## 6. CARE AND MAINTENANCE

---

Proper care will ensure your Alcube Home Bed remains in excellent condition for years.

- **Cleaning the Frame:** Wipe the wooden frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the paint finish. The paint is water-based and odorless, making it easy to clean.
- **Mattress Care:** The mattress features a washable cover. Refer to the care label on the mattress cover for specific washing instructions (typically machine washable at 60°C). Ensure the mattress is completely dry before re-covering.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause wood to fade or dry out.

## 7. TROUBLESHOOTING

If you encounter any issues with your Alcube Home Bed, please refer to the following common solutions:

- **Loose Connections:** If the bed feels wobbly, check all screws and bolts. Tighten any loose connections using the appropriate tools.
- **Damaged or Missing Parts:** If you received damaged components or are missing parts, do not attempt to force assembly. Contact Alcube customer support for replacements.
- **Drawers Not Sliding Smoothly:** Ensure the area under the bed is clear of obstructions. The drawers are designed to slide freely without rails; ensure they are positioned correctly.
