

Glorious GLO-GMMK-P75-FOX-B

Glorious Gaming GMMK PRO 75% Modular Mechanical Gaming Keyboard Instruction Manual

Model: GLO-GMMK-P75-FOX-B

1. INTRODUCTION

The Glorious Gaming GMMK PRO 75% is a high-performance modular mechanical gaming keyboard designed for enthusiasts and gamers seeking a customizable and durable typing experience. It features a robust 1.5kg CNC machined aluminum frame, pre-installed Glorious Fox linear switches, and fully customizable 16.8 million color RGB lighting. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your GMMK PRO keyboard.

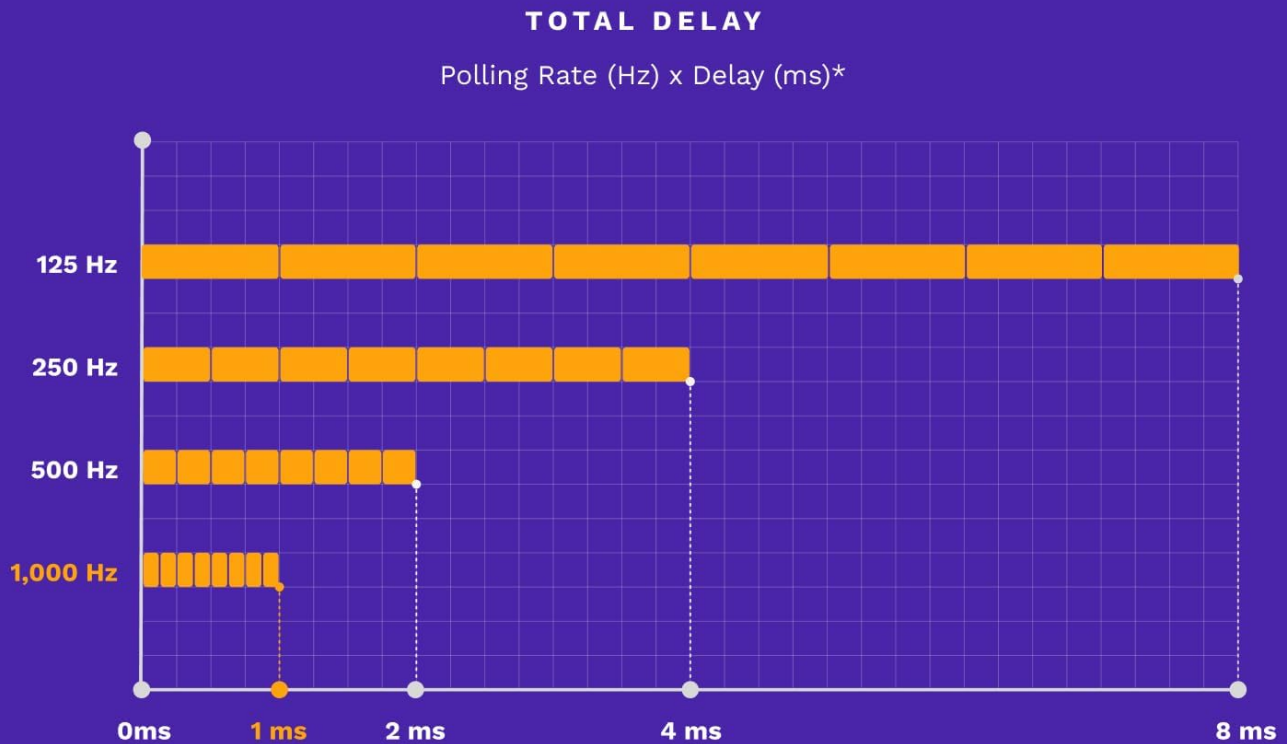

2. WHAT'S IN THE BOX

Upon unboxing your Glorious Gaming GMMK PRO 75% keyboard, you should find the following components:

- 1 Pre-assembled GMMK PRO keyboard with Glorious Fox linear switches and white PBT keycaps
- 4 Additional Mac Keycaps (Option and Command)
- 1 Glorious Logo ESC Keycap
- 1 Black Glorious Coiled Cable
- 1 Glorious Padded Wrist Rest
- 1 Glorious Keycap Puller
- 1 Glorious Switch Puller

Rapid Keystroke Registration

Get 1,000Hz polling rate for optimal gaming performance.

Note: Shorter time is better

**Delay times can be affected by the type of switch used.*

3. SETUP

1. **Connect the Coiled Cable:** Attach the two ends of the coiled cable by screwing them together.
2. **Connect to Keyboard:** Plug the USB-C end of the coiled cable into the USB-C port located on the top edge of the GMMK PRO keyboard.
3. **Connect to Computer:** Plug the standard USB-A end of the coiled cable into an available USB port on your computer.
4. **Install Software (Optional but Recommended):** For full customization of RGB lighting, key remapping, and

macros, download and install the Glorious CORE software from the official Glorious Gaming website.

4. OPERATING THE KEYBOARD

Key Features:

- **Hot-Swappable Switches:** The GMMK PRO features a 5-pin hot-swappable PCB design, allowing you to easily remove and replace the pre-installed Glorious Fox linear switches with other MX-style mechanical switches (e.g., Glorious, Cherry, Gateron, Kailh) without soldering.
- **Customizable RGB Lighting:** Adjust the 16.8 million color RGB lighting effects and brightness directly on the keyboard using key combinations or through the Glorious CORE software for advanced customization.

- **High Polling Rate:** Experience rapid keystroke registration with a 1,000 Hz polling rate, ideal for fast-paced gaming.
- **Rotary Knob:** The programmable rotary knob can be customized for various functions, such as volume control, zoom, or scrolling.

Fully Customizable Gaming Experience

Create your ideal sound, feel, and look with hotswappable switches and keycaps.

5. MAINTENANCE

To ensure the longevity and optimal performance of your GMMK PRO keyboard, follow these maintenance guidelines:

- **Regular Cleaning:** Use a soft brush or compressed air to remove dust and debris from between the keycaps. For deeper cleaning, remove the keycaps using the included keycap puller and wipe the surface with a microfiber cloth.
- **Keycap and Switch Replacement:** Utilize the provided keycap and switch pullers to safely remove and replace components. Avoid excessive force to prevent damage.
- **Cable Care:** Handle the coiled cable with care. Avoid sharp bends or excessive pulling to prevent internal wire damage.

Ultra-Premium, Award-Winning Keyboard

“Handsome, customizable, impeccably built.
The best 75% keyboard.”

6. TROUBLESHOOTING

If you encounter any issues with your GMMK PRO keyboard, please refer to the official troubleshooting guide available as a PDF document:

[Download Troubleshooting Guide \(PDF\)](#)

Common troubleshooting steps include:

- **Check Connections:** Ensure the coiled cable is securely connected to both the keyboard and your computer.
- **Restart Computer:** A simple restart can often resolve temporary software glitches.
- **Update Software/Firmware:** Ensure your Glorious CORE software and keyboard firmware are up to date.
- **Test on Another Port/Computer:** If possible, test the keyboard on a different USB port or another computer to rule

out port or system-specific issues.
