Medical King Foot Spa Instruction Manual

Model: MK7041 | Brand: Medical King

1. SAFETY INFORMATION

It is crucial to adhere to all safety guidelines to ensure safe and effective use of your Medical King Foot Spa. Please read the following carefully:

- **Do not submerge electrical components in water.** This product contains electrical parts that can be damaged by water immersion, posing a risk of electric shock.
- Always ensure the unit is unplugged before filling or emptying water, or before cleaning.
- Do not use the foot spa if the power cord or plug is damaged. Contact qualified personnel for repair.
- Keep out of reach of children and pets.
- Do not stand in the foot spa. Use while seated comfortably.
- Avoid using abrasive cleaners or harsh chemicals on the unit.
- If you have any medical conditions, consult your doctor before using this product.

2. PRODUCT FEATURES

The Medical King Foot Spa is designed to provide a relaxing and therapeutic experience for your feet. Key features include:

- **Heat Function:** Includes adjustable heating with temperature control to maintain desired water temperature.
- **Bubble Jets:** Two powerful bubble jets promote blood circulation and metabolism, offering a soothing sensation.
- **Vibration Massage:** Provides a gentle vibration to enhance the massage experience.
- **Pedicure Stone:** A removable pumice stone helps in removing calluses, corns, and dead skin for smoother feet.
- **Mini Massage Points:** Strategically placed massage points for comprehensive foot relaxation.
- **Massage Rollers:** Features 14 removable massage rollers shaped for maximum comfort and massage coverage.
- **Collapsible Design:** Portable and space-saving, allowing for easy storage at home or office.
- **Remote Control:** Conveniently adjust settings without bending over.

3. SETUP AND OPERATION

3.1 Setup

Follow these steps to set up your Medical King Foot Spa:

1. Place the foot spa on a flat, stable surface. Ensure the area is dry and clear of any obstacles.
2. Extend the collapsible basin to its full height. Ensure the support rod is engaged to prevent accidental folding during use.
3. Plug the power cord into a suitable electrical outlet.
4. Fill the basin with water up to the indicated maximum fill line. It is recommended to use warm water to reduce heating time.

5. Ensure the control panel is securely attached or the remote control is within reach.

3.2 Operating Instructions

Once set up, you can begin your foot spa session:

1. **Power On:** Press the "On/Off" button on the control panel or remote control to turn on the unit. The default temperature setting will activate.
2. **Adjust Temperature:** Use the temperature control buttons (L, M, H or Temp+/- on remote) to select your desired heat level. The foot spa will work to maintain this temperature.
3. **Activate Bubbles:** Press the "Bubble" button to turn on the oxygen bubbles for a soothing effect.
4. **Vibration/Massage:** The unit features integrated massage points and rollers. Gently move your feet over the rollers for a deeper massage.

5. **Set Timer:** Use the "Timing" button to set a desired duration for your session (e.g., 10, 20, 30 minutes). The unit will automatically shut off after the set time.
6. **Using the Pumice Stone:** The integrated pumice stone can be used to gently exfoliate your heels and soles while your feet are in the water.
7. **Power Off:** Press the "On/Off" button again to turn off the unit when finished.

4. MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your foot spa:

- **Draining Water:** After each use, unplug the unit. Carefully pour out the water from the basin. Avoid spilling water on the control panel or electrical components.
- **Cleaning:** Wipe the interior and exterior of the basin with a soft cloth and mild soap. Rinse thoroughly with clean water. Do not use abrasive cleaners or solvents.
- **Drying:** Allow all parts of the foot spa to air dry completely before storing.
- **Storage:** Collapse the basin for compact storage. Store in a cool, dry place away from direct sunlight.

Foldable design

this foldable foot spa massager can be placed in any slim corner, like under the bed or sofa, and in a closet shelf

Figure 4.1: Collapsible design for easy storage.

5. TROUBLESHOOTING

If you encounter any issues with your Medical King Foot Spa, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Unit does not power on.	Not plugged in; power outlet issue; damaged cord.	Ensure the power cord is securely plugged into a working outlet. Check the outlet with another device. Inspect the cord for damage.

Problem	Possible Cause	Solution
Water is not heating or not hot enough.	Incorrect temperature setting; initial water too cold.	Increase the temperature setting. Start with warm water to assist the heating element. Allow sufficient time for water to heat up.
Bubbles or vibration not working.	Function not activated; blockage in jets.	Ensure the "Bubble" or corresponding function button is pressed. Check for any debris blocking the bubble jets.
Remote control not responding.	Batteries low or not installed; remote out of range.	Check and replace batteries in the remote control. Ensure the remote is pointed towards the unit and within close range.

If the problem persists after trying these solutions, please contact Medical King customer support.

6. SPECIFICATIONS

Attribute	Detail
Product Dimensions	16 x 13 x 7 inches (unfolded)
Item Model Number	MK7041
Item Weight	4.3 Pounds (1.95 Kilograms)
Manufacturer	Medical King
Material	Plastic
Power Source	Plug-in (Wired)
Temperature Range	3 levels (specific range not provided in input, but implied by "3 levels")
