Pasyru Kawasaki Ninja 400

Pasyru Technology Motorbike Building Set - Kawasaki Ninja 400 Model Instruction Manual

Model: Kawasaki Ninja 400 | Brand: Pasyru

INTRODUCTION

This instruction manual provides detailed guidance for assembling and understanding your Pasyru Technology Motorbike Building Set, designed to replicate the Kawasaki Ninja 400 model. This set contains 862 pieces of ABS plastic building blocks, offering an engaging construction experience for individuals aged 6 and up. Upon completion, you will have a detailed model measuring approximately 31 x 13 x 19 cm.

IMPORTANT SAFETY INFORMATION

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger builders.
- **Material Safety:** The building blocks are made from high-quality ABS plastic. Avoid placing parts in the mouth.
- **Proper Disposal:** Dispose of packaging materials responsibly.

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly.

- 862 x ABS Plastic Building Blocks (sorted into numbered bags)
- 1 x Detailed Instruction Manual
- 1 x Brick Separator (for easy disassembly)

ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the included detailed manual. The building blocks are organized into numbered bags to simplify the assembly process. It is recommended to open bags sequentially as instructed.

1. **Preparation:** Clear a well-lit, flat workspace. Organize the numbered bags of blocks.
2. **Step-by-Step Construction:** Refer to the detailed paper instruction manual for visual guidance on each step. Each step is clearly illustrated.
3. **Component Identification:** Pay close attention to the shape, color, and size of each block as depicted in the manual.
4. **Secure Connections:** Ensure all blocks are firmly pressed together to create stable connections.
5. **Using the Brick Separator:** If you need to detach blocks, use the included brick separator to prevent damage to the pieces or your fingers.

PRODUCT FEATURES AND OPERATION

Once assembled, your Pasyru Motorbike model boasts several realistic and interactive features:

- **Simulated Engine:** The model includes a detailed representation of a motorbike engine.
- **Functional Steering:** The front wheel and handlebars can be rotated manually for dynamic posing.
- **Drive Chain:** A simulated drive chain adds to the realism of the model.
- **Shock Absorbers:** Features simulated shock absorption for enhanced detail.
- **Foot Bracket:** A simulation foot bracket allows the model to stand upright.

CARE AND MAINTENANCE

- **Cleaning:** Wipe the model gently with a dry or slightly damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Handling:** Handle the assembled model with care to avoid accidental detachment of parts.

TROUBLESHOOTING

If you encounter any issues during assembly or with the finished model, please refer to the following common solutions:

- **Missing Pieces:** Carefully re-check all packaging and bags. If pieces are genuinely missing, please contact customer support with details of the missing parts (referencing the instruction manual's part numbers if available).
- **Parts Not Fitting:**
 - Ensure you are using the correct pieces for the current step as indicated in the manual.
 - Apply firm, even pressure when connecting blocks.

- If a piece seems warped or damaged, try an alternative piece if available, or contact support.
- **Loose Connections:** Re-examine the connection points and ensure blocks are fully seated. The brick separator can help in re-aligning stubborn connections.

PRODUCT SPECIFICATIONS

Brand	Pasyru
Model	Kawasaki Ninja 400 (Building Set)
Material	ABS Plastic
Number of Pieces	862
Assembled Dimensions (L x W x H)	31 cm x 13 cm x 19 cm (approx. 12.2 x 5.1 x 7.5 inches)
