Lamshaw T45S Smart Watch Charger

Lamshaw Magnetic USB Charging Cable for SOUYIE T45S Smart Watch Instruction Manual

1. PRODUCT OVERVIEW

This Lamshaw Magnetic USB Charging Cable is specifically designed as a replacement charger for the SOUYIE T45S Smart Watch 2022 model. It features a magnetic connection for convenient charging and includes built-in safety mechanisms to protect your device.

Key Features:

- **Compatibility:** Exclusively designed for SOUYIE T45S Smart Watch 2022.
- **Safety Protection:** Features a built-in short-circuit protection IC to prevent overvoltage and overcurrent. This IC automatically cuts off the circuit in case of a short-circuit and maintains safety if the charger remains plugged in after charging is complete.
- **Portability:** Compact and easy to carry, suitable for use at home, in the office, in a car, or while traveling.
- **Interface:** Standard USB for power input, magnetic pins for smartwatch connection.

What's in the Box:

- 1 x Lamshaw Magnetic USB Charging Cable (White)

Image 1.1: The Lamshaw Magnetic USB Charging Cable, featuring a USB-A connector on one end and a magnetic charging interface with two pins on the other.

2. SETUP

To begin charging your SOUYIE T45S Smart Watch, follow these steps:

1. **Connect to Power Source:** Insert the USB-A end of the charging cable into a compatible USB power source. This can be a computer's USB port, a laptop's USB port, a power bank, or a wall charger with a USB output. Ensure the power source provides 5V/1A output for optimal charging.
2. **Connect to Smart Watch:** Align the magnetic charging interface of the cable with the charging contacts on the back of your SOUYIE T45S Smart Watch. The magnets will automatically snap into place, ensuring a secure connection.
3. **Verify Connection:** Once connected, your smartwatch display should indicate that it is charging, typically showing a battery icon with a charging animation or percentage.

Video 2.1: This video demonstrates the correct method for connecting the magnetic charging cable to a smartwatch and initiating the charging process. It shows the cable being uncoiled, connected to a USB port, and then magnetically attached to the back of the smartwatch, with the watch display showing a charging indicator.

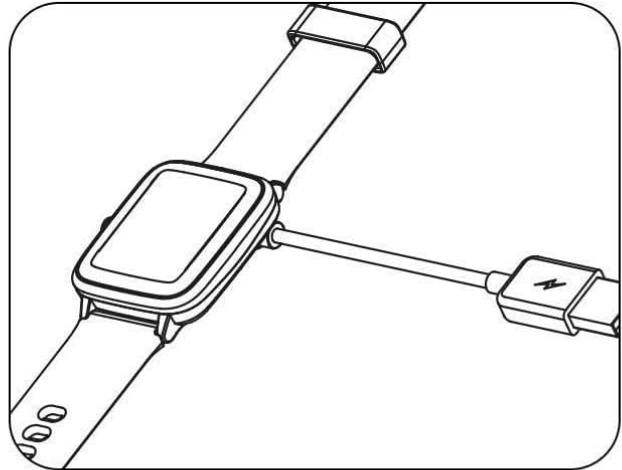

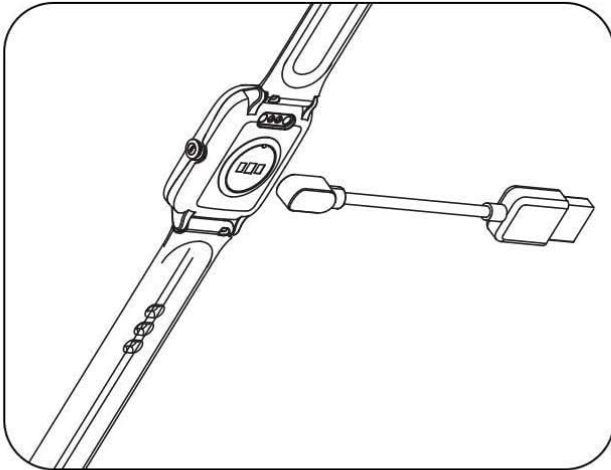

3. OPERATING INSTRUCTIONS

The Lamshaw Magnetic USB Charging Cable is designed for simple and safe operation.

