Letaya Metal Lockers for Employees: 71" Steel Storage Cabinet with 6 Lockable Doors

Model: letaya

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Letaya 71-inch Steel Storage Cabinet with 6 Lockable Doors. Please read this manual thoroughly before assembly and use to ensure proper function and safety.

SAFETY INFORMATION

For your safety and to prevent damage to the product, observe the following guidelines:

- Keep away from children during assembly and operation.
- Always assemble and disassemble with care, following all instructions.
- Do not overload the cabinet. The maximum weight limit per shelf is 55 pounds.
- Always follow the assembly instructions provided to ensure structural integrity.
- Ensure the cabinet is placed on a level and stable surface to prevent tipping.
- Consider anchoring the cabinet to a wall for added stability, especially in areas with children or pets.

PRODUCT OVERVIEW

The Letaya 6-door steel storage cabinet is designed for secure and organized storage in various environments such as offices, homes, gyms, and schools. Each door features an independent locking system for individual security.

Figure 1: Front view of the Letaya 6-door metal locker, showcasing its compact design.

Key Features:

- **Dimensions:** 71 inches (H) x 15 inches (W) x 17 inches (D).

- **Capacity:** Six individual lockable compartments, each with two shelves.
- **Security:** Each door is equipped with an independent key locking system.
- **Ventilation:** Stylish vents on each door promote air circulation.
- **Identification:** Each door includes a card tag clip for labeling contents or users.
- **Material:** Durable steel construction with a powder-coated finish.

Figure 2: Close-up of product details, highlighting ventilation holes and the security door lock mechanism.

ASSEMBLY INSTRUCTIONS

The Letaya metal storage locker is designed for straightforward assembly. An instruction manual is included in the packaging. Assembly typically takes approximately 30 minutes.

General Assembly Steps:

1. Unpack all components and verify against the parts list provided in the included paper manual.
2. Identify the back panel, side panels, and front frame.

3. Slide the rear panel into the grooves of the two side panels.
4. Attach the front panel by sliding it into the channels on the side panels.
5. Insert the shelves into the designated slots, ensuring they snap securely into place.
6. Install the doors and locking mechanisms.
7. Attach any additional accessories such as clothing hooks (screwdriver and pliers/wrench may be needed for these).
8. Ensure all connections are secure and the cabinet is stable.

For visual guidance, a video assembly instruction is also available. Please refer to the product listing or manufacturer's website for access to this video. (Note: Video embedding is not available in this format.)

Figure 3: Dimensional diagram of the locker, illustrating its height, width, and depth, along with examples of its application in gym, school, and laundry settings.

OPERATING INSTRUCTIONS

Using the Lockable Doors:

- Each door is equipped with an individual key lock. Insert the key into the lock and turn clockwise to lock the door, and counter-clockwise to unlock.
- Ensure the door is fully closed before attempting to lock it.
- Keep spare keys in a secure location.

Organizing Contents:

- Utilize the internal shelves to organize items within each compartment.
- Use the card tag clips on each door to label the contents of the locker or assign it to a specific user.
- Distribute weight evenly across shelves and avoid exceeding the 55-pound weight limit per shelf.

Figure 4: Interior view of a single locker compartment, demonstrating storage capacity for personal belongings.

MAINTENANCE

Regular maintenance will help prolong the life and appearance of your Letaya locker.

- **Cleaning:** Wipe surfaces with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or solvents that may damage

the powder-coated finish.

- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Tighten if necessary.
- **Locks:** If locks become stiff, apply a small amount of graphite lubricant to the keyhole. Do not use oil-based lubricants.
- **Ventilation:** Ensure ventilation holes are not obstructed to maintain proper air circulation.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Door does not close or lock properly.	Misalignment, obstruction, or damaged lock mechanism.	Check for obstructions. Ensure the cabinet is on a level surface. Inspect the lock for damage. Re-align the door if possible.
Cabinet feels unstable or wobbly.	Uneven surface, loose connections, or improper assembly.	Place the cabinet on a level surface. Tighten all assembly screws and connections. Review assembly instructions to ensure all steps were followed correctly. Consider wall anchoring.
Key is difficult to turn in lock.	Dust or debris in the lock, or lack of lubrication.	Apply a small amount of graphite lubricant into the keyhole. Do not force the key.

SPECIFICATIONS

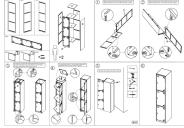

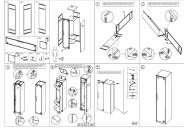

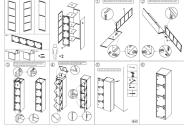

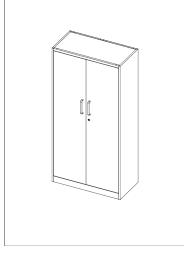

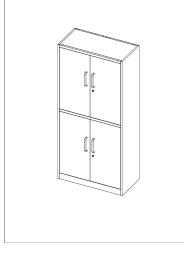

Attribute	Detail
Brand	Letaya
Model Name	metla locker (letaya)
