Tiptiper V03

Tiptiper Vintage Makeup Vanity V03 Instruction Manual

Model: V03 | Brand: Tiptiper

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Always unplug the power strip before assembly or cleaning.
- During assembly, be cautious of sharp edges and pinch points.
- When using the vanity, do not overload the power strip and keep it away from water.
- Always use a dry cloth to clean the vanity.

PRODUCT OVERVIEW

The Tiptiper Vintage Makeup Vanity V03 is designed to provide a functional and organized space for your beauty routine. It features integrated lighting, a charging station, and multiple storage options.

SETUP AND ASSEMBLY

Assembly is required. It is recommended to follow the steps in the accompanying instructions, laying out each board by number before assembly. Two people are recommended for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging. Check against the parts list in the included manual.
2. **Assemble Frame:** Construct the metal frame according to the diagrams. Ensure all connections are secure.
3. **Attach Wooden Panels:** Secure the artificial wood panels to the metal frame.
4. **Install Drawers:** Assemble and install the two desktop drawers and the three side drawers. Ensure they slide smoothly.
5. **Mount Mirror and Shelves:** Secure the large mirror and the integrated shelves.
6. **Connect Lighting and Power Strip:** Install the 10 LED bulbs around the mirror. Connect the power strip with 2

USB ports and 2 AC outlets. Ensure all wiring is safely routed.

An installation video is provided for visual guidance. Refer to the included manual for detailed step-by-step instructions and diagrams.

OPERATING INSTRUCTIONS

1. Lighting Modes and Brightness Adjustment

The vanity table is equipped with 10 LED bulbs offering three light colors and adjustable brightness.

- **Power On/Off:** Use the dedicated switch on the control panel to turn the lights on or off.
- **Change Light Color:** Press the 'M' button on the control panel to cycle through three color modes:
 - Warm Yellow Light
 - Warm White Light
 - Cool White Light
- **Adjust Brightness:** Use the '+' and '-' buttons on the control panel to increase or decrease the brightness of the selected light color.

2. Using the Charging Station

The built-in power strip provides convenient access to power for your electronic devices.

- **AC Outlets:** Two standard 125V/12A AC outlets are available for powering hair dryers, curling irons, or other small appliances.
- **USB Ports:** Two 5V/2.1A USB ports are available for charging smartphones, tablets, and other USB-powered devices.
- **Power Cord:** The charging station is connected via a 5.9-foot power cord. Ensure it is plugged into a suitable wall outlet.

3. Storage Utilization

The vanity offers various storage solutions to keep your items organized.

- **Desktop Drawers:** Two drawers located under the main desktop provide hidden storage for smaller items.
- **Side Drawers:** Three additional drawers on the right side offer ample space for larger items or accessories.
- **Open Shelves:** Shelves above the desktop and to the side of the mirror are suitable for displaying frequently used items or decorative pieces.

Figure 5: Overview of the vanity's storage capabilities, including drawers and open shelves.

MAINTENANCE

- **Cleaning:** Wipe the vanity surfaces with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Dusting:** Regularly dust the mirror and shelves to maintain clarity and appearance.
- **Power Strip Care:** Ensure the power strip and cables are free from dust and debris. Do not expose to liquids.
- **Bulb Replacement:** If an LED bulb needs replacement, ensure the vanity is unplugged before attempting to change it. Refer to the original manual for specific bulb type and replacement instructions.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights not turning on.	Power cord unplugged; bulbs loose; power strip switch off.	Check power cord connection. Ensure bulbs are securely tightened. Verify power strip switch is on.
Lights flickering or dim.	Loose connection; faulty bulb; power fluctuation.	Check all connections. Replace faulty bulb. Ensure stable power supply.
Charging station not working.	Power cord unplugged; device not compatible; power strip overloaded.	Verify power cord is plugged in. Check device compatibility. Reduce number of devices plugged in.
Drawers sticking or not closing properly.	Obstruction in drawer slide; improper assembly.	Remove any obstructions. Re-check assembly steps for drawers.