1. **Magnetic Connection:** Ensure the magnetic charging pins on the cable align correctly with the charging contacts on your SOUYIE T45S Smart Watch. The magnets will provide a firm connection. If the magnets repel, the connection is incorrect, and the device will not charge. Adjust the cable's orientation until the magnets attract.

2. **Charging Indicator:** The smartwatch display will show a charging status (e.g., battery percentage, charging animation) when properly connected and receiving power.
3. **Safety Features:** The integrated protection IC safeguards against overvoltage and overcurrent. It will automatically cut off power in case of a short circuit. It also ensures safety even if the charger remains plugged in after the watch is fully charged.

Magnetic Charging Interface

If the charging magnets repel, the device will not charge.

You can charge correctly if the magnets attract whilst charging,

While charging

Image 3.1: A visual guide to the magnetic charging interface. It illustrates the correct magnetic attraction for charging and highlights an incorrect connection where magnets repel, preventing charging. The final image shows the smartwatch display indicating charging progress.

4. MAINTENANCE

Proper care of your charging cable will ensure its longevity and reliable performance.

- **Cleaning:** Gently wipe the cable and magnetic contacts with a dry, soft cloth to remove dust or debris. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the cable in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tightly coiling or bending the cable excessively, which can damage the internal wires.

- **Handling:** Always grasp the plug ends when connecting or disconnecting the cable. Avoid pulling directly on the cable itself.
- **Inspection:** Periodically inspect the cable for any signs of damage, such as frayed wires, bent pins, or cracked insulation. Discontinue use if any damage is observed.

5. TROUBLESHOOTING

If you encounter issues while using your charging cable, refer to the following common problems and solutions:

Problem	Possible Cause / Solution
Smartwatch is not charging.	• Incorrect Magnetic Connection: Ensure the magnetic contacts on the cable and smartwatch are clean and properly aligned. The magnets should attract, not repel. • Faulty Power Source: Try plugging the USB end into a different USB port or wall adapter to rule out issues with the power source. • Damaged Cable: Inspect the cable for any visible damage. If damaged, replace the cable. • Smartwatch Issue: Ensure your SOUYIE T45S Smart Watch is functioning correctly.
Slow charging.	• Low Power Output: Ensure your USB power source provides sufficient power (e.g., 5V/1A). Some older USB ports may have lower output. • Background Apps on Watch: Close any unnecessary applications running on your smartwatch that might consume power during charging.
Cable does not fit my smartwatch.	This charging cable is specifically designed for the SOUYIE T45S Smart Watch 2022 . It may not be compatible with other smartwatch models, even from the same brand. Verify your smartwatch model number.

6. SPECIFICATIONS

Feature	Detail
Product Dimensions	0.39 x 1.97 x 3.94 inches
Item Weight	1.6 ounces
Connectivity Technology	USB
Special Features	Magnetic, Travel-friendly
Form Factor	Compact
Color	White
Manufacturer	Lamshaw
Connector Type	USB
Compatible Devices	Smartwatches
Compatible Phone Models	SOUYIE Smart Watch, SOUYIE T45S Smart Watch 2022

Feature	Detail
Total USB Ports	1
Wattage	10 watts

7. WARRANTY AND SUPPORT

For specific warranty information regarding your Lamshaw Magnetic USB Charging Cable, please refer to the product packaging or contact the seller directly. Warranty terms typically cover manufacturing defects for a specified period from the date of purchase.

Customer Support:

If you have any questions, require technical assistance, or need to report an issue with your charging cable, please contact Lamshaw customer support through the platform where you purchased the product. Provide your order details and a clear description of the issue for prompt assistance.
