

FUNLIO swing-jumper01

FUNLIO 2-in-1 Swing Set & Baby Jumper Instruction Manual

Model: swing-jumper01 | Brand: FUNLIO

PRODUCT OVERVIEW

The FUNLIO 2-in-1 Swing Set & Baby Jumper offers versatile play options for infants and toddlers, adapting to different age groups. It functions as a baby jumper for ages 6-24 months and a swing set for toddlers aged 6-36 months, extending to kids aged 3-10 years. This product is designed for both indoor and outdoor use, providing a safe and engaging play environment.

SAFETY INFORMATION

The FUNLIO swing set and baby jumper have undergone rigorous testing and are certified by CPSC and ASTM in the US, and European Standard EN 71 in the EU, ensuring compliance with safety regulations. The stand is constructed from robust extendable steel with a scientific triangular design for enhanced stability and durability. Both the swing and baby jumper are equipped with safety features, including strong ropes, a safety belt for the swing, and 304 stainless steel springs, two buckles, and an adjustable soft cotton seat belt for the baby jumper. For additional stability and to prevent tipping, the stand includes four sandbags. Each sandbag can hold up to 11 lbs (5 kg) and can be filled with sand, rock, or bottled water. These bags attach to the stand feet, significantly increasing the overall stability of the unit during use.

OPERATING INSTRUCTIONS

Baby Jumper Mode

The baby jumper attachment is suitable for toddlers aged 6-24 months. It features an adjustable chain with a maximum length of 10 inches, allowing for height customization. Ensure the baby is securely fastened with the adjustable soft cotton seat belt and that the 304 stainless steel springs and buckles are properly engaged before use.

