## Suright YD820

# Suright YD820 Night Light for Kids Instruction Manual

Model: YD820

## 1. INTRODUCTION

The Suright YD820 Night Light is a versatile, USB rechargeable lamp designed for various uses, including nurseries, bedrooms, and camping. It offers dimmable warm white light, 7 color-changing modes, and intuitive touch controls, along with convenient timer functions.

Figure 1: Suright YD820 Night Light displaying various light modes.

## 2. KEY FEATURES

- **Warm White & 7 RGB Colors:** Offers a gentle, dimmable warm white light and 7 vibrant RGB colors that can be set to cycle automatically or fixed to a preferred color.
- **Intuitive Controls:** Features bottom switches for timer and light mode selection, complemented by a responsive touch control on the top for brightness adjustment and color selection.
- **Timing & Memory Functions:** Includes 30-minute and 60-minute timer options for automatic shut-off. A memory function recalls the last brightness and color setting upon reactivation.
- **USB Rechargeable:** Equipped with a built-in 2600 mAh lithium battery, providing 9-100 hours of use on a single 2.5-hour charge. Features a universal Type-C USB interface for convenient charging.
- **Durable & Safe Design:** Constructed from ABS and soft silicone material, ensuring safety for children and resistance to accidental drops. Includes a bottom hook for versatile placement.

## 3. SETUP

### 3.1 Initial Charging

Before first use, fully charge the night light. Connect the provided USB Type-C cable to the charging port on the bottom of the device and plug the other end into a compatible USB power source (e.g., phone charger, power bank, laptop, car charger). The indicator light will show charging status.

Figure 2: Charging the night light via USB Type-C. The indicator light is red when charging and blue when fully charged.

### 3.2 Powering On/Off

The main power and mode selection switches are located on the bottom of the night light.

## 4. OPERATING INSTRUCTIONS

### 4.1 Selecting Light Mode

Use the top switch on the bottom of the night light to select the desired light mode:

- **Warm Mode:** Slide the switch to 'Warm' for warm white light.
- **RGB Mode:** Slide the switch to 'RGB' for color-changing light.
- **Off:** Slide the switch to 'Off' to turn off the light.

Figure 4: Visual guide for switching between Warm and RGB modes and using touch controls.

#### 4.2 Adjusting Brightness (Warm Mode)

In Warm Mode, gently touch and hold the top surface of the night light to adjust the brightness. The brightness will cycle steplessly from 10% to 100%.

Figure 5: Stepless dimming functionality in Warm Mode.

#### 4.3 Changing Colors (RGB Mode)

In RGB Mode, tap the top surface of the night light:

- **Single Tap:** Cycles through the 7 available colors.
- **Tap and Hold:** Fixes the current color.
- **Double Tap:** Turns the light off. Double tap again to turn it back on to the last setting (memory function).

Figure 7: The 7 vibrant RGB colors available.

#### 4.4 Timer Function

Use the bottom switch on the bottom of the night light to set the timer:

- **30min:** The light will automatically turn off after 30 minutes.
- **60min:** The light will automatically turn off after 60 minutes.
- **KEEP:** The light will remain on until manually turned off or the battery depletes.

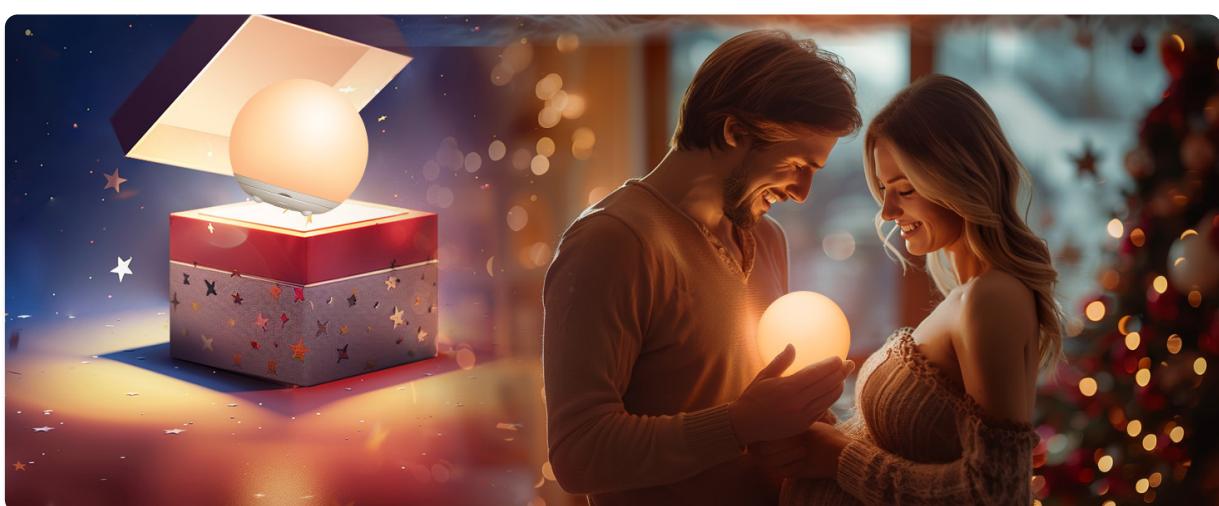

Figure 8: Timer function for automatic shut-off.

