Rhinowalk 20L

Rhinowalk Waterproof Modular Motorcycle Seat Bag 20L Instruction Manual

1. INTRODUCTION

Thank you for choosing the Rhinowalk Waterproof Modular Motorcycle Seat Bag 20L. This versatile bag is designed to provide secure and waterproof storage for your motorcycle touring needs. Its modular design allows for various configurations, adapting to different storage requirements and motorcycle types. Please read this manual carefully before installation and use to ensure proper function and longevity of your product.

2. PRODUCT FEATURES

- **Modular Design:** The bag features a modular design that allows for combination with other Rhinowalk bags (10L, 20L, 30L) to create 2-in-1, 3-in-1, or 4-in-1 configurations, offering high flexibility and expandability based on your needs.
- **Waterproof Construction:** Constructed from durable polyester material with heat-pressed seams and a removable waterproof inner bag, ensuring excellent water resistance and protection against rain and high-speed splashes. The inner bag is easily detachable via a zipper for convenient cleaning and maintenance.
- **Multi-functional Use:** Can be utilized as a motorcycle pannier bag, tank bag, side bag, backpack, or shoulder bag, catering to diverse requirements.
- **Enhanced Stability:** The back of the bag features anti-slip mesh material to prevent movement during travel.
- **Secure Closure:** Equipped with a wide roll-top opening for easy access and secure closure.
- **Portability:** Includes detachable shoulder straps for convenient off-bike carrying.

3. PACKAGE CONTENTS

The 20L Rhinowalk Waterproof Modular Motorcycle Seat Bag package includes:

- Rhinowalk Waterproof Modular Motorcycle Seat Bag (20L)
- Buckles: 4 pieces
- Belts: 4 pieces

- Shoulder Straps: 2 pieces

4. SETUP AND INSTALLATION

The Rhinowalk Modular Motorcycle Seat Bag offers various mounting options. Refer to the following instructions and the provided video for detailed guidance.

4.1. Single Pack Mounting (Backseat)

1. First, fix the 4 subframe straps onto the metal rear subframe of your motorcycle.
2. Insert the reinforced elastic straps from the bag into the 2 holes on the top of the pack.
3. Cross the 4 subframe straps through the side mounting hanging holes on the bag.
4. Lastly, interconnect the 4 release buckles and pull on each strap to take up the tension, ensuring the bag is securely fastened.

4.2. Single Pack Mounting (Side Rack)

1. First, fix the 4 subframe straps onto the side rack of your motorcycle.
2. Then thread the subframe straps through the hanging holes on the bag and connect them with the elastic straps.
3. Ensure all straps are tightened for a secure fit.

4.3. Combination Mounting (2-in-1, 3-in-1, 4-in-1)

For combination mounting, the process involves fitting additional bags using the same methods as described above, utilizing the available D-rings and straps to securely connect multiple bags. Refer to the video for visual guidance on combining different bag sizes.

Video: Rhinowalk Waterproof Dry Pack Touring Seat Bag Mounting Instructions. This video demonstrates various mounting configurations for the Rhinowalk modular motorcycle bags, including single pack and multi-pack setups on a motorcycle.

Video: General Seat Bag Installation Method. This video provides a general overview of how to install a seat bag on a motorcycle, showing the process of securing straps and ensuring a stable fit.

5. USAGE AND OPERATION

The Rhinowalk seat bag is designed for ease of use and versatility.

- **Packing:** Utilize the main compartment for larger items. The roll-top closure ensures a waterproof seal.
- **Expansion:** The modular design allows you to attach additional Rhinowalk bags for increased capacity.
- **Carrying Options:** Use the included shoulder straps to convert the bag into a backpack or shoulder bag for convenient off-bike transport.

6. MAINTENANCE

Proper maintenance will extend the life of your Rhinowalk seat bag.

- **Cleaning:** Wipe the exterior with a damp cloth and mild soap. Do not use harsh chemicals or abrasive cleaners.
- **Drying:** After cleaning or exposure to rain, ensure the bag is thoroughly dry before storage to prevent mold or mildew. Air dry in a well-ventilated area, away from direct sunlight or heat sources.
- **Storage:** Store the bag in a cool, dry place when not in use.
- **Strap Inspection:** Regularly check all buckles and straps for wear and tear. Replace any damaged components to ensure secure attachment.

7. TROUBLESHOOTING

If you encounter any issues with your seat bag, consider the following:

- **Bag feels loose:** Re-check all attachment straps and buckles. Ensure they are threaded correctly and pulled taut. The anti-slip mesh on the back should be in contact with the motorcycle surface.
- **Water ingress:** Ensure the roll-top closure is properly rolled down at least three times and secured with the buckles. Check for any punctures or damage to the outer material or the waterproof inner bag.
- **Difficulty attaching:** Refer to the installation section and video demonstrations to ensure all steps are followed correctly for your specific motorcycle setup.

8. SPECIFICATIONS
