

ASALL ASALL005-40

ASALL 36W LED Music Ceiling Light Instruction Manual

Model: ASALL005-40

1. INTRODUCTION

Thank you for purchasing the ASALL 36W LED Music Ceiling Light. This innovative lighting fixture combines energy-efficient LED technology with a high-quality Bluetooth speaker, offering a versatile lighting and audio experience. It features RGB rainbow color options, dimmable brightness, and multiple control methods including a 2.4G remote control, a wall switch, and the dedicated i-lamp smartphone application. This manual provides detailed instructions for installation, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your product.

2. SAFETY INFORMATION

Please read all safety instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- Always turn off the power at the circuit breaker before installation or maintenance.
- Installation should be performed by a qualified electrician or a person with sufficient knowledge of electrical wiring.
- Ensure the supply voltage matches the product's requirements (110 Volts AC).
- Do not disassemble or modify the light fixture.
- Keep the product away from water and high humidity.
- This product is designed for indoor use only.
- Do not stare directly into the LED light source for extended periods.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged upon opening the package:

- ASALL 36W LED Music Ceiling Light Fixture
- 2.4G Remote Control
- Mounting Hardware (screws, anchors, etc.)
- i-lamp application (downloadable via QR code or app store)
- Instruction Manual (this document)

4. SETUP AND INSTALLATION

Follow these steps for proper installation and initial setup of your ceiling light:

4.1. Physical Installation

1. **Preparation:** Turn off power at the main circuit breaker. Ensure the mounting surface is clean, dry, and capable of supporting the light's weight.
2. **Mounting Bracket:** Attach the mounting bracket to the ceiling junction box using the provided screws.
3. **Wiring:** Connect the household electrical wires to the light fixture's wires according to standard electrical codes (usually black to black, white to white, and ground to ground). Secure connections with wire nuts.
4. **Attach Fixture:** Carefully align the light fixture with the mounting bracket and secure it in place with the provided screws.
5. **Restore Power:** Turn the power back on at the circuit breaker.

Figure 2: General installation diagram for ceiling light fixtures.

4.2. Remote Control Pairing

The remote control is typically pre-paired. If it does not respond, ensure batteries are correctly inserted. If issues persist, refer to the troubleshooting section.

4.3. i-lamp Application Setup

1. **Download App:** Scan the QR code provided in the packaging or search for "i-lamp" in your smartphone's app store (iOS/Android).
2. **Install and Open:** Install the app and open it. Ensure Bluetooth is enabled on your smartphone.
3. **Connect to Light:** The app should automatically detect the light. If not, follow the in-app instructions to search and connect.

5. OPERATING INSTRUCTIONS

Your ASALL LED Music Ceiling Light offers multiple ways to control its functions.

5.1. Remote Control Functions

The included 2.4G remote control allows for comprehensive management of the light's features:

