

Ezona B09WYJSJJR

Ezona Heated Eye Mask: USB Electric Eye Heating Pad User Manual

Model: B09WYJSJJR | Brand: Ezona

PRODUCT OVERVIEW

The Ezona Heated Eye Mask is designed to provide soothing warm therapy for your eyes, offering relief from various discomforts such as dry eyes, eye fatigue, sinus migraines, dark circles, blepharitis, styes, puffiness, and Meibomian Gland Dysfunction (MGD). This USB-powered device features adjustable temperature and timer settings for personalized comfort.

KEY FEATURES & BENEFITS

- **Targeted Relief:** Utilizes far infrared technology for effective relief of dry eyes, eye fatigue, sinus migraines, dark circles, blepharitis, styes, puffiness, and MGD.
- **Natural Aromatherapy:** Features an inner bag with natural lavender herbs and flaxseed that absorbs and releases damp heat, providing a captivating scent for relaxation.
- **Customizable Settings:** Offers 3 temperature levels (104°F to 140°F) and 4 timer settings (15-60 minutes) for tailored therapy.
- **Continuous Heat:** Provides consistent, reliable heat unlike microwaveable masks, ensuring uninterrupted comfort.
- **USB Powered:** Compatible with standard 5V/1-2A USB outlets, allowing power from wall chargers, laptops, power banks, and car chargers for versatile use.
- **Washable & Soft:** Includes a removable, hand-washable cotton fabric cover that is soft, breathable, and gentle on the delicate eye area.

SETUP INSTRUCTIONS

1. **Connect the Controller:** Fully connect the controller plug to the inlet of the eye mask.
2. **Power Source:** Insert the USB plug into a regular adapter of 5V/1-2A. This can be a mobile phone adapter, a laptop USB socket, a wall charger, or a portable power bank. Ensure the power source is within the specified voltage and amperage to prevent damage.

No Internal Battery-Stay Plugged in to Use

5V/1-2A USB Port

Long cord for unrestricted use

OPERATING INSTRUCTIONS

1. **Power On:** Press the power button on the controller to turn on the eye mask.
2. **Set Temperature:** Use the heating setting button to select your desired temperature level (Low: 104°F, Medium: 122°F, High: 140°F).
3. **Set Timer:** Use the time setting button to choose your preferred therapy duration (15, 30, 45, or 60 minutes). The mask will automatically power off when the timer expires.
4. **Position the Mask:** Place the silky side of the mask gently over your eyes, ensuring a comfortable fit. Adjust the elastic straps to secure it in place without being too tight.
5. **Enjoy Therapy:** Relax and enjoy the soothing warm compress.
6. **After Use:** Once the session is complete or you wish to stop, turn off the mask and allow it to cool before disconnecting the cable.

relaxation and eye relief.

MAINTENANCE

- **Washable Cover:** The removable cover can be hand washed with mild soap and water.
- **Drying:** Allow the cover to air dry completely before reattaching it to the mask. Do not wash or soak the heating pad itself.
- **Storage:** Store the eye mask in a cool, dry place when not in use. Avoid exposing it to extreme temperatures or moisture.

SAFETY PRECAUTIONS

- Do not use on high settings for extended periods if you have sensitive skin.
- This eye mask is not intended for use by children, unconscious persons, or individuals with reduced physical, sensory, or mental capabilities without supervision.
- Never pull the eye mask by the cable while heating.

- Avoid overheating the mask. Do not use while sleeping if you tend to move excessively, to prevent entanglement or accidental damage.

TROUBLESHOOTING

- **Mask not heating:** Ensure the USB cable is securely connected to both the mask and a functioning 5V/1-2A power source. Check if the power source is active.
- **Inconsistent heat:** Verify that the power source provides consistent output. Ensure the mask is placed flat and not bunched up.
- **Timer issues:** Confirm the timer setting is correctly selected on the controller. If issues persist, try disconnecting and reconnecting the power.
- **Unpleasant odor:** If a new product odor is present, wash the removable cover by hand and allow it to air dry completely before use.