Have Fun Anywhere & Easy to Store

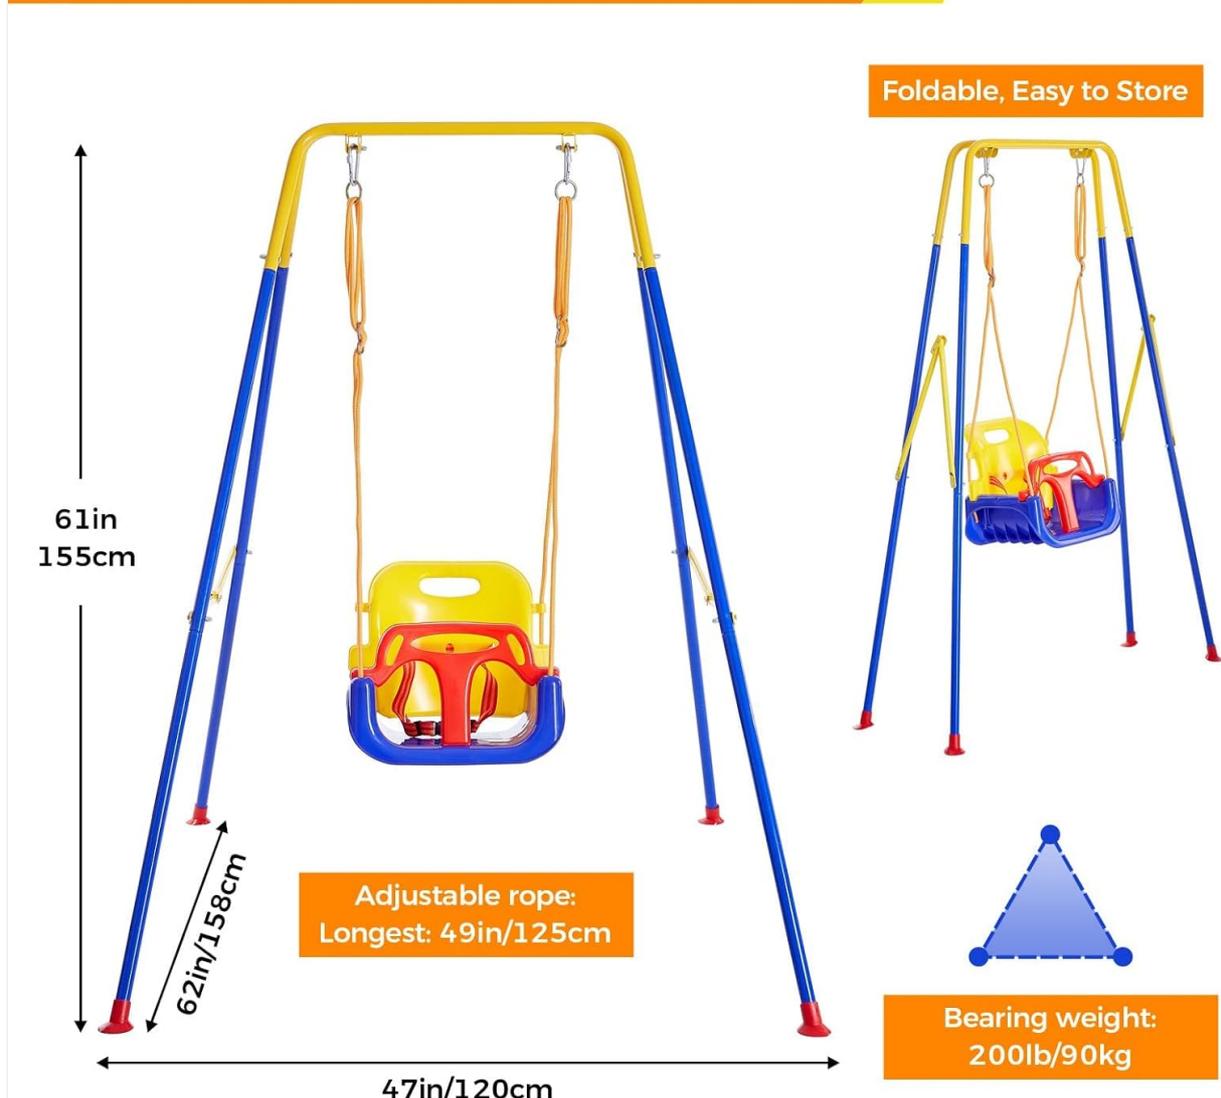

Image: A baby happily bouncing in the FUNLIO baby jumper attachment, demonstrating its use.

Swing Set Mode

The swing set is designed for toddlers aged 6-36 months and can be adapted for kids aged 3-10 years. It includes a removable seat and an adjustable rope with a maximum length of 49 inches. As the child grows, the front red part of the seat can be removed, and subsequently, the back yellow part can also be removed to convert it into a standard swing for older children. Always ensure the safety belt is fastened and ropes are securely attached.

MAINTENANCE

- **Cleaning:** Wipe down all plastic and metal surfaces with a damp cloth and mild soap as needed. Avoid abrasive cleaners.
- **Inspection:** Regularly inspect all components, including the metal frame, ropes, chains, springs, and seat belts, for any signs of wear, damage, or loose connections.
- **Fasteners:** Ensure all bolts, screws, and carabiners are securely tightened before each use.
- **Storage:** When not in use, especially during adverse weather conditions, it is recommended to fold and store the swing set indoors to prolong its lifespan.
- **Sandbags:** Periodically check the sandbags to ensure they remain filled and securely attached to the stand feet.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Unit feels unstable or tips easily.	Sandbags are not filled or not attached; uneven surface; loose frame connections.	Ensure all four sandbags are filled (with sand, rock, or bottled water) and securely attached to the stand feet. Place the unit on a flat, level surface. Check and tighten all frame connections.
Missing parts upon delivery.	Packaging error or transit damage.	Contact FUNLIO customer service immediately with your purchase details for replacement parts or product exchange.
Difficulty inserting or removing child from swing.	Child's size; incorrect seat configuration.	Ensure the swing seat is configured appropriately for the child's age and size (e.g., remove front bar or backrest as child grows). Adjust seat belt for proper fit.
