Sarevile KH-23

Sarevile KH-23 Trucker Bluetooth Headset User Manual

Comprehensive guide for setup, operation, and maintenance of your Sarevile KH-23 Wireless Headset.

1. INTRODUCTION

Thank you for choosing the Sarevile KH-23 Trucker Bluetooth Headset. This headset is designed to provide crystal-clear audio and comfortable wear for extended periods, making it ideal for professional drivers, office use, and call centers. Featuring advanced Bluetooth 5.2 technology and AI noise-canceling capabilities, it ensures reliable and high-quality communication. This manual will guide you through the setup, operation, and maintenance of your new headset.

The Sarevile KH-23 Trucker Bluetooth Headset, designed for clear communication and comfort.

2. PRODUCT OVERVIEW

Familiarize yourself with the components of your Sarevile KH-23 headset:

Diagram of Sarevile KH-23 headset components including LED indicator, multi-function button, volume controls, microphone mute, charging port, rotatable boom mic, memory foam pad, anti-slip pad, and soft breathable earpad.

- **LED Indicator:** Displays status (pairing, connected, charging).
- **Multi-function Button (MFB):** Power on/off, answer/end calls, enter pairing mode.
- **Volume + / Next Track:** Increase volume, skip to next song.
- **Volume - / Previous Track:** Decrease volume, go to previous song.
- **Microphone Mute Button:** Mute/unmute microphone during calls.
- **Charging Port:** Micro USB port for charging the headset.
- **Rotatable Boom Mic:** Flexible microphone arm that rotates 270 degrees.
- **Memory Foam Pad:** Provides cushioning for the headband.
- **Anti-Slip Pad:** Helps secure the headset on your head.
- **Soft Breathable Earpad:** Ensures comfort for prolonged use.
- **Retractable Headband:** Adjustable for various head sizes.

3. SETUP

3.1 Charging the Headset

Before first use, fully charge your headset. A full charge takes approximately 2 hours.

1. Connect the provided Micro USB charging cable to the headset's charging port.
2. Connect the other end of the cable to a USB power source (e.g., computer, wall adapter).
3. The LED indicator will show charging status and turn off or change color when fully charged.

UP TO **60**
HOURS OF WORKING TIME

			
Talking Time	Music Time	Charging Time	Bluetooth Range
About 35 hours	About 60 hours	About 1.5 hours	About 33 ft

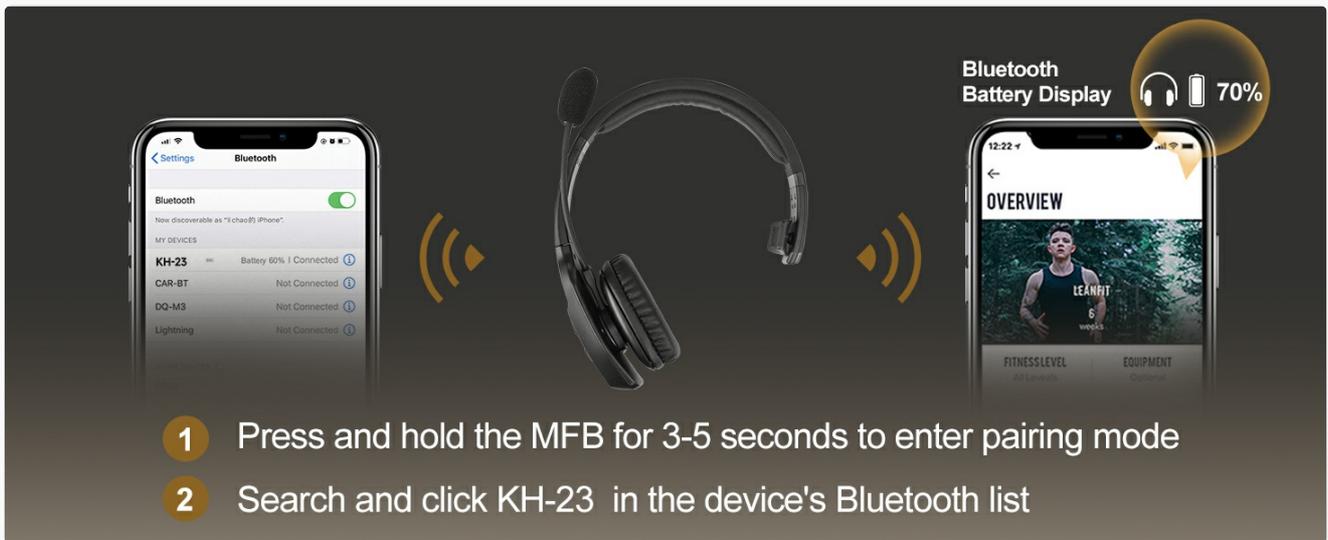

The Sarevile KH-23 headset offers up to 35 hours of talk time or 60 hours of music playback on a 1.5-hour charge.

