Product Features

- **Compact One-Piece Design:** Seamless construction for a clean aesthetic and simplified cleaning. Dimensions: 26.6"D x 15"W x 26"H.
- **ADA Compliant Chair Height:** Features a 17.3-inch seat height from the floor, facilitating easier sitting and standing for all users, including the elderly and individuals with disabilities.
- **Elongated Bowl:** Provides enhanced comfort.
- **Dual Flush System:** Water-saving 0.8/1.28 GPF (Gallons Per Flush) for efficient water usage, saving up to

16,500 gallons annually compared to 3.5-gallon toilets.

- **MAP 1000g Performance:** Achieves a Maximum Performance Flush score of 1000 grams, indicating strong flushing capability and clog resistance.
- **Soft-Closing Seat:** The included PP seat closes quietly and slowly, reducing noise and preventing slamming.
- **Standard 12-inch Rough-in:** Designed for common installation requirements.

Setup and Installation

Installation of the HOROW T0338W toilet is designed to be straightforward. It is recommended to have basic plumbing knowledge or consult a professional plumber for assistance.

Pre-Installation Checks:

- Ensure your rough-in measurement is 12 inches.
- Verify the water supply line size. The toilet fits both 7/8" and 1/2" water lines. If your supply line is 7/8", remove the pre-installed adapter.

Image: Explanation of the two compatible supply line inlet hose sizes (7/8" and 1/2") and adapter removal.

Installation Steps:

1. Prepare the installation area by ensuring the floor flange is clean and level.

2. Install the wax ring onto the floor flange or the toilet's waste outlet.
3. Carefully position the toilet over the floor bolts and press down firmly to create a seal with the wax ring. The toilet features two large opening holes on the side for easier access to fix the toilet.
4. Secure the toilet to the floor using the provided floor bolts and caps. Do not overtighten.
5. Connect the water supply line to the toilet's fill valve. Ensure a tight, leak-free connection.
6. Install the soft-closing toilet seat by aligning the hinges with the mounting holes and securing them with the screws.
7. Place the toilet tank lid on top of the tank.

For visual guidance, refer to the installation video explanations mentioned in the product features, if available from the seller.

Operation

The HOROW T0338W toilet features a dual-flush mechanism for efficient water usage.

Flushing:

- **Partial Flush (0.8 GPF):** Press the smaller button on the top of the tank lid for liquid waste.
- **Full Flush (1.28 GPF):** Press the larger button on the top of the tank lid for solid waste.

The siphon flushing system ensures a powerful and effective flush, contributing to the MAP 1000g performance rating.

Maintenance

Regular maintenance will help keep your HOROW T0338W toilet in optimal condition.

- **Cleaning:** The one-piece design with fully-glazed trapway simplifies cleaning. Use non-abrasive cleaners and a soft cloth or sponge. Avoid harsh chemicals that can damage the ceramic glaze or internal components.
- **Seat Maintenance:** The soft-closing PP seat is designed for durability. Ensure the seat is properly fixed with screws to prevent loosening. Periodically check and tighten the seat screws if necessary.
- **Flushing Mechanism:** If flushing performance decreases, check for obstructions in the bowl or trapway.

Ensure the water level in the tank is correct.

Troubleshooting

For common issues and their solutions, please refer to the dedicated troubleshooting guide:
