LIQUIPEL EMT-GW240U

Liquipel Powertek Dual USB-A Wall Charger (Model EMT-GW240U) Instruction Manual

Model: EMT-GW240U | Brand: LIQUIPEL

1. INTRODUCTION

This instruction manual provides essential information for the safe and efficient use of your Liquipel Powertek Dual USB-A Wall Charger. Please read this manual thoroughly before using the product and retain it for future reference.

Figure 1: The Liquipel Powertek Dual USB-A Wall Charger in purple, featuring two USB-A ports on the front and foldable prongs on the back.

2. SAFETY INFORMATION

- Do not expose the charger to liquids, moisture, or extreme temperatures.
- Do not disassemble, modify, or attempt to repair the charger. This may void the warranty and pose safety risks.
- Keep out of reach of children.
- Ensure the wall outlet is easily accessible for disconnecting the charger if needed.
- Avoid using damaged cables or adapters with the charger.
- Unplug the charger from the wall outlet when not in use or during electrical storms.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- 1 x Liquipel Powertek Dual USB-A Wall Charger
- 2 x USB Cable (*Note: The product description mentions 2 USB cables, but typically wall chargers do not include cables. Please verify your package contents.*)

4. PRODUCT FEATURES

The Liquipel Powertek Dual USB-A Wall Charger offers the following features:

- **Dual USB-A Charge Ports:** Allows charging of two devices simultaneously.
- **Folding Design:** The AC prongs fold into the charger body for compact storage and portability.
- **Beveled Edges:** Ergonomic design for comfortable handling.
- **Compact Size:** Designed for easy travel and minimal space usage.

Figure 2: An image illustrating the key features of the Liquipel Powertek Dual USB-A Wall Charger, including dual fast charging ports, portable folding prongs, premium beveled edges, and available in expressive colors.

5. SETUP

1. **Unfold the Prongs:** Gently pull out the foldable AC prongs from the charger body until they lock into place.

FOLDING CHARGE PRONGS

Liquipel[®]
POWERTEK

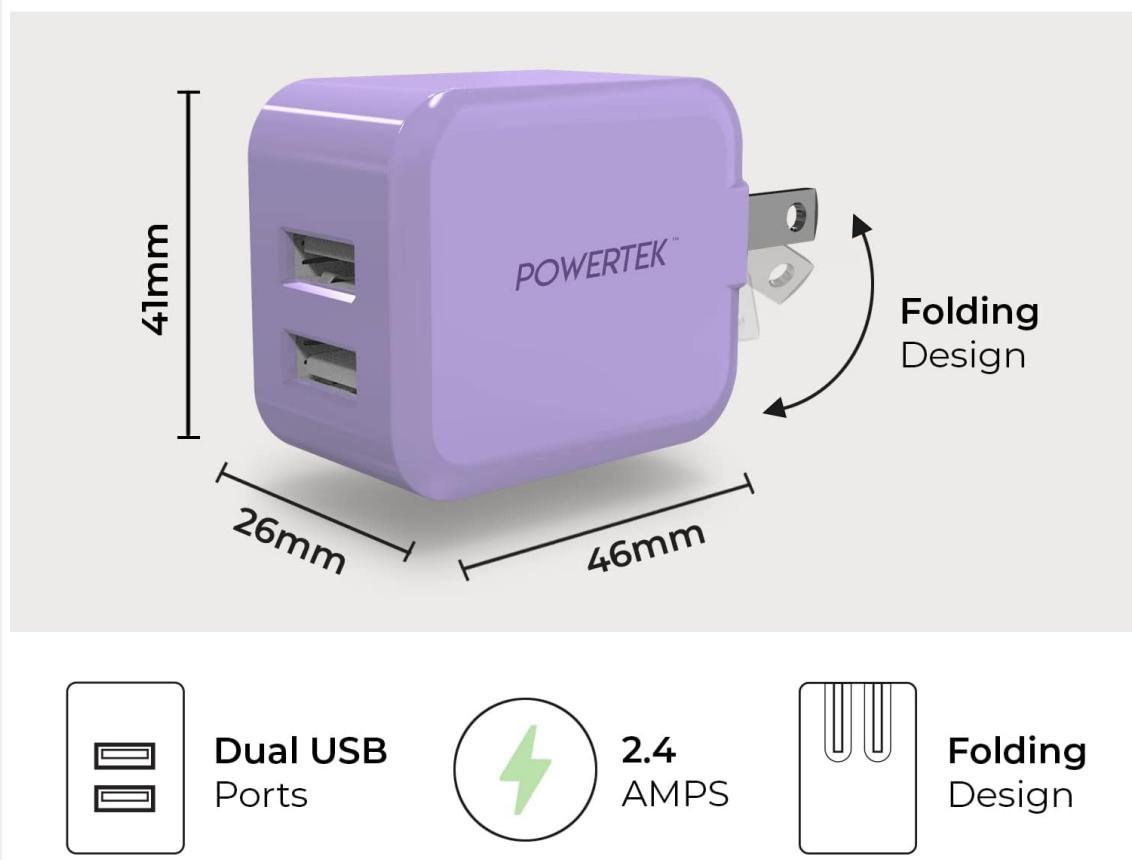

Figure 3: The charger with its prongs extended, illustrating the folding design and compact dimensions (41mm height, 26mm width, 46mm depth).

2. **Plug into Wall Outlet:** Insert the charger's prongs into a standard 120V AC wall outlet.
3. **Connect USB Cable:** Insert the USB-A end of your charging cable into one of the two USB-A ports on the charger.
4. **Connect Device:** Connect the other end of the charging cable to your compatible device (e.g., smartphone, tablet, AirPods).

Video 1: Demonstration of unfolding the charger prongs, plugging the charger into a wall outlet, and connecting a USB cable to charge a smartphone. This video illustrates the ease of use and compact nature of the charger.

6. OPERATING INSTRUCTIONS

Once connected, your device should begin charging automatically. The charger is designed to provide efficient power to compatible devices. You can charge two devices simultaneously using both USB-A ports.

WALL CHARGER

DUAL USB-A

- Dual Fast Charging Ports
- Portable Folding Prongs
- Premium Beveled Edges
- Uniquely Expressive Colors

Figure 4: The purple Liquipel Powertek Dual USB-A Wall Charger plugged into a standard wall outlet, with a purple USB cable connected to one of its ports, ready to charge a device.

7. MAINTENANCE

- **Cleaning:** Disconnect the charger from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** When not in use, fold the AC prongs into the charger body. Store the charger in a cool, dry place away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
