## Fiauli M203

# Fiauli M203 Dual Mode Wireless Mouse User Manual

Model: M203

## INTRODUCTION

Thank you for choosing the Fiauli M203 Dual Mode Wireless Mouse. This advanced optical mouse offers both 2.4G wireless and Bluetooth 5.1 connectivity, providing flexibility and convenience for various devices. Designed for comfort and efficiency, it features silent clicks, adjustable DPI settings, and a long-lasting rechargeable battery. Please read this manual carefully to ensure proper use and optimal performance of your new mouse.

## SETUP

### Charging the Mouse

Before first use, it is recommended to fully charge the mouse. Connect the provided USB cable to the charging port on the front of the mouse and to a USB power source (e.g., computer USB port, USB wall adapter). The mouse features low power consumption and energy-saving technology, allowing for extended use on a single charge.

### Connecting the Mouse

The Fiuli M203 supports dual-mode connectivity: 2.4G Wireless via USB receiver and Bluetooth 5.1.

#### 2.4G Wireless Connection

1. Locate the nano-receiver, usually stored in a compartment on the bottom of the mouse.
2. Plug the nano-receiver into an available USB port on your computer or laptop.
3. Turn on the mouse using the power switch located on the bottom. The mouse will automatically connect to the receiver. No driver installation is required.

### Bluetooth 5.1 Connection

1. Ensure the mouse is powered on.
2. Switch the mouse to Bluetooth mode (refer to the mode switch button on the mouse, often indicated by a Bluetooth icon).
3. On your device (PC, laptop, tablet), go to Bluetooth settings.
4. Search for new devices and select "Fiauli M203" (or similar name) from the list to pair.

## OPERATING THE MOUSE

### DPI Adjustment

The Fiuli M203 mouse features 3 levels of adjustable DPI (Dots Per Inch) settings: 800, 1200, and 1600. This allows you to fine-tune the cursor sensitivity to your preference for various tasks, from precise work to fast-paced navigation. Press the DPI button (usually located near the scroll wheel) to cycle through the settings.

## Silent Click Design

The mouse is equipped with silent click buttons, ensuring a quiet working environment. This feature minimizes noise, making it ideal for use in offices, libraries, or late-night sessions without disturbing others.

## Ergonomic Design

The ergonomic profile of the Fiauli M203 mouse is designed for comfortable use over extended periods, fitting various hand sizes. Its smooth contours and responsive buttons provide an excellent operating feel.

## One-Click Return to Desktop

For enhanced privacy and convenience, the mouse includes a dedicated button that allows for a quick return to the desktop, keeping your data confidential.

## MAINTENANCE

To ensure the longevity and optimal performance of your Fiauli M203 mouse, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the mouse. For stubborn dirt, slightly dampen the cloth with water or a mild electronic cleaner. Avoid using harsh chemicals or abrasive materials.
- **Battery Care:** The mouse features a 500 mAh rechargeable battery. A single charge can last up to 60 days, depending on usage. Recharge the mouse when the battery indicator shows low power to avoid frequent battery changes.
- **Storage:** When not in use for extended periods, store the mouse in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Drops:** Protect the mouse from drops and impacts, which can damage internal components.

# TROUBLESHOOTING

---

If you encounter any issues with your Fiauli M203 mouse, please refer to the following common solutions:

- **Mouse not responding:**
  - Ensure the mouse is powered on.
  - Check the battery level and recharge if necessary.
  - For 2.4G connection: Ensure the USB nano-receiver is securely plugged into a working USB port. Try a different USB port.
  - For Bluetooth connection: Ensure Bluetooth is enabled on your device and the mouse is in Bluetooth pairing mode. Try re-pairing the mouse.
- **Cursor movement is erratic or slow:**
  - Clean the optical sensor on the bottom of the mouse.
  - Ensure you are using the mouse on a suitable surface (non-reflective, non-transparent).
  - Adjust the DPI setting to a higher value if the cursor is too slow.
- **Connection drops frequently:**
  - Move the mouse closer to the receiver or Bluetooth device.
  - Avoid interference from other wireless devices (e.g., Wi-Fi routers, cordless phones).
  - Ensure the mouse battery is sufficiently charged.

If the problem persists after trying these steps, please contact customer support.

# SPECIFICATIONS

---
