Sejoy 5L Ultrasonic Cool Mist Humidifier User Manual

Brand: Sejoy | Model: 6970392219738

1. INTRODUCTION AND OVERVIEW

The Sejoy 5L Ultrasonic Cool Mist Humidifier is designed to improve air quality and humidity levels in various indoor environments. With its large 5-liter capacity, it can operate for up to 24 hours on a single fill, making it suitable for large rooms, bedrooms, nurseries, and spaces with plants. Key features include a convenient top-fill design, ultra-quiet operation (below 38dB), a built-in essential oil diffuser, 360-degree rotating dual nozzles, two adjustable mist levels, and remote control functionality. The humidifier also incorporates dry protection, automatically shutting off when the water tank is empty to ensure safety and prolong device lifespan.

2. PRODUCT COMPONENTS

Before initial use, please ensure all components are present and in good condition:

- Humidifier Main Unit (Base and Water Tank)
- Top Cover with Dual Nozzles
- Remote Control
- User Manual (this document)

3. SETUP INSTRUCTIONS

1. **Unpack the Humidifier:** Carefully remove all packaging materials and place the humidifier on a flat,

stable, and water-resistant surface. Ensure it is away from direct sunlight, heat sources, and electronic devices.

2. **Fill the Water Tank:** The Sejoy humidifier features a top-fill design for easy refilling. You can either pour water directly into the tank through the top opening or remove the tank using its built-in handle and fill it under a tap. For optimal performance and to prevent mineral buildup, it is recommended to use filtered or purified water.

Image 3.1: Demonstrating the top-fill method for adding water to the humidifier.

3. **Add Essential Oils (Optional):** Locate the built-in aromatherapy box on the side or bottom of the humidifier. Pull out the tray and add a few drops of your favorite essential oil onto the sponge pad.
Important: Do not add essential oils directly into the water tank, as this can damage the humidifier.

4. **Connect to Power:** Plug the power cord into a standard electrical outlet. The humidifier is now ready for operation.

4. OPERATING INSTRUCTIONS

The Sejoy humidifier can be operated using the touch panel on the unit or the included remote control.

4.1 Power On/Off

- Press the Power button () on the touch panel or remote control to turn the humidifier on or off.

4.2 Adjusting Mist Levels

- The humidifier has two adjustable mist output levels (Low and High).
- Press the Mist Level button () on the touch panel or remote control to cycle between the two settings.

4.3 Sleep Mode

- Activate Sleep Mode by pressing the Sleep Mode button (zz) on the remote control. In this mode, the indicator lights will dim or turn off, and the humidifier will operate at its quietest setting for undisturbed rest.

Sleep Mode & Quiet Working

Image 4.2: Operating the humidifier using the remote control.

4.5 360-Degree Rotating Nozzles

- The dual nozzles on top of the humidifier can be manually rotated 360 degrees to direct the mist in any desired direction, ensuring even humidity distribution.

4.6 Dry Protection Auto-Shutoff

- The humidifier is equipped with an automatic shut-off feature that activates when the water tank is empty, preventing damage to the unit and ensuring safety.

5. MAINTENANCE

Regular cleaning is essential to maintain the humidifier's efficiency and prevent the buildup of mold, mildew, and mineral deposits.

5.1 Daily Maintenance

- Empty and rinse the water tank daily.

- Wipe down the inside of the tank and the base with a clean cloth.

5.2 Weekly Cleaning

1. **Unplug the Humidifier:** Always ensure the unit is unplugged from the power outlet before cleaning.
2. **Disassemble:** Remove the top cover and the water tank from the base.
3. **Clean the Water Tank:** Due to its wide opening, the water tank is easy to clean. Use a soft brush or cloth and a mild detergent to clean the interior of the tank. For mineral deposits, a solution of white vinegar and water (1:1 ratio) can be used. Let it sit for 30 minutes, then rinse thoroughly.

Image 5.1: The wide opening of the water tank facilitates easy cleaning.

4. **Clean the Base:** Carefully wipe the inside of the base, especially the ultrasonic transducer (the small disc that produces mist), with a soft cloth dampened with white vinegar. Do not submerge the base in water.
5. **Clean the Essential Oil Box:** Remove the essential oil tray and clean the sponge pad. Replace if necessary.
6. **Rinse and Dry:** Rinse all cleaned parts thoroughly with clean water until no vinegar or detergent smell remains. Allow all components to air dry completely before reassembling.

5.3 Storage

If the humidifier will not be used for an extended period, clean it thoroughly as per weekly cleaning instructions, ensure all parts are completely dry, and store it in a cool, dry place away from direct sunlight.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist or low mist output	<ul style="list-style-type: none"> • No water in tank • Water tank not properly seated • Mineral buildup on transducer • Power cord not connected 	<ul style="list-style-type: none"> • Refill water tank • Ensure tank is correctly placed on the base • Clean the ultrasonic transducer (refer to Maintenance section) • Check power connection
Water leaking from unit	<ul style="list-style-type: none"> • Water tank not properly seated • Damaged water plug/seal • Overfilling the tank 	<ul style="list-style-type: none"> • Re-seat the water tank firmly • Inspect water plug and seals for damage; contact support if damaged • Do not overfill past the MAX line
Unusual noise during operation	<ul style="list-style-type: none"> • Insufficient water level • Unit not on a flat surface • Foreign object in water tank/base 	<ul style="list-style-type: none"> • Refill water tank • Place humidifier on a flat, stable surface • Inspect and remove any foreign objects
Unpleasant odor from mist	<ul style="list-style-type: none"> • Stagnant water • Mineral buildup or mold in tank/base 	<ul style="list-style-type: none"> • Empty and clean the water tank regularly • Perform thorough weekly cleaning (refer to Maintenance section) • Use purified or distilled water

7. SPECIFICATIONS

Feature	Detail
Brand	Sejoy
Model Name	air humidifier, cool mist humidifier
Item Model Number	6970392219738

Feature	Detail
Operation Mode	Ultrasonic
Water Tank Capacity	5 Liters (1.32 Gallons)
Mist Output	Up to 350 mL/h (2 adjustable levels)
Run Time	Up to 24 hours (on low setting)
Noise Level	Less than 38dB
Special Features	Quiet, Remote Control, Top Fill, Essential Oil Diffuser, Dry Protection Auto-Shutoff, 360-Degree Rotating Nozzle, Sleep Mode
Color	White
Control Method	Remote, Touch Panel
Voltage	230 Volts
Wattage	188.6 watts
Product Dimensions	8.27 x 8.27 x 19.69 inches
Item Weight	3.94 pounds (1.79 Kilograms)
Room Type	Living Room, Bedroom, Baby Room, Office
