fastened.
3. **Wiring Connection:** Connect the household wires to the light fixture wires according to standard electrical codes (typically black to black, white to white, and ground to ground). Use wire nuts to secure connections.
4. **Fixture Attachment:** Carefully align the light fixture with the mounting bracket and secure it in place with the provided screws. Ensure no wires are pinched.
5. **Power On:** Restore power at the circuit breaker.

OPERATING INSTRUCTIONS

Your ASALL ceiling light offers multiple control methods and features:

Control Methods

- **2.4G Remote Control:** Use the included remote to adjust brightness, color temperature, music volume, and RGB functions.
- **i-lamp Application:** Download the "i-lamp" app for advanced control, including light control (switch, brightness, color), colorful lighting effects, music rhythm mode, shake for random colors, and timing functions.
- **Wall Switch:** Basic on/off control via your existing wall switch.

Lighting Functions

- **Dimmable Brightness:** Adjust brightness from 10% to 100% using the remote or app.
- **Color Temperature Adjustment:** Select between 2700K (Warm White), 4000K (Neutral White), and 6800K (Daylight White).
- **RGB Rainbow Function:** Access various RGB color changing modes suitable for different occasions. Long press the RGB button on the remote to enter music rhythm mode, where lights change with music.
- **Night Light Eye Protection Mode:** Emits non-flashing light for comfortable illumination.

Image: The ceiling light demonstrating its adjustable color temperature and brightness function, showcasing Warm Light (2700K), Neutral Light (4000K), and Cold Light (6800K) settings, along with a brightness adjustment slider from 10% to 100%.

Image: A collage of smartphone screens displaying the "i-lamp" application interface, highlighting various control modes such as light control, music mode, RGB colors, sleep assistant mode, scene light mode, shake for random color mode, and timing mode.

Bluetooth Speaker Function

- **Pairing:** Connect the ceiling lamp to your mobile phone or tablet via Bluetooth to play music or stories.

- **Music Rhythm Mode:** Lights can change with the music's melody, creating a dynamic atmosphere for parties or relaxation.

Additional Features

- **Timer Function:** Set specific times for the light to turn on or off, functioning like an alarm clock.
- **Memory Function:** The light remembers the last brightness and color settings used.

MAINTENANCE

To ensure the longevity and optimal performance of your ASALL LED Music Ceiling Light, follow these maintenance guidelines:

- **Cleaning:** Disconnect power before cleaning. Use a soft, dry cloth to wipe the surface of the light fixture. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish or electronic components.
- **Bulb Replacement:** This fixture uses integrated LED lights and does not require bulb replacement.
- **Regular Checks:** Periodically check for any loose connections or damage to the wiring. If any issues are found, disconnect power immediately and consult a qualified electrician.
- **Storage:** If storing the light for an extended period, keep it in a dry, cool place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your ASALL LED Music Ceiling Light, refer to the following table for common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power supply; Loose wiring; Remote control battery low.	Check circuit breaker; Verify wiring connections; Replace remote control batteries.
Bluetooth speaker not connecting.	Bluetooth not enabled on device; Light not in pairing mode; Device too far.	Ensure Bluetooth is on; Restart light and device; Move device closer to the light.
Remote control not working.	Batteries dead or incorrectly inserted; Remote out of range; Interference.	Replace batteries, check polarity; Move closer to the light; Reduce other wireless device interference.
Light flickers or dims unexpectedly.	Unstable power supply; Loose connection; Overheating.	Consult an electrician to check power supply; Check wiring; Ensure proper ventilation around the fixture.
App control issues.	App not updated; Incorrect pairing; Phone's Bluetooth issue.	Update "i-lamp" app; Re-pair the light via the app; Restart phone's Bluetooth.

If the problem persists after trying these solutions, please contact ASALL customer support.

SPECIFICATIONS