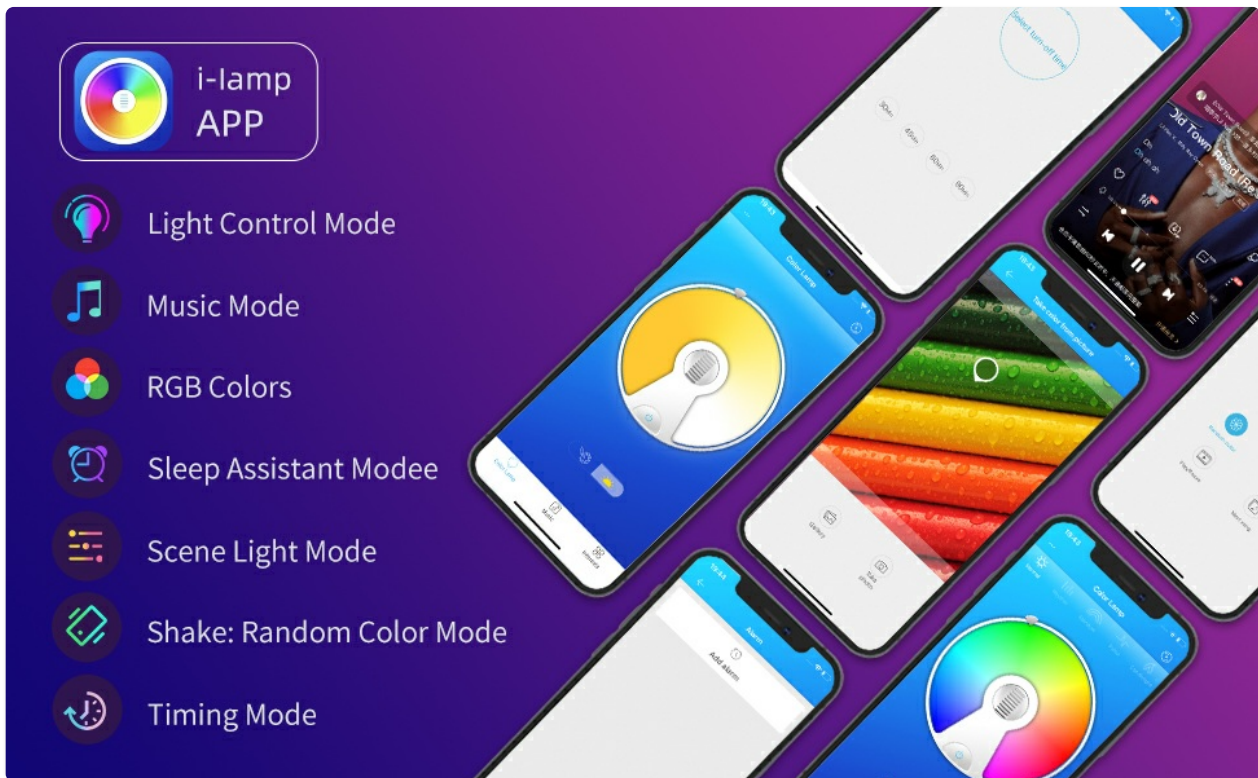

Figure 3: Remote Control Layout and Functions.

- **ON/OFF:** Power the light on or off.
- **Brightness Adjustment:** Increase or decrease light intensity (10% - 100%).
- **Color Temperature:** Switch between Warm White (2700K), Neutral White (4000K), and Daylight White (6800K).
- **RGB Mode:** Activate Rainbow/Rhythm/Night modes. Long press for music rhythm mode.
- **Music Control:** Play/Pause, Next/Previous track, Volume Up/Down for Bluetooth speaker.
- **Night Light Mode:** Activates a soft, eye-protective light.

5.2. i-lamp Application Control

The i-lamp app provides advanced control and customization options:

Figure 4: i-lamp Application Interface.

- **Light Control:** Switch on/off, adjust brightness, and change light color.
- **Colorful Lighting Effects:** Access 6 preset colorful lighting effects for various situations.
- **Music Rhythm:** Sync light changes with music rhythm.
- **Shake Mode:** Randomly changes colors by shaking your phone.
- **Timing Mode:** Set schedules for turning lights on/off, acting as an alarm clock.

5.3. Bluetooth Speaker Functionality

Connect your smartphone or tablet to the ceiling light via Bluetooth to play audio. The light can synchronize with the music's rhythm, creating dynamic visual effects.

Figure 5: RGB colors changing with music in a living space.

5.4. Dimmable and RGB Functions

The light offers a wide range of dimming from 10% to 100% and three primary color temperatures (2700K, 4000K, 6800K). The RGB function provides a spectrum of colors suitable for various moods and occasions, including party, disco, and relaxation settings.

Figure 6: Examples of RGB color modes.

5.5. Timer and Memory Function

Set specific times for the light to turn on or off via the i-lamp application. The memory function recalls the last used brightness and color settings when the light is turned back on, providing convenience.

6. MAINTENANCE

To ensure the longevity and optimal performance of your ASALL LED Music Ceiling Light, follow these simple maintenance guidelines:

- **Cleaning:** Before cleaning, ensure the power is turned off at the circuit breaker. Use a soft, dry, or slightly damp cloth to wipe the surface of the light fixture. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish or electronic components.
- **Bulb Replacement:** The LED light source is integrated and not user-replaceable. If the LEDs fail, the entire fixture may need to be replaced.
- **Remote Control:** Replace batteries in the remote control when its performance degrades. Ensure correct polarity when inserting new batteries.

7. TROUBLESHOOTING

If you encounter issues with your ASALL LED Music Ceiling Light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power supply; loose wiring; remote control battery low/dead.	Check circuit breaker. Verify wiring connections. Replace remote control batteries.
Bluetooth speaker not connecting.	Bluetooth not enabled on device; light not in pairing mode; too far from light.	Ensure Bluetooth is on. Restart light and device. Move closer to the light.
Remote control not responding.	Batteries low/dead; remote not paired; obstruction.	Replace batteries. Re-pair remote if necessary (refer to setup). Remove obstructions.
Light colors/brightness not changing.	Incorrect mode selected; app/remote not connected.	Ensure correct mode (RGB, dimming) is selected. Reconnect app/remote.
Speaker sound quality is poor.	Volume too high; audio source quality; interference.	Reduce volume. Try a different audio source. Minimize interference from other devices.

If the problem persists after trying these solutions, please contact ASALL customer support.

8. SPECIFICATIONS

Key technical specifications for the ASALL 36W LED Music Ceiling Light:

Figure 7: Product Dimensions.

Feature	Specification
Brand	ASALL
Model Name	WSCLRM-04-WSCL16-48C (ASALL005-40)
Wattage	36 watts
Voltage	110 Volts (AC)
Light Color	Multicolor (RGB)
Color Temperature	2700K-4000K-6800K
Brightness	2160 Lumen
Dimmable	Yes (10% - 100%)
Control Method	Remote Control, i-lamp Application, Wall Switch
Material	Acrylic, Plastic (Shade: Metal, Shell)
Product Dimensions	15.74 x 15.74 x 2.75 inches
Item Weight	3.01 pounds
Certifications	BSCI, FCC, GS
Indoor/Outdoor Usage	Indoor

9. WARRANTY AND SUPPORT

ASALL is committed to ensuring product quality and consumer satisfaction. This product has been certified by FCC, CE, and GS, reflecting our strict quality control standards.
