PACKAGE CONTENTS

Verify that all items are present in the package:

- AIRHUG 01 Speakerphone (1 unit)
- USB-C to USB-A Cable (1 unit)
- USB-C to USB-C Cable (1 unit)
- User Manual (1 unit)
- Travel Case (1 unit)

Package Includes

Image: All components included in the AIRHUG 01 package: the speakerphone, two USB cables, user manual, and a travel case.

CONTROLS AND INDICATORS

The AIRHUG 01 features intuitive controls and acoustic reminders for ease of use.

Acoustic Reminder

Helps you set up AIRHUG 01 speakerphone easier.

Image: The top view of the AIRHUG 01 speakerphone, highlighting the control buttons and their associated functions like power, Bluetooth, volume, microphone mute, and call answer/end.

- **Power Button:** Press and hold to power on/off.
- **Bluetooth Button:** Press to enter Bluetooth pairing mode.
- **Volume Down (-):** Decreases speaker volume.
- **Microphone Mute Button:** Toggles microphone mute on/off.
- **Volume Up (+):** Increases speaker volume.
- **Answer/End Call Button:** Manages calls. Press and hold for 3 seconds to disable voice broadcast when not in call mode.
- **LED Indicators:** Provide visual feedback for power, battery status, Bluetooth connection, and USB connection.

Acoustic Reminders: The device provides audible signals for power on/off, Bluetooth connection status, and USB linking mode. These can be disabled by pressing and holding the Answer/End call button for 3 seconds when the device is in a normal connection state (not during a call).

CHARGING THE DEVICE

The AIRHUG 01 has a built-in rechargeable battery. To charge the device:

1. Connect one end of the provided USB-C cable to the "Charging Port" on the AIRHUG 01.
2. Connect the other end of the USB-C cable to a USB power adapter (not included) or a powered USB port on your computer.
3. The LED indicators will show charging status. A full charge typically takes approximately 2 hours.

The device offers approximately 8 hours of playtime on a full charge. It also features a "Power Output to External Device" port, allowing you to charge other USB-C compatible devices using the speakerphone's battery.

SETUP AND CONNECTIVITY

The AIRHUG 01 supports simultaneous Bluetooth and USB-C connections.

USB-C Connection (Plug & Play)

1. Connect the provided USB-C to USB-A or USB-C to USB-C cable from the "USB Connection" port on the AIRHUG 01 to an available USB port on your computer.
2. The device will be automatically recognized by your operating system (Windows, macOS, Linux, Android). No driver installation is typically required.
3. Select "AIRHUG 01" as your audio input (microphone) and output (speaker) device in your computer's sound settings or conferencing application.

Bluetooth Connection

1. Power on the AIRHUG 01.
2. Press the Bluetooth button on the device. The Bluetooth LED indicator will flash, indicating pairing mode.
3. On your smartphone, tablet, or computer, navigate to the Bluetooth settings.
4. Select "AIRHUG 01" from the list of available devices to pair.
5. Once connected, the Bluetooth LED indicator will remain solid.

OPERATING INSTRUCTIONS

Making/Receiving Calls

- **Answer Call:** Press the Answer/End Call button once.
- **End Call:** Press the Answer/End Call button once during an active call.
- **Reject Call:** Press and hold the Answer/End Call button for 2 seconds when an incoming call is present.

Volume Control

- Press the + button to increase the speaker volume.
- Press the - button to decrease the speaker volume.

Microphone Mute

- Press the Microphone Mute button to mute or unmute the microphone. The LED indicator will change to reflect the mute status.

Acoustic Performance

The AIRHUG 01 features a 360° omnidirectional microphone with a voice pickup range of up to 6 feet, suitable for 4-6 person conference meetings. Advanced DSP processing, echo cancellation, and intelligent noise reduction technologies ensure clear audio quality by minimizing background noise and echoes.

COMPATIBILITY

The AIRHUG 01 is compatible with a wide range of operating systems and conferencing applications:

- **Operating Systems:** Windows 7, 8, 10, 11, Mac OS, Android, Linux.
- **Conferencing Applications:** Zoom, Skype, Microsoft Teams, Google Meet, Webex, Facetime, and most other online meeting platforms.

MAINTENANCE

To ensure the longevity and optimal performance of your AIRHUG 01:

- Clean the device with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- Do not expose the device to extreme temperatures, humidity, or direct sunlight.
- Store the device in its provided travel case when not in use to protect it from dust and physical damage.
- Avoid dropping the device or subjecting it to strong impacts.

TROUBLESHOOTING

Problem	Solution
Device does not power on.	Ensure the device is charged. Connect it to a power source using the USB-C cable.
Cannot connect via Bluetooth.	Ensure the device is in pairing mode (flashing Bluetooth LED). Check your device's Bluetooth settings and try reconnecting. Ensure no other devices are actively connected.
No audio or microphone not working via USB.	Verify the USB cable is securely connected. Check your computer's sound settings to ensure "AIRHUG 01" is selected as the default input/output device. Try unplugging and replugging the USB cable.
Audio quality is poor or distorted.	Ensure the device is within optimal range (for Bluetooth). Check for obstructions. Reduce background noise. Adjust volume levels on both the device and your computer/phone.
Device automatically turns off after charging.	Restart the AIRHUG 01. If the issue persists, contact customer support.
