mDesign Lumiere Collection Storage Drawers - Instruction Manual

Model: 20598MDBSTEU

Product Overview

The mDesign Lumiere Collection Stackable Bathroom Storage with Pull Out Bin Organizer Drawer is designed to help organize various items in your home. These clear plastic storage units feature convenient pull-out drawers and a stackable design to maximize vertical storage space. They are suitable for use in bathrooms, kitchens, closets, and other areas requiring efficient organization.

Setup

These storage drawers require no assembly. Simply remove them from the packaging and place them in your desired location. Their design allows for individual use or stacking to create a customized storage system.

- Unpack the storage drawers from their protective packaging.
- Place the first unit on a flat, stable surface.
- If stacking, align the second unit directly on top of the first. The design ensures stability when stacked.
- Begin organizing your items within the pull-out drawers.

Operating Instructions

The mDesign storage drawers are designed for easy access to your stored items. Each unit features a smooth-gliding pull-out drawer.

- To open a drawer, gently pull the integrated handle on the front of the drawer.
- The drawer will slide forward, allowing full access to its contents.
- To close the drawer, push it back into the main unit until it is fully seated.
- The clear construction allows for quick identification of contents without needing to open the drawer.

Maintenance

To ensure the longevity and appearance of your mDesign storage drawers, follow these simple maintenance guidelines:

- **Cleaning:** Clean the units with mild soap and water. Use a soft cloth to wipe surfaces.
- **Drying:** Dry thoroughly with a soft, clean cloth to prevent water spots.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, scouring pads, or harsh chemicals, as these can scratch or damage the plastic.
- **Dishwasher Safety:** Do not place the units in a dishwasher. Hand washing is recommended.

Troubleshooting

If you encounter any issues with your storage drawers, consider the following common solutions:

- **Drawers not sliding smoothly:**
  Ensure the unit is placed on a completely flat and level surface. Check for any debris or obstructions within the drawer

tracks or on the surface where the unit rests. Remove any items that might be catching or preventing smooth movement.

- **Units feel unstable when stacked:**
  Verify that the units are stacked correctly, with the top unit sitting squarely on the bottom unit. Ensure the surface beneath the stack is stable and level. Distribute the weight of the contents evenly within the drawers to maintain balance.
- **Cracks or damage:**
  While made of durable plastic, extreme impact or excessive weight can cause damage. Inspect the unit for any visible cracks. If significant damage occurs, the unit may need to be replaced.

Specifications

Feature	Detail
Brand	mDesign
Model Number	20598MDBSTEU
UPC	192173205983
Material	Plastic
Color	Clear
