### Furrion FUFDUP55CSA

# Furrion Aurora 55-Inch Partial-Sun 4K Outdoor Smart TV User Manual

Model: FUFDUP55CSA

## INTRODUCTION

This manual provides essential instructions for the safe and efficient operation of your Furrion Aurora 55-Inch Partial-Sun 4K Outdoor Smart TV. Please read this manual thoroughly before installation and use, and retain it for future reference.

## SAFETY INFORMATION

Observe the following safety precautions to prevent damage to the product and ensure user safety:

- Ensure proper grounding for all electrical connections.

- Do not expose the TV to direct water jets or submersion. While weatherproof, it is not designed for direct high-pressure water exposure.
- Avoid placing the TV near heat sources or in direct, prolonged sunlight beyond its specified partial-sun rating.
- Use only manufacturer-approved mounting hardware and ensure the mounting surface can support the TV's weight (67 lbs).
- Do not attempt to open the TV casing. Refer all servicing to qualified personnel.
- Keep packaging materials out of reach of children.

## SETUP

---

### 1. Unpacking and Inspection

Carefully remove the TV from its packaging. Inspect for any signs of damage. Report any damage to your retailer immediately.

### 2. Mounting the TV

The Furrion Aurora TV is designed for outdoor installation in partial-sun areas. Ensure the mounting location is structurally sound and can support the TV's weight of 67 pounds. Use a VESA-compatible wall mount (not included) that matches the TV's VESA pattern. Note that the VESA mounting points are not centered on this model.

# Outdoor Ready

Anti-glare, 750-nit LED screen specially designed for partial sun areas

*Image: The Furrion Aurora TV installed on a wall in a covered outdoor patio area, demonstrating a typical installation environment.*

### 3. Connecting Peripherals

Connect your external devices such as cable boxes, gaming consoles, or sound systems to the available ports (HDMI, digital coax, RCA, Aux Jack). For optimal Wi-Fi reception, the TV is equipped with Furrion's RangeXtend external antennas.

- **HDMI:** For high-definition audio and video.
- **Wi-Fi:** For internet connectivity and smart features.
- **External Antenna:** For improved signal reception.

## 4. Initial Power On

After all connections are secure, plug the TV into a grounded outdoor-rated power outlet. Press the power button on the remote control or the TV to turn it on. Follow the on-screen prompts for initial setup, including language selection, network connection, and channel scanning.

## OPERATING INSTRUCTIONS

### 1. Basic TV Functions

- **Power:** Press the power button on the remote or TV to turn on/off.
- **Volume:** Use the volume up/down buttons on the remote.
- **Channels:** Use channel up/down buttons or the number pad to select channels.
- **Input Source:** Press the 'Input' or 'Source' button to switch between connected devices (HDMI, Antenna, etc.).

## 2. Smart TV Features

The Furrion Aurora is a smart TV with integrated streaming capabilities. Connect to your home Wi-Fi network to access pre-installed apps and browse the internet. Ensure a strong Wi-Fi signal for uninterrupted streaming.

*Image: The Furrion Aurora TV displaying its smart interface with icons for various streaming applications, indicating its integrated smart functionality.*

## 3. Picture and Sound Settings

Access the TV's menu to adjust picture and sound settings. The 4K UHD display with HDR10 provides vivid colors and contrast. Adjust brightness (750-nit LED screen) for optimal viewing in partial sun conditions. While the TV has built-in speakers, for enhanced audio, consider connecting an external sound system via Bluetooth or the available audio output ports.

# Enhanced Viewing

4K ultra high-definition with HDR10 for vivid colors and a deep, rich contrast

*Image: A close-up view of the Furrion Aurora TV screen, demonstrating its enhanced viewing capabilities with vibrant colors and sharp detail, characteristic of its 4K UHD and HDR10 features.*

## MAINTENANCE

Regular maintenance ensures the longevity and performance of your outdoor TV.

- **Cleaning:** Use a soft, damp cloth to clean the screen and housing. Avoid harsh chemicals or abrasive materials.
- **Weather Protection:** The TV features an IP54-rated weatherproof housing and XtremeShield IK08-rated tempered glass. It is designed to withstand UV rays, rain, snow, dirt, dust, insects, and humidity, as well as operating temperatures from -20°C to 50°C (-4°F to 122°F).
- **Protective Cover:** For extended periods of non-use or during severe weather conditions, consider using a protective cover (not included) to further safeguard the TV.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
No Power	Power cord disconnected, outlet malfunction.	Check power cord connection. Test outlet with another device.
No Picture/Sound	Incorrect input source, loose HDMI/audio cables.	Verify correct input source. Reconnect cables securely.
Poor Wi-Fi Connection	Router too far, interference, antenna issue.	Ensure router is within range. Check external antennas. Reduce interference.
No Smart TV Apps Functionality	No internet connection, app error.	Verify internet connection. Restart TV. Check for app updates.

For issues not covered here, please contact Furrion customer support.
