

VIVO DESK-KIT-1BRB

VIVO DESK-KIT-1BRB Electric L-Shaped Standing Desk User Manual

Model: DESK-KIT-1BRB

1. PRODUCT OVERVIEW

The VIVO DESK-KIT-1BRB is an electric L-shaped standing desk designed to provide a versatile workstation. It features an electric motor for height adjustment, allowing users to easily switch between sitting and standing positions. The desk includes a spacious 58.1" x 35" corner tabletop and a robust steel frame capable of supporting up to 220 lbs.

Key features include:

- **Electric Height Adjustment:** Smooth transition between 29.2" and 48.4" height range.
- **Memory Presets:** Four programmable height settings for quick adjustments.
- **Reversible L-Shape:** The corner tabletop can be configured for left or right-side placement.
- **Durable Construction:** All-steel frame and particle board tabletop for stability and scratch resistance.
- **Collision Detection:** Integrated safety feature to prevent damage during height adjustments.

2. SAFETY INFORMATION

Please read all safety warnings and instructions carefully before assembly and use. Keep this manual for future reference.

- Ensure all components are securely fastened before use.
- Do not overload the desk beyond its maximum weight capacity of 220 lbs.
- Keep hands and objects clear of moving parts during height adjustment.
- This product may expose you to chemicals including Lead and DEHP, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, visit www.P65Warnings.ca.gov.

3. SETUP AND ASSEMBLY

Assembly instructions are included with the product. It is recommended that at least one person performs

the assembly. A pilot hole tool is provided to assist with tabletop assembly, allowing for flexible left or right-side placement of the L-shaped section.

Please refer to the detailed installation manual provided in the product packaging for step-by-step instructions. Ensure all parts are accounted for before beginning assembly.

4. OPERATING INSTRUCTIONS

The VIVO DESK-KIT-1BRB desk features an intuitive control panel for height adjustment and memory presets.

4.1 Adjusting Desk Height

Use the up (▲) and down (▼) arrow buttons on the control panel to manually adjust the desk height. The current height will be displayed on the digital screen.

4.2 Setting Memory Presets

The desk allows you to save up to four preferred height settings:

1. Adjust the desk to your desired height using the up/down arrows.
2. Press the "M" button (or similar memory set button, if present) followed by one of the numbered preset buttons (1, 2, 3, or 4).
3. The display will confirm the preset has been saved.

To recall a saved height, simply press the corresponding numbered preset button (1, 2, 3, or 4). The desk will automatically move to the saved position.

5. MAINTENANCE

To maintain the desk's condition and functionality:

- Clean the desk surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- Regularly check all screws and bolts to ensure they remain tight.
- Keep the motor and electrical components free from dust and moisture.

6. TROUBLESHOOTING

If you encounter issues with your VIVO DESK-KIT-1BRB desk, consider the following common solutions:

- **Desk Not Moving:**
 - Check if the power cable is securely plugged into both the desk and a working power outlet.
 - Ensure no obstructions are blocking the desk's movement.
 - Perform a reset if indicated by the control panel (refer to the full manual for specific reset procedures).

- **Uneven Movement:**

- Verify that the desk is placed on a level surface.
- Check for any loose connections in the frame or legs.

- **Error Codes:** If the control panel displays an error code, consult the detailed troubleshooting section in the complete user manual for specific instructions related to that code.

For further assistance, please contact VIVO customer support.