3.2 Pairing and Connection

The Sarevile KH-23 uses Bluetooth 5.2 for stable connections and supports simultaneous connection to two devices.

1. **Initial Pairing:** With the headset powered off, press and hold the Multi-function Button (MFB) for 3-5 seconds until the LED indicator flashes blue and red, indicating pairing mode.
2. **Device Connection:** On your device (smartphone, tablet, computer), enable Bluetooth and search for "KH-23" in the list of available devices. Select it to connect. The LED will turn solid blue when connected.
3. **Dual Device Connection:** After connecting to the first device, disable Bluetooth on that device. Put the headset

back into pairing mode and connect to the second device. Once the second device is connected, re-enable Bluetooth on the first device. The headset will automatically connect to both.

Visual guide for pairing the Sarevile KH-23 headset, showing the multi-function button (MFB) press and device selection in Bluetooth settings.

The Sarevile KH-23 headset can connect to two devices simultaneously, such as a smartphone and a tablet, enabling seamless switching between calls and media.

4. OPERATING INSTRUCTIONS

- **Power On/Off:** Press and hold the MFB for 3-5 seconds.
- **Answer/End Call:** Press the MFB once. (Note: MFB can only answer calls on cell phones).
- **Redial Last Number:** Double-press the MFB.
- **Mute/Unmute Microphone:** Press the dedicated Microphone Mute Button during a call.
- **Volume Adjustment:** Use the Volume + and Volume - buttons.
- **Next/Previous Track:** Press the Volume + button for the next track, and Volume - button for the previous track.
- **Voice Assistant (Siri):** The headset supports Siri voice assistant. Refer to your device's instructions for activation.

5. COMFORT AND FIT

The Sarevile KH-23 headset is designed for maximum comfort during extended use:

- **Adjustable Headband:** Extend or retract the headband to find the most comfortable fit for your head.
- **Soft Earpad:** The soft-cushion earpad provides a comfortable around-ear fit.
- **Anti-Slip Pad:** Prevents the headset from slipping during movement.
- **Rotatable Microphone:** The microphone boom can rotate 270 degrees, allowing you to wear the headset on either your left or right ear.

HEADSET FOR LEFT OR RIGHT EAR

The Sarevile KH-23 headset features a 270-degree rotatable microphone, allowing it to be worn comfortably on either the left or right ear for flexible use.

6. KEY FEATURES

- **Universal Compatibility:** Utilizes Bluetooth 5.2 for broad compatibility with cell phones, tablets, computers, and other Bluetooth-enabled devices.
- **Crystal Clear Audio with AI Noise Canceling:** The directional microphone and AI noise-canceling technology ensure your voice is heard clearly, even in noisy environments.
- **Hands-Free Calling:** Supports Siri voice assistant and offers easy call management with a single multi-function button.
- **Long Battery Life:** Provides up to 35 hours of talk time or 60 hours of music playback on a single charge.

7. MAINTENANCE

To ensure the longevity and optimal performance of your Sarevile KH-23 headset, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the headset. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Moisture:** Do not expose the headset to water or excessive moisture.
- **Handle with Care:** Avoid dropping or subjecting the headset to strong impacts.

8. TROUBLESHOOTING

If you encounter any issues with your Sarevile KH-23 headset, please refer to the following common solutions:

- **Headset does not power on:** Ensure the headset is fully charged.
- **Cannot pair with device:**
 - Ensure the headset is in pairing mode (LED flashing blue and red).
 - Make sure Bluetooth is enabled on your device.
 - Move the headset closer to your device (within 30 feet).
 - Clear previous Bluetooth connections on your device and try pairing again.
- **No sound or poor audio quality:**
 - Check the volume levels on both the headset and your connected device.
 - Ensure the headset is properly connected to your device.
 - Restart both the headset and your device.
- **Microphone not working:**
 - Ensure the microphone is not muted.
 - Check microphone settings on your connected device.
 - Ensure the microphone boom is positioned correctly.