## 4.5 Memory Function

The night light is equipped with a memory function that automatically remembers the last brightness level and color setting used. This allows for quick reactivation without needing to reconfigure settings.

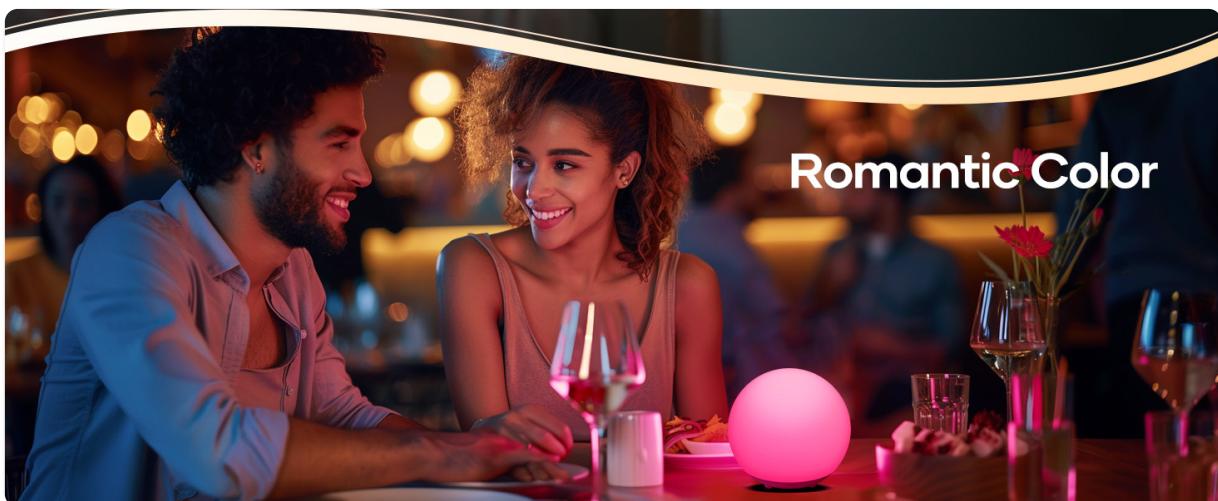

Figure 9: The night light's memory function.

## 5. MAINTENANCE

- **Cleaning:** Wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store in a cool, dry place when not in use for extended periods.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Recharge when the light dims significantly.

## 6. TROUBLESHOOTING

- **Light does not turn on:**

- Ensure the bottom switch is not in the 'Off' position.
- Check if the battery is charged. Connect to a power source using the USB cable.
- Ensure the top surface is tapped correctly for activation.

- **Light does not change color/brightness:**

- Verify the bottom switch is in the correct mode ('Warm' for brightness, 'RGB' for colors).
- Ensure proper touch interaction (tap for color cycle, tap and hold for brightness/color fix).

- **Timer function not working:**

- Confirm the timer switch on the bottom is set to '30min' or '60min', not 'KEEP'.

- **Charging issue:**

- Check the USB cable and power adapter for damage.
- Ensure the cable is securely connected to both the night light and the power source.

## 7. SPECIFICATIONS

Feature	Specification
Brand	Suright
Model Number	YD820-WH
Product Dimensions	3.74"D x 3.66"W x 3.66"H
Item Weight	7.1 ounces
Material	Silicone Rubber (ABS and Silicone)
Light Source Type	LED
Light Color	Warm White, RGB (7 Colors)
Power Source	Battery Powered (USB Rechargeable)
Battery Type	1 Lithium Ion battery (built-in 2600 mAh)
Charging Time	Approx. 2.5 hours
Usage Time	9-100 hours (depending on brightness/color mode)
Control Method	Touch, Switches
Timer Function	30 minutes, 60 minutes, Keep On
Water Resistance Level	Waterproof

## 8. SAFETY INFORMATION

- Keep the device away from extreme temperatures and direct sunlight.
- Do not attempt to disassemble or modify the night light.
- Use only the provided charging cable or a certified USB Type-C cable for charging.
- This product is designed to be fall-resistant due to its silicone material, but excessive force or impact may still cause damage.
- Ensure children use the night light under adult supervision, especially during charging.
